51. James W. Donchess 1984-

MAYOR JAMES W. DONCHESS

MAYORAL INAUGURAL REMARKS
January 3, 1988

It is a great honor and pleasure to be here today, and I am happy to see so many familiar faces before me.

First, on behalf of Vicki and I, I would like to thank the people of Nashua for their strong vote of confidence last November. I will continue to work hard to maintain your confidence, and I look forward to working together with our new Board of Aldermen to make Nashua an even better place to live.

Just this past week a fellow named Jim Balukevich came to visit me at my office. Jim lives in Washington, D.C., but grew up in Nashua. Jim graduated from Nashua High in the middle 1930's and played basketball and baseball with my wife Vickie's father, Joe Seriachick. In fact, they both grew up on High Street together. Although Jim has lived in the nation's capital for a long time, he told me he is very proud of his hometown and of what has been accomplished in Nashua since his youth.

And this made me feel proud because this is what being Mayor is all about. In many places in the country, people who come home can't say about their hometown what Jim said to me: "It should be our goal to make sure that in twenty years people pay Nashua the same compliment—that it is a better community than it is even today."

Former Speaker of the House Tip O'Neill was fond of saying that "All politics is local."

During the past three years, I've come to realize the special significance of this thought as we in Nashua address the challenges facing our city.

Speaker O'Neill's remark was intended to remind politicians in Washington that people care most about how the actions of government affect day to day life in local communities. Today, however, in New Hampshire, the Speaker's remark has taken on new meaning. In recent years our Federal and State Governments have provided little positive leadership. Successful local communities have been required to move on their own toward solutions to complex problems, even when those problems are not local in their origins.

The federal government has been paralyzed by its massive deficit. It's inability to address the deficit has rocked Wall Street and rendered Washington virtually a non-participant in the effort to forge solutions to problems affecting our daily lives.

In New Hampshire, Seabrook has had a similar effect on state government. This project, which should have been abandoned long ago, so dominates the state agenda that other challenges crucial to the future of New Hampshire go insufficiently addressed. As long as our State's leadership is so preoccupied with the mission of bringing this ill-fated project on line, important issues like education, affordable housing, growth-management, child care and even transportation will be all but ignored.

Therefore, in Nashua, not only is "all politics local", but so too must be much of the initiative and many of the ideas and the solutions to the problems we face. Those of us in local government must be creative and we must all work together to find the approaches which preserve the special quality of life our city enjoys.

We in Nashua have been fortunate and blessed. Our strong local economy has enabled us to build a community that has been called the best in the country to live in.

We have been able to make smart investments in Nashua's future. We must continue to do so. And I am proud of the many things we are doing to make Nashua even better.

In education, the coming year will see the opening of a new Junior High School, the initiation of public kindergarten and — I hope — progress in implementing the recommendation of the Math Task Force.

The new Junior High represents another important step in our commitment to provide the children of Nashua with first rate school facilities offering a positive environment for learning. Public kindergarten will give all Nashua's children a crucial early start in education. And

the report of the Math Task Force represents an innovative opportunity, initiated here on the local level, to strengthen our math curriculum so that Nashua children are better prepared to contribute and succeed in an increasingly competitive world.

Although much initiative and creativity must now come by necessity from local communities, no city or town is an island. There still should be a community of iterests among New Hampshire and all its cities and towns. No community can afford, nor should any community be asked, to go it entirely alone. One recent example: our state leadership advanced a formula for the distribution of General Educational Assistance—called Foundation Aid—which used to go to all cities and towns and that formula was adopted by the legislature. Under this new formula Nashua will receive no general education assistance—not one penny—starting this July. This is not right. It is not good policy. And it must be corrected.

In 1988 we must also continue to make progress in the area of traffic and road improvements. The spring will see the opening of the new Exit 8 of the F.E. Everett Turnpike. The city has complemented this project by expanding the intersection of Somerset Parkway and Amherst Street, without which the new exit would not bring meaningful traffic relief. In 1988, I am also determined to see progress by the state on the 101-A Alternate and our new Exit 1.

Locally, this year we will finish our study of the Broad Street Parkway—or Second Nashua River Crossing—a project necessary to divert the extraordinary traffic volumes on Main Street and Library Hill and solve our growing downtown traffic problem. In 1988 we must select a corridor—sensitive in scale to neighborhoods and the Millyard—and focus our energies on securing Federal and State funding assistance for this project. The initiative we have taken in planning another River Crossing has borne fruit as recent progress has been made in Washington. Senator Warren Rudman's efforts have secured a federal appropriation of a quarter million dollars to help fund further engineering and also an authorization for almost $8 million more.

Ongoing progress on the River Crossing is part and parcel of another community goal we must continue to pursue in the coming year: Downtown Revitalization. Because our downtown cannot survive if it is increasingly choked by traffic.

A new Nashua River Bridge is the one project that can work a long-lived improvement in our downtown traffic problem, so that traffic conditions, even twenty-five years from now, may be better than today.

If the bridge is not built, our study has already shown that the average evening travel time from City Hall to the top of Library Hill will quadruple within our lifetimes from seven to twenty-nine minutes. And, to cite another example, the wait at the intersection of Baldwin and Amherst Streets each morning will grow from about ten seconds now to more than a quarter hour.

Try and visualize what this would mean for our city. Are these conditions part of our vision for Nashua's future? I don't think so. Nor do I think our successors a quarter century from now will understand if we fail to act to prevent this forseeable disaster.

The positive product of leadership in the present will be a downtown whose beauty and character is preserved for posterity, one where our magnificent mill buildings have been successfully renovated for new and exciting uses, where our new superior courthouse anchors a revitalized downtown economy, and where city government, our downtown development corporation and the private sector have together fashioned a center city that will be a munument to our proud past and a harbinger of a vibrant future.

Perhaps our most formidible challenge in the coming months will be the vexing and intractable problem of affordable housing for our young families, our senior citizens and many others. The Housing Task Force I appointed a year ago has now finished its work, and produced a series of policy recommendations that deserve the serious attention of our entire community. There are no quick and easy solutions in this field. But we are not thereby relieved of our responsibility to try to make a difference.

I also want to see progress for Nashua in the field of Child Care. The City's new Office of Child Care Services is now staffed and has begun its work. Encouraging the creation of affordable child care options in the private sector is a legitimate and necessary role for government to play. And I am optimistic that we will be able to provide meaningful assistance for families and area businesses alike in the coming months.

As we seek to move ahead on these fronts and others, we must do so in the context of finite means. We have an eviable record of fiscal integrity here in Nashua, and that is a tradition we will preserve. We enjoy the lowest equalized tax rate of all of New Hampshire's thirteen cities, and I believe we must make the tough decisions that will enable us to hold onto this honor. Investments in Nashua's future must be smart ones; investments which are undertaken according to a well-planned set of priorities. I would ask all our newly elected officials, even those not directly accountable on budgetary issues, to bear this fiscal impreative in mind as you take up your duties.

Education, traffic, housing, downtown revitalization—all in a context of fiscal restraint. These are the issues we must address to keep our city vital and usher it safely into the 1990's and beyond.

It is an effort we must make together. I look forward to working with our new Board of Aldermen and all the newly elected Boards and Commissions that make up Nashua Municipal Government. After serving a term in the Mayor's Office, I appreciate more than ever the necessity of team work and communication among the component parts of city government.

We are all part of one city, and we work best for Nashua's future when we work together. We need always to remember that we are all Nashuans, engaged in what must be a common enterprise to make our community an even better place to live.

In preparing for today, I re-read President Kennedy's Inaugeral Address of a quarter century ago. He reminded us all that, here on earth, God's work must truly be our own. Today, in an era of federal cutbacks and state abdication, Nashua and other New Hampshire communities must be prepared to assume a level of responsibility greater than they have borne before. We must understand that more of the work will be our own. As local leaders, this challenge is ours to face. It is a challenge I welcome. Let us pick up the tools of government together, and go forward to build a future for Nashua of which and our children can be proud.

Thank you.

THOMAS B. KELLEY

1988-1989	Thomas B. Kelley

A MESSAGE FROM THE PRESIDENT OF THE BOARD OF ALDERMEN

The year 1988 began with the election of one new Alderman, James McNamee, Jr. from Ward Three, and the return of three former Aldermen, Victor C. DuVarney, Jr. who was elected At-Large, Steve Kuchinski from Ward Four and Donald J. Dyer from Ward Five. Thomas B. Kelley was returned to a third term as President of the Board of Aldermen and Thomas P. Magee was re-elected as Vice President.

In January the city participated with the private sector in the re-organization of the Arts and Science Center which was renamed the Nashua Center for the Arts.

The Nashua River Study was begun. Plans are now underway to evaluate the findings to determine the best possible route for another crossing over the Nashua River to alleviate the downtown traffic congestion.

The formation of the Downtown Development Association with seed money from the former Nashua Foundation has made an impact on the downtown. Major projects already started or on the drawing board include the renovation of the mill buildings into housing, the new county courthouse, the proposed projects for the former Sears block and the Nashua Trust Co. building across from City Hall, a medical building and parking garage on Prospect and Otterson Streets.

Alderman Victor DuVarney, Jr. was instrumental in the relocation of the Nashua/Boston Commuter Service to Garden Street to make the bus service more accessible to commuters and other passengers.

The area of day care is being addressed by the Planning and Economic Development Committee and will present the Board of Aldermen with a comprehensive ordinace to help fill this void in child care.

During the past year the renovated Mount Pleasant Elementary School was reopened and the new Pennichuck Junior High School will open in September on schedule. The renovations to the Community Services building were completed and the expansion of City Hall accomplished.

I would like to thank our Administrative Assistant Miss Bertha Landry and her associate Mrs. Heather Tuckfield for their very capable help and assistance to all the Members of the Board of Aldermen.

I would also thank the Board of Aldermen for their dedication and cooperation and look forward to a very productive term.

Respectfully submitted,

Thomas B. Kelley
President
Nashua Board of Aldermen

BOARD OF ALDERMEN
1987

First row, left to right:

Alderman-at-Large Philip J. Grandmaision; *Alderman-at-Large* Barbara B. Pressly; *Alderman-at-Large* Carl Andrade, President; *Mayor* James W. Donchess; *Alderman-at-Large* Thomas P. Magee, Vice President; *Alderman-at-Large* Edgar M. Lewis; *Alderman-at-Large* Thomas B. Kelley

Second row, left to right:

Ward Three Alderman Linda G. Willett; *Ward Four Alderman* Steve Kuchinski; *Legislative Assistant* Bertha A. Landry; *Ward One Alderman* Ann T. Ackerman; *Ward Eight Alderman* Michael A. Pignatelli; *Ward Seven Alderman* Adam C. Gureckis, Sr.

Third row, left to right:

City Clerk Eleanor A. Benson; *Ward Five Alderman* Manuel L. DeForte; *Ward Six Alderman* William C. Marcoux, Jr.; *Ward Two Alderman* Richard LaRose; *Corporation Counsel* Steven A. Bolton.

Missing from picture: *Ward Nine Alderman* Jerome S. Arcaro.

MUNICIPAL GOVERNMENT
1986-1987

MAYOR

Honorable James W. Donchess

REFERENDUM QUESTIONS										
QUESTION # 1: Shall the City of Nashua adopt the provisions of RSA 72:62 for an annual property tax exemption on real property equipped with a solar energy heating or cooling system which exemption shall be equal to the one hundred percent of the valuation of the solar heating or cooling system up to a maximum of $5,000.00 valuation?										
YES	586	489	406	218	530	482	323	383	406	3,823
NO	589	490	412	209	499	526	377	328	383	3,813
QUESTION # 2: Do you favor changing the zoning on the remainder of a parcel of land on Amherst Street, known as the Kessler Farm, from general business to park industrial as recommended by the Nashua Master Plan in order to prevent the development of a shopping mall or other commercial use on that parcel?										
YES	748	685	561	247	629	403	411	483	495	4,662
NO	513	419	355	242	482	490	364	322	341	3,528

SPECIAL ELECTION - JANUARY 12, 1988

AUDITORS' OPINION

To the Honorable Mayor and Board of Aldermen
City of Nashua, New Hampshire

We have examined the general purpose financial statements of the City of Nashua, New Hampshire, as of and for the year ended June 30, 1988, as listed in the table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

The general purpose financial statements referred to above do not include the financial statements of the General Fixed Assets Account Group and School Student Activities Agency Fund which should be included to conform with generally accepted accounting principles. The Student Activities Agency Fund has estimated assets and liabilities of $183,723 at June 30, 1988. The amount that should be recorded in the General Fixed Assets Account Group is not known.

Budgetary control over certain grants accounted for as Special Revenue Funds are maintained on the basis of fiscal periods of the grants. Accordingly, the Statement of Revenues, Expenditures and Changes in Fund Balance - Budget and Actual does not include Special Revenue Funds as required by generally accepted accounting principles.

As described in note 1, the City does not record the current and long-term costs associated with accrued vacation and sick leave benefits for the Police Department. The amount that should be recorded is not known.

In our opinion, except for the effects of the adjustments, if any, on the financial statements described in paragraphs three and four and the omission of the financial statements described in paragraph two, the general purpose financial statements referred to above present fairly the financial position of the City of Nashua, New Hampshire at June 30, 1988, and the results of operations and changes in financial position for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the City of Nashua, New Hampshire. Such information has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

Carey, Jackson & Chukay, PC

September 9, 1988

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS
June 30, 1988

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The City of Nashua, New Hampshire was incorporated in 1853 under the laws of the State of New Hampshire. The City operates under the Board of Aldermen - Mayor form of government, and provides services as authorized by its charter.

The accounting policies of the City of Nashua, New Hampshire conform to generally accepted accounting principles for local governmental units, except as indicated hereinafter. The following is a summary of significant accounting policies.

A. BASIS OF PRESENTATION - FUND ACCOUNTING

The accounts of the City are organized on the basis of funds or account groups, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund balances, revenues, and expenditures. The various funds are summarized by type in the financial statements. The following fund types and account groups are used by the City:

GOVERNMENTAL FUND TYPES

Governmental Funds are those through which most governmental functions of the City are financed. The acquisition, use and balances of the City's expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than on net income determination. The following are the City's governmental fund types:

GENERAL FUND - The General Fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

SPECIAL REVENUE FUNDS - Special Revenue Funds are used to account for specific restricted revenues and expenditures.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. BASIS OF PRESENTATION - FUND ACCOUNTING (CONTINUED)

GOVERNMENTAL FUND TYPES (CONTINUED)

CAPITAL PROJECTS FUNDS - Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

FIDUCIARY FUND TYPES

Fiduciary Funds are used to account for assets held by the City in a trustee capacity or as an agent for individuals and other governmental units, and/or other funds.

TRUST FUNDS - Trust Funds include expendable and non-expendable funds. Non-expendable funds are accounted for and reported as proprietary type funds since capital maintenance is critical. Expendable Trust Funds (Capital Reserve Funds) are recorded as governmental type funds.

ACCOUNT GROUPS

GENERAL FIXED ASSET ACCOUNT GROUP - The City does not record the acquisition of fixed assets in the General Fixed Asset Account Group as required by generally accepted accounting principles. Fixed assets acquired or constructed for general government services are recorded as expenditures in the fund making the expenditures. Funds used to acquire general fixed assets and/or debt service payments on borrowings in connection therewith, are accounted for as expenditures in the year payments are made.

GENERAL LONG-TERM OBLIGATION ACCOUNT GROUP - This group of accounts is established to account for all unmatured long-term general obligations bonds payable, conditional purchase contracts and accrued compensated absences.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

B. BASIS OF ACCOUNTING

The modified accrual basis of accounting is followed by the governmental funds. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual, i.e. both measurable and available. Available means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long-term debt, are recorded when the liability is incurred, if measurable.

In applying the susceptible to accrual concept to intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of revenues. In one, monies must be expended on the specific purpose or project before any amounts will be paid to the City; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the susceptible to accrual criteria is met.

Licenses and permits, charges for services, and miscellaneous revenues (except investment earnings) are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are measurable and available.

The accrual basis of accounting is used by fiduciary fund types.

During the course of normal operations, the City has numerous transactions between funds, including expenditures and transfers of resources to provide services, construct assets, and service debt. The accompanying governmental and fiduciary funds statements reflect such transactions as transfers.

The City follows the policy of recording property tax revenue in accordance with Interpretation 3 of the Governmental Accounting Standards Board.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 1--SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

C. ENCUMBRANCES

Encumbrances are unfilled purchase orders, contracts and other commitments for the expenditure of City resources. Encumbrances outstanding at June 30, 1988 are reported as a reservation of fund balance, since they do not constitute expenditures or liabilities.

D. ACCRUED VACATION AND SICK LEAVE

Employees earn vacation and sick leave as they provide services. Pursuant to certain collective bargaining agreements, employees may accumulate (subject to certain limitations) unused sick pay earned and, upon retirement, termination or death may be compensated for such amounts at current rates of pay.

The amount of sick leave and vacation expected to be paid within the next year is recorded as a current liability in the general fund. The long-term portion of accrued vacation and sick leave benefits is included in the General Long-Term Obligation Group of Accounts.

The current liability described above does not include the accumulated sick leave and vacation benefits relating to the City of Nashua Police Department as the information necessary has not been made available to the City.

E. TOTAL COLUMNS ON COMBINED FINANCIAL STATEMENTS

Total columns on the combined statements are captioned "Memorandum Only" to indicate that they are presented only to facilitate financial analysis. Data in these columns do not present financial position, results of operations, or changes in financial position in conformity with generally accepted accounting principles.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 2--BUDGETARY ACCOUNTING

Amounts recorded as budgetary amounts in the Statement of Revenues and Expenditures - Budget and Actual for the General Fund (Exhibit C) are presented on the basis budgeted by the City. The amounts differ from those reported in conformity with generally accepted accounting principles in the Statement of Revenues, Expenditures and Changes in Fund Balance for All Governmental and Fiduciary Fund Types (Exhibit B) as follows:

Revenues and Other Financing Sources:	
Per Exhibit C	$83,651,166
Adjustments:	
Application of GASB Interpretation 3 - Net	(537,065)
Proceeds of conditional purchase contract financing	27,259
Per Exhibit B	$83,141,360

Expenditures:	
Per Exhibit C	$82,573,113
Adjustments:	
Encumbrances - June 30, 1987	701,759
Encumbrances - June 30, 1988	(416,334)
Capital Outlay financed through conditional purchase contracts	27,259
Per Exhibit B	$82,885,797

The revised budget represents adjusted departmental appropriations as authorized by the Board of Aldermen. The associate finance officer may transfer funds between operating categories within departmental budgets. The Board of Aldermen may make supplemental appropriations from fund balance or transfer funds between departments as they deem appropriate.

The adjustments for conditional purchase contract purchases and related financing are required as the City budgets these amounts as expenditures as the payments are made.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 3--PROPERTY TAXES

The City's property tax was levied November 1 on the assessed valuation listed as of the prior April 1 for all real property located within City boundaries. The net assessed valuation as of April 1, 1987, upon which the 1987/1988 property tax levy was based, was $2,089,387,100. The equalized valuation as computed by the State of New Hampshire was $4,411,007,637 for 1987 resulting in an assessment ratio of 47% of equalized valuation.

Taxes are due in two installments on June 1 and December 1, with interest assessed thereafter on the unpaid balance. Taxes due after December 1 accrue interest at 12% per annum. As prescribed by state law, the tax collector shall place a priority lien on properties for which taxes remain unpaid in the following year after taxes are due. The City, in addition to its priority tax lien, accrues interest at 18% per annum on outstanding balances due. If the property taxes and accrued interest are not paid within a two year period, the property is deeded to the City.

Semi-annual property tax payments for the June, 1988 levy received prior to June 30, 1988 and property taxes not received within the sixty day recognition period (GASB Interpretation 3) have been recorded as deferred tax revenues (See Note 10).

NOTE 4--CASH AND INVESTMENTS

The City's investment policy for Governmental Fund Types requires that deposits and investments be made in New Hampshire based institutions that are insured by the Federal Deposit Insurance Corporation and Federal Savings and Loan Insurance Corporation. The City limits its investments to money market accounts and certificates of deposit in accordance with New Hampshire state law (RSA 41:29). Investments for Non-expendable and Pension Trust Funds are at the discretion of the various boards of trustees.

At year end, the carrying amount of the City's deposits was $2,288,653 and the bank balance was $2,925,898. Of the bank balance, $490,985 was covered by federal depository insurance and $2,434,913 was uninsured and uncollateralized.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 4--CASH AND INVESTMENTS (CONTINUED)

The carrying amount and bank balance of the City's investments at year end was $45,425,241. Of the bank balance, $1,271,277 was covered by federal depository insurance and $44,153,964 was uninsured and uncollateralized.

Investments outstanding at year end are owned by the various Non-expendable Trust Funds and include investments classified by credit risk as uninsured and unregistered for which the securities are held by the financial institutions trust department or agent in the City's name. These investments consist of the following types:

Investment	Carrying Value	Market Value
U.S. Government Obligations	$1,466,011	$1,514,587
Corporate Stocks	1,062,686	1,943,131
Corporate Bonds	492,227	496,145
	$3,020,924	$3,953,863

The other investments owned by the Non-expendable and Pension Trust Funds consist solely of investments in mutual funds. At year end the carrying value and market value of these investments was $3,173,586.

RESTRICTED CASH

Of the City's total cash and investments, $2,875,778 represents unexpended bond proceeds restricted for use on specific projects for which the debt was raised. These funds are not available for the general operations of the City.

NOTE 5--RECEIVABLES

Taxes receivable are as follows at June 30, 1988:

Property Taxes	$2,400,840
Tax Liens	708,683
	$3,109,523

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 5--RECEIVABLES (CONTINUED)

Other receivables, net of reserves, are as follows:

	Gross Receivable	Reserve	Net Receivable
Accounts Receivable:			
Sewer assessments	$262,756	$(262,756)	
Mortgage receivable	122,328	(122,328)	
Interest receivable	252,595		$252,595
Other receivables	244,090		244,090
	$881,769	$(385,084)	$496,685

The City's policy is to reserve sewer assessments receivables and mortgage receivable until collected.

NOTE 6--LOANS RECEIVABLE

The City, through a Housing Development Grant, extended a $1,815,499 loan to Nashua Plaza Housing Associates for the development of rental apartments. The balance of grant funds $3,186,404, are expected to be loaned during the 1988-89 fiscal year. The loan is secured by a second mortgage on the project property. The loan is interest free and will be repaid to the City once the project developer has secured permanent financing.

NOTE 7--INTERFUND BALANCES

Individual interfund receivable and payable balances at June 30, 1988 are as follows:

Fund	Interfund Receivables	Interfund Payables
GENERAL FUND:		
Special Revenue Funds:		
School cafeteria	$ 26,642	
School grants	145,623	
Community development grants	23,448	
Mass transit grants	43,858	
Other	48,810

NOTE 8--LONG-TERM DEBT

The following is a summary of debt transactions of the City for the year ended June 30, 1988:

General obligation bonds at July 1, 1987	$32,630,000
Bonds issued	-0-
Bonds retired	(3,540,000)
General obligation bonds at June 30, 1988	$29,090,000

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 8--LONG-TERM DEBT (CONTINUED)

General obligation bonds payable at June 30, 1988 are comprised of the following:

School	$17,440,000
Sewers	5,190,000
Fiscal year change	1,525,000
Parking garage	2,975,000
Other	1,960,000
	$29,090,000

The general obligation bonds bear interest rates ranging from 3.85% to 10.25% at June 30, 1988.

The annual requirements to amortize general obligation bonds outstanding as of June 30, 1988 are as follows:

	Principal	Interest	Total
1989	$3,440,000	$1,891,990	$5,331,990
1990	3,390,000	1,675,806	5,065,806
1991	3,295,000	1,460,701	4,755,701
1992	3,210,000	1,255,092	4,465,092
1993	2,720,000	1,056,293	3,776,293
1994 - 1998	6,035,000	3,645,293	9,680,293
1999 - 2003	4,220,000	1,891,355	6,111,355
2004 - 2008	2,780,000	402,700	3,182,700
	$29,090,000	$13,279,230	$42,369,230

The City is subject to state statute which limits debt outstanding to a percentage (depending on how funds will be used) of the state's equalized valuation calculation. Debt incurred for sewer expansion and fiscal year change bonds are not in the limitation calculation. The following is a summary, by purpose, of the outstanding debt of the City at June 30, 1988 and related limitations.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 8--LONG-TERM DEBT (CONTINUED)

	Net Debt Outstanding	Percent of Assessed Value for Debt Limit, $4,722,786,180	Statutory Limit	Available Debt Margin
School	$17,440,000	6%	$283,367,171	$265,927,171
All other	4,935,000	2%	94,455,724	89,520,724
Fiscal year Change bonds	1,525,000			
Sewer bonds	5,190,000			
	$29,090,000			

The general obligation debt of the City of Nashua and its proportional share of Hillsborough County debt (based on its equalized valuation to the total county equalized valuation) which must be borne by property taxes levied on properties located within the City (commonly called overlapping debt) is summarized as follows:

Government	Net Debt Outstanding	Percentage Applicable to the City	Total Debt
City	$29,090,000	100%	$29,090,000
Hillsborough County	22,265,000	25.25%	5,621,913
Total	$51,355,000		$34,711,913

The above results in per capita City debt of $363; per capita total debt of $434; and a ratio of total overlapping debt to June 30, 1988 assessment valuation of 1.66%.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 9--BOND ANTICIPATION NOTES

The City issued Bond Anticipation Notes in the amount of $6,350,000 for sewer plant construction and $1,650,000 for road improvements. These notes carry an interest rate of 5.0% to 5.96% with the current series due December 16, 1988. These notes are reported as fund liabilities of the Capital Projects Funds. The City plans to convert these notes to general obligation debt during the 1989-90 fiscal year. Interest expense of $207,657 on these borrowings has been accrued in the Capital Projects Funds. Generally accepted accounting principles require that the interest be capitalized in the applicable project.

NOTE 10--BONDS AUTHORIZED AND UNISSUED

As of June 30, 1988, the City has authorized and unissued debt of $10,800,000 for secondary sewerage treatment plant construction and $1,650,000 for road improvements. In conjunction with the sewer authorization above, $5,000,000 of short-term federal aid anticipation notes were also authorized. As described in Note 8 above, bond anticipation notes were issued during the year in the amount of $6,350,000 for sewer plant construction and $1,650,000 for road improvements.

NOTE 11--CONDITIONAL PURCHASE CONTRACTS

The following is a summary of conditional purchase agreement transactions for the year ended June 30, 1988:

Conditional purchase contracts July 1, 1987	$698,473
Additions	27,259
	725,732
Payments	(185,426)
Conditional purchase contracts June 30, 1988	$540,304

The conditional purchase contracts represent lease agreements or installment purchase contracts entered into for the financing of equipment acquisitions. These contracts are subject to cancellation should the Board of Aldermen fail to appropriate funds to meet the payment obligations.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 12--DEFERRED REVENUE

GENERAL FUND

Deferred revenue at June 30, 1988 is comprised of the following:

Semi-Annual tax warrant due July 1, 1988	$30,515,877
Application of GASB Interpretation 3	537,065
Other taxes collected in advance	16,581
	$31,069,523

SPECIAL REVENUE FUNDS

The City, in connection with a grant from the Department of Housing and Urban Development, has received and loaned grant funds for a redevelopment project in the amount of $1,815,499. It is the City's policy to record these amounts as deferred revenue until such time the loan is repaid.

NOTE 13--GENERAL FUND - DESIGNATED FUND BALANCE

DESIGNATED FOR SUBSEQUENT YEARS' EXPENDITURES

Appropriations for certain projects and specific budget items not fully expended at year end are carried forward as continuing appropriations to the next year, in which they supplement that year's appropriations. At year end, continuing appropriations are reported as a component of fund balance and are detailed as follows:

General government	$98,428
Public safety	29,111
Highways and streets	28,651
Culture and recreation	27,000
Insurance and pensions	273,500
Miscellaneous	9,800
Roadway savings fund	31,250
Capital outlay	876,563
	$1,374,303

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 14--DEFICIT FUND BALANCES - CAPITAL PROJECTS

As of June 30, 1988 the following individual funds were in a deficit position.

Secondary Treatment Fund	$652,941
Secondary Treatment III Fund	$2,734,095
Somerset-Amherst Parkway Fund	$816,276

The deficits listed above are the result of a timing difference as project expenditures were made prior to the securing of permanent financing.

NOTE 15--PENSION PLANS

All City employees, except for Board of Public Works employees,are covered under provisions of the New Hampshire Retirement System, or a predecessor system, which is administered by the State of New Hampshire. It requires that both the City and employees contribute to the plan and provides retirement, disability and death benefits. Employees are eligible for normal retirement after reaching age fifty-five, provided they have accumulated ten years of creditable service. Post-retirement health benefits are available through the City or the plan at full cost to the retired employee.

Covered wages paid under this plan for the year ended June 30, 1988 were $39,457,029. Total wages paid to all City employees, including covered wages were $48,698,306. Employee contributions to the plan were $2,303,576, or 5.8% of covered wages. The City's contribution was $1,156,581, 2.9% of covered wages.

As of June 30, 1988, the unfunded accrued liability is not available. Cost of living increases to retirees are being funded by the City on a percentage reimbursement basis to the retirement system. Actuarially determined vested and non-vested benefits have not been calculated for the City's portion of the plan. Annual cost including amortization of prior service costs are being funded over a twenty year period.

Additional disclosures required by Statement No. 36 of the Financial Accounting Standards Board have not been made as the information is not available.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 15--PENSION PLANS (CONTINUED)

The Board of Public Works Employees' Retirement System is a contributory defined benefit plan with the City matching employee contributions to the plan. Participation in the plan is compulsory for all employees hired by the public works department. The City's contribution amounted to $346,748 for the year ended June 30, 1988. Following is a summary of plan benefits and asset information.

Actuarial present value of accumulated plan benefits:

Vested	$3,994,835
Non-Vested	361,134
	$4,355,969
Net assets available for benefits	$3,674,683

An assumed annual rate of return of 8% was used to determine the actuarial present value of both vested and non-vested benefits. The actuarial information was computed as of January 1, 1986, the date of the most recent valuation. Employee contributions have been 8% since June 30, 1981. Plan assets are reported as a trust fund in these financial statements.

The City sponsors a voluntary deferred compensation plan under Section 457 of the Internal Revenue Code. Under the plan, employees may elect to defer a percentage of their salary up to prescribed limitations. The City does not contribute to this plan. Employees are eligible to receive benefit payments at retirement, upon termination of employment, or in the event of disability. Plan assets, which remain the property of the City until paid or made available to the employee, are reported as an agency fund in these financial statements.

CITY OF NASHUA, NEW HAMPSHIRE

NOTES TO FINANCIAL STATEMENTS (CONTINUED)
June 30, 1988

NOTE 16--COMMITMENTS AND CONTINGENCIES

A. LITIGATION

There are various claims and suits pending against the City which arise in the normal course of the City's activities. In the opinion of legal counsel and City management, the ultimate disposition of these various claims and suits will not have a material effect on the financial position of the City.

B. INSURANCE

The City is self-insured with respect to Worker's Compensation Insurance. The first $250,000 of claims per person per accident is paid by the City. Any additional per person per accident claims are insured up to $5,000,000 by insurance carriers.

The first $700,000 of aggregate liability claims is paid by the City. Any additional aggregate claims are insured up to $2,000,000.

The City has established a self-insurance fund for the purpose of funding long-term disability payments and provides a financial reserve for outstanding claims. The fund is funded applying the unexpended balances of Worker's Compensation appropriation accounts and appropriations recommended by the Mayor and approved by the Board of Aldermen.

This fund is reported as a special revenue fund in these financial statements. The City transferred $84,492 of unexpended appropriations to this fund for the year ended June 30, 1988.

The City does not have a "blanket coverage" policy that extends the liability limits of underlying policies.

C. OTHER CONTINGENCIES

The City participates in a number of federally assisted grant programs. These programs are subject to financial and compliance audits by the grantors or their representatives. The amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time, although the City expects such amounts, if any, to be immaterial.

AUDITORS' REPORT ON SUPPLEMENTARY INFORMATION
SCHEDULE OF FEDERAL FINANCIAL ASSISTANCE

Honorable Mayor and Board of Aldermen
City of Nashua, New Hampshire

We have examined the general purpose financial statements of the City of Nashua, New Hampshire for the year ended June 30, 1988, and have issued our report thereon dated September 9, 1988. Our examination was made in accordance with generally accepted auditing standards and the standards for financial and compliance audits contained in the Standards for Audit of Governmental Organizations, Programs, Activities and Functions, issued by the U.S. General Accounting Office, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

Our examination was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The accompanying Schedule of Federal Financial Assistance is presented for purposes of additional analysis and is not a required part of the general purpose financial statements. The information in that schedule has been subjected to the auditing procedures applied in the examination of the general purpose financial statements and, in our opinion, is fairly stated in all material respects in relation to the general purpose financial statements taken as a whole.

AUTHORIZING A LONG-TERM LEASE OF CITY-OWNED PARKING SPACES TO THE NASHUA PLAZA HOUSING ASSOCIATES

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that the Mayor is authorized to enter into on behalf of the City of Nashua a lease of City-owned parking spaces to the Nashua Plaza Housing Associates for an extended term to be negotiated.

Passed July 14, 1987
Carl Andrade, President
Approved July 14, 1987
James W. Donchess, Mayor
A true copy attest Patricia E. Lucier, Deputy City Clerk

PARKING AGREEMENT

THIS AGREEMENT dated as of the _____ day of June, 1987 by and between THE CITY OF NASHUA, a municipal corporation existing under the laws of the State of New Hampshire having an office for the conduct of business at 229 Main Street, Nashua, New Hampshire (the "City") and NASHUA PLAZA HOUSING ASSOCIATES, a New Hampshire limited partnership with a principle place of business located at One Devonshire Place, Suite 1013, Boston, Massachusetts 02109 ("Nashua Plaza").

WHEREAS, Nashua Plaza is the owner of certain premises located in a district currently zoned for industrial use in the City of Nashua, New Hampshire, now known and numbered 85 Factory Street; and

WHEREAS, Nashua Plaza obtained a use variance from the Zoning Board of Appeals for the City of Nashua to enable Nashua Plaza to convert 85 Factory Street to residential use, upon the condition that Nashua Plaza obtain, by lease or otherwise, a minimum of 118 off-

site parking spaces for use in connection with 85 Factory Street (the "Variance Conditions"); and

WHEREAS, Nashua Plaza wishes to obtain the right to use certain parking spaces in the municipal parking lot located off Water Street for Nashua Plaza's exclusive use, and certain other parking spaces, for use in common with others entitled thereto, in the municipal garages known as the Elm Street and High Street garages, all owned by the City and located in the City of Nashua; and

WHEREAS, the City is desirous of furnishing the same to Nashua Plaza upon ther terms and conditions set forth herein.

NOW, THEREFORE, in consideration of the mutual covenants and agreements herein contained, the parties agree as follows:

Section 1 — Contract for Parking Spaces. The City agrees to provide to Nashua Plaza for the parking fees, for the term and upon the other conditions herein: (a) 48 parking spaces in the municipal parking lot located off Water Street in the City of Nashua known as the "Riverside Lot", for Nashua Plaza's sole and exclusive use, which spaces are located at the westerly end of said Riverside Lot and are more particularly described in Exhibit A attached hereto (the "Riverside Spaces"); (b) the right to use, in common with others entitled thereto, 55 parking spaces in the municipal garage located at ____ High Street in the City of Nashua (the "High Street Spaces"); and (c) the right to use, in common with others entitled thereto, 15 spaces in the municipal garage located at ____ Elm Street in the City of Nashua (the "Elm Street Spaces"). The Riverside Spaces, the High Street Spaces and the Elm Street Spaces are hereinafter collectively referred to as the "Parking Spaces".

Section 2 — Term. The original term of this Agreement shall be for a period of ten (10) years beginning the date that a Certificate of Occupancy has been duly issued by the City of Nashua for the first residential unit at 85 Factory Street (the "Commencement Date") and ending ten (10) years from the Commencement Date unless sooner terminated or extended pursuant to the provisions of this Agreement.

Section 3 — Options to Extend. Nashua Plaza, at its option shall be entitled to extend this Agreement for three (3) additional terms of five (5) years each to be exercised separately, each such extension to be upon the same terms, covenants and conditions of this Agreement. Unless Nashua Plaza shall gave given the City at least forty-five (45) days' notice that it will not extend this Agreement at its expiration or at the expiration of any extension period herein referred to, except the last extension period, it shall be considered as having elected to avail itself of the option from term to term, without further notice to the City.

Section 4 — Parking Fees. Nashua Plaza convenants and agrees to pay to the City monthly parking fees for the Parking Spaces during the original term and any extended term of this Agreement as follows:

(a) The parking fee for the High Street Spaces and Elm Street Spaces shall be the product of (1) number of spaces leased hereunder times (2) 100% of the parking fee for the City of Nashua parking garages established by the City of Nashua pursuant to Title 12, Chapter 9, Section 957 of the Nashua Revised Ordiances, or any similar successor ordinance, as such parking fee may be amended from time to time (the "City Parking Fee").

(b) The parking fee for the Riverside Spaces shall be the product of (1) 48 times (2) 100% of the City Parking Fee.

(c) Nashua Plaza's obligation to pay the parking fee for all of the Riverside Spaces shall commence on the Commencement Date.

(d) Nashua Plaza's obligation to pay the parking fees for the High Street Spaces and Elm Street Spaces shall commence on a staggered basis, forty-five (45) days from the date of Nashua Plaza's notice to the City of Nashua Plaza's need for such individual spaces, it being the parties' understanding that the Nashua Plaza will not require all 70 spaces at the commencement of the term of this Agreement; however, said notice shall be deemed to have been given in

accordance with this subsection, and Nashua Plaza shall become obligated to pay the parking fee for the High Street spaces and the Elm Street spaces in accordance with this subsection on the earlier of the following dates: (1) six (6) months from the Commencement Date, or (2) the date of actual notice in accordance with this subsection.

(e) All parking fees shall be paid monthly in advance on the first day of each month throughout the term of this Agreement and at a prorated rate for fractions of a month if the term for any part of the Parking Spaces shall commence on any day other than the first day of the month or terminate on any day other than the last day of the month.

Section 5 — Maintenance and Repairs.

(a) The City agrees to keep in good order, condition and repair, in the same manner as other municipal garages, the municipal garages in which the Elm Street Sapces and High Street Sapces are located. Nashua Plaza shall have no obligation with respect to maintenance of such municipal garages, nor have any obligation to contribute to the costs of such maintenance, except for Nashua Plaza's obligation to pay the parking fees set forth in Section 4 of this Agreement.

(b) The City shall, at all times during the term of this Agreement, at its own cost and expense, keep, repair and maintain the Riverside Spaces and the roadway bisecting the Riverside Lot in good order and in a clean, sanitary, healthful and safe condition, in the same manner as other municipal roadways and parking lots, including, but not limited to, maintaining and repairing all paved surfaces, removal of dirt, snow and ice from the Riverside Spaces and said roadway, striping and illumination. Nashua Plaza shall have the right, at its sole expense, to plow snow from the Riverside Spaces and roadway at such times as it may desire to provide Nashua Plaza's lessees and employees access to and from the Riverside Spaces. Such plowing by Nashua Plaza shall not, however, relieve the City from the City's obligations referred to above. Nashua Plaza shall be solely responsible for any such snowplowing operations it elects to perform, and shall hold the City harmless and indemnify it in accordance with Section 14 of this Agreement on account of injury to any person or damage to the property of any person, including that of the City, arising out of or resulting from any such snowplowing.

(c) Upon first obtaining the prior written consent of the City, which consent shall not be unreasonably withheld or delayed, Nashua Plaza shall have the right, but not the obligation, to reconfigure the size and location of individual parking spaces comprising the Riverside Spaces and make any improvements required by Nashua Plaza's insurance carrier, provided the same shall be made at Nashua Plaza's sole cost and expense and in compliance with all local ordinances, rules and regulations. In the event Nashua Plaza's reconfiguration of the Riverside Spaces results in the creation of more than 48 parking spaces the parking fees due hereunder shall continue to be based upon 48 parking spaces rather than any increased number of parking spaces. Nashua Plaza shall be solely responsible for any such approved reconfiguration it elects to perform, and shall hold the City harmless and indemnify it in accordance with Section 14 of this Agreement on account of injury to any person or damage to the property of any person, including that of the City, arising out of or resulting from any such reconfiguration.

Section 6 — Taxes. Nashua Plaza shall pay all taxes, rates, levies, duties, assessments or other governmental charges which may be lawfully charged against the Parking Spaces.

Section 7 — Insurance. Nashua Plaza shall endeavor to obtain and maintain in effect general liability insurance with respect to the Parking spaces, or its use, or use by its tenants thereof pursuant to the existence of this Agreement. It is expressly understood and agreed that Nashua Plaza shall not be deemed in breach of this Agreement if such insurance coverage is not obtainable at reasonable rates and terms, or if Nashua Plaza is otherwise precluded from otaining or maintaining such insurance coverage.

Section 8 — Use of Parking Spaces.

(a) The Parking Spaces are to be utilized for the parking of motor vehicle s belonging to Nashua Plaza, its employees and the residents of 85 Factory Street only.

(b) In its use of the Parking Spaces, Nashua Plaza shall comply with all statutes, ordinances, regulations applicable to the use thereof, and with respect the Elm Street Spaces and High Street Spaces, all reasonable rules imposed upon all users of the municipal garages in which such spaces are located.

(c) Upon first obtaining the prior written consent of the City, which consent shall not be unreasonably withheld or delayed, Nashua Plaza may have the privilege of placing on or about the Riverside Spaces such signs as it may deem necessary pertaining to parking, at Nashua Plaza's sole cost and expense, provided Nashua Plaza shall be solely responsible for their maintenance, and provided further that Nashua Plaza shall comply with all local ordinances, rules and regulations relating thereto. Further, Nashua Plaza may post and enforce rules for use of the Riverside Spaces so long as said rules have been approved in writing in advance by the City, which approval shall not be unreasonably withheld or delayed. Nashua Plaza shall be solely responsible for any such signs and/or rules and shall hold the City harmless and indemnify it in accordance with Section 14 of this Agreement on account of injury to any person or damage to the property of any person, including that of the City, arising out of or resulting from any such signage or rules.

Section 9 — Default by Nashua Plaza. In the event (1) any installment of monthly parking fees required hereunder shall not be paid after ten (10) days written notice to Nashua Plaza of Nashua Plaza's failure to pay when due; or (2) Nashua Plaza defaults in the performance or observance of any other covenant or condition in this Agreement and such default remains unremedied for thirty (30) days after written notice thereof has been given to Nashua Plaza, or if more than thirty (30) days shall be required to cure a default because of the nature of the default if Nashua Plaza shall fail within said thirty (30) day period to commence and thereafter proceed diligently to cure such default, then the City may terminate this Agreement and there shall be no further obligations between the parties except for the payment for arrears of parking fees and other sums incurred by the City pursuant to the terms of this Agreement.

Section 10 — Nashua Plaza's Termination Rights. Nashua Plaza may at any time, or from time to time, as the case may be, terminate its rights to all or any portion of the Parking Spaces upon forty-five (45) days written notice to the City. In the event Nashua Plaza terminates its rights to use only a portion of the Parking Spaces this Agreement shall continue in full force and effect with respect to the balance of the Parking Spaces. In such case, Nashua Plaza shall, upon its initiative and at its expense, obtain sufficient parking spaces in other locations in order to comply with and remain in compliance with the Variance Condition at all times which the Variance Condition shall remain in effect. Once Nashua Plaza has terminated this Agreement with respect to any of the Parking Spaces it shall have no further right to the use of said spaces pursuant to this Agreement.

Section 11 — Option to Use 10 Additional Spaces. Nashua Plaza shall have the option to contract for the non-exclusive use of ten (10) additional parking spaces at any time during the original or extended term(s) of this Agreement upon the same terms and conditions of this Agreement by giving forty-five (45) days' written notice to the City. Such additional parking spaces shall be located at any one of the three locations comprising the Parking Spaces, or any combination of the same, to be designated by the City based upon availability of parking spaces at such locations at such time.

Section 12 — The City's Obligation to Provide Substitute Parking. In the event the City is precluded from providing to Nashua Plaza the Parking Spaces or any portion thereof for any reason including, but not limited to, fire, casualty, eminent domain, forclosure or effectuation of a voluntary redevelopment plan by the City of Nashua, then the City shall use its best efforts to immediately provide to Nashua Plaza substitute parking of comparable quality located at least within 1,000 feet from the property line of 85 Factory Street on the

same terms and conditions of this Agreement. The City represents that Nashua Plaza will not be displaced from the Riverside Spaces unless and until said displacement is reasonably required by the occurrence of any of the vents or implementation of any of the plans described in this Section 12. Any displacement of Nashua Plaza by the City as described in this Section 12 shall not constitute a breach of this Agreement by the City.

Section 13 — Enforcement of Variance Condition. In the event the City, after using its best efforts, fails to provide substitute parking to Nashua Plaza pursuant to Section 12 herein and Nashua Plaza is thereby precluded from complying with the Variance Condition, the City agrees not to take any action to enforce the Variance Condition and not to withdraw Nashua Plaza's certificate of occupancy relating to 85 Factory Street on account of noncompliance with the variance Condition for so long as Nashua Plaza makes diligent and continuous efforts to obtain substitute parking sufficient to satisfy the Variance Condition on its own behalf, but in no case for longer than a period of twelve (12) months.

Section 14 — Indemnification. Nashua Plaza agrees to indemnify and save the City harmless from any and all claims and causes of action arising from or relating to any act, omission or negligence of Nashua Plaza, or Nashua Plaza's agents, employees, invitees, licensees, subtenants, contractors or guests asserted by any person(s) or corporation(s), including the City, on account of any injury or damage to persons or property, or interference with business activities, or on account of the existence of this Agreement, suffered after the Commencement Date, excluding, however, injury or damage arising out of the negligence (or contributory negligence) solely attributable to the City, its agents, employees, invitees, licensees, subtenants, contractors or guests. This indemnity and hold harmless agreement shall include indemnity against all costs and liabilities incurred in connection with any such claim or cause of action or the defense thereof. This indemnity and hold harmless agreement shall in no way serve to diminish the City's obligations to maintain and repair pursuant to Paragraph 5(b) herein. This indemnity agreement shall be construed to be a binding New Hampshire contract between the parties, their successors or assigns, which shall survive the termination or expiration of this Agreement.

Section 15 — Assignment. Nashua Plaza shall not assign the whole or any part of the Parking Spaces or the rights conferred hereunder without the City's prior written consent except as follows:

(a) Nashua Plaza shall have the right to assign this Agreement for the same purposes as provided herein to any successor in title to 85 Factory Street without the City's prior written consent.

(b) Nashua Plaza shall have the right to assign the use of individual Parking Spaces, whether such spaces are exclusively for the use of Nashua Plaza or used in common with others, to its employees and residents of 85 Factory Street without the City's prior written consent; however, any such assignment shall not affect the relationship between the parties or the obligations thereof, one to the other, and of their successors and assigns, pursuant to this Agreement.

Section 16 — No Broker. Each party represents and warrants to the other that no broker brought about this Agreement or was involved in the negotiations thereof.

Section 17 — Security Deposit. No security deposit has been given in connection with this Agreement.

Section 18 — Recording. The City, upon the written request of Nashua Plaza, shall at any time join in an execution of a notice or memorandum of Agreement as may be deemed necessary by Nashua Plaza, all in proper form for recording in the Hillsborough County Registry of Deeds, setting forth the existence and terms of this Agreement, including the provision that this Agreement conveys no interest in real estate.

Section 19 — Severability. In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction or by any future legislative action, such holding or such action shall not invalidate or render unenforceable any other provisions hereof.

Section 20 — Notices. Any written notice, request or demand required or permitted by this Agreement shall, until either party shall notify the other in writing of a different address, be properly given if sent by certified or registered first class mail, postage prepaid, and addressed, as follows:

If to the City:	City of Nashua 229 Main Street Nashua, New Hampshire 03061-2019 Attn: City Attorney
If to Nashua Plaza:	Nashua Plaza Housing Associates One Devonshire Place, Suite 1013 Boston, Massachusetts Attn: Edward W. Brice, Jr.
With copy to:	Hamblett & Kerrigan, P.A. One Indian Head Plaza, 7th Floor Nashua, New Hampshire 03060 Attn: Jo-Anwyl F. Myers, Esquire

Section 21 — Succession. This Agreement shall be binding upon and inure to the benefit of the heirs, executors, administrators, successors and assigns of the parties hereto.

Section 22 — Governing Law. This Agreement shall be governed exclusively by the applicable laws of the State of New Hampshire. This Agreement shall be interpreted as an enforceable New Hampshire contract. It conveys no interest in real estate, but only the right to the use of certain public Parking Spaces in accordance with applicable local laws and the terms and conditions hereof.

Section 23 — Amendments. The Agreement may be amended, changed or altered only with the written consent of the parties hereto in a document executed by both parties hereto in the same manner as this Agreement.

Section 24 — All Agreements Contained. This Agreement contains all of the agreements of the parties with respect to the subject matter thereof and supercedes all price dealings between them with respect to such subject matter.

Section 25 — Overnight Parking—Other Regulations. This Agreement does not supercede or repeal or modify any ordinances or regulations of the City of Nashua relative to overnight parking prohibitions or other ordinances or regulations of the City pertinent to parking in the Parking Spaces which are the subject hereof. In the event that the City adopts an overnight parking prohibition pertinent to the parking lots or garages in which the Parking Spaces are located the Parking Spaces shall be exempt therefrom.

WITNESS the execution hereof in any number of counterpart copies, each of which shall be deemed an original for all purposes as of the day and year first above written.

RESOLUTION
R-87-198

AUTHORIZING HIS HONOR, THE MAYOR AND CITY TREASURER TO ISSUE BONDS IN THE AMOUNT NOT TO EXCEED ONE MILLION SIX HUNDRED FIFTY THOUSAND DOLLARS ($1,650,000) TO PAY FOR THE CONSTRUCTION OF THE AMHERST STREET—SOMERSET PARKWAY IMPROVEMENTS.

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that his Honor, The Mayor of the City of Nashua, and the City Treasurer of the City of Nashua are hereby authorized, to issue and sell, under the direction of the Finance Committee of the Board of Aldermen, negotiable general oblication Bonds of the City of Nashua, in the aggregate principal amount not to exceed one million six hundred and fifty thousand dollars ($1,650,000). Said bonds are to be issued for the purpose of paying for the cost of the construction of the Amherst Street-Somerset Parkway intersection improvements.

The expected useful life of said public work is hereby determined to be at least twenty (20) years.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad valorem taxes which will be levied without limitation as to rate or amouunt on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the First National Bank of Boston, Boston, Massachusetts.

The bonds shall bear the facsimile signature of the City Treasurer. None of said bonds shall be obligatory without the authenticating certificate signed by an authorized officer of a bank or trust company doing business in the State of New Hampshire or the Commonwealth of Massachusetts, or the Commissioner of Revenue Administration.

RESOLUTION
R-87-205
MAKING AN ASSESSMENT TO DEFRAY THE COST OF CONSTRUCTION OF MISCELLANEOUS SEWERAGE IMPROVEMENTS 1987

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that it is necessary for the public convenience and health that common sewers be constructed on a portion of St. Laurent Street, Ferry Road, Greenfield Drive, Robin Lane, Bloomingdale Drive, Hideaway Road, Pittsburgh Avenue, Leslie Lane and Gendron Street, as shown on the plans entitled "Miscellaneous Sewerage Improvements 1987".

That pursuant to Section 9 of Chapter 252 of the New Hampshire Revised Statutes Annotated and to Title 6, Chapter 7, Section 663 of the Nashua Revised Ordinances as amended, assessments are hereby made against each property onwer whose property can be served by gravity by said sewers, as shown on the attached schedule, dated 4/20/87.

That payment of these assessments shall be made over a five-year period in accordance with Title 6, Section 665 of the Nashua Revised Ordinances as amended.

In the event of sale of the assessed premises by the owner(s) named herein, the entire unpaid balance of the total amount assessed shall become immediately due and payable, and no installment payment privilege shall be allowed to the new owners.

That the estimated cost of these sewers (funding available in Account 654-10 Miscellaneous Sewers F.Y. 1987 is approximately $512,300.00 with 12% to be paid by the parties assessed under this resolution.

RESOLUTION
R-87-210

THAT THE CITY OF NASHUA ESTABLISH A SISTER CITY RELATIONSHIP WITH AN SUNG, SOUTH KOREA

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the Sister City concept was inaugurated by the President of the United States in 1956 to establish greater friendship and understanding between the peoples of the United States and other nations through the medium of direct personal contact, and

WHEREAS, all succeeding U.S. Presidents have enforced said program, to be conducted for the broad purposes of the exchange of ideas and people between the citizens of the United States of America and the peoples of other nations, and

WHEREAS, to implement this program Nashua and other communities in the United States have affiliated with cities in other nations of similar characteristics and mutual interest, and

WHEREAS, the city of Nashua endorses this program with the hope that it will lead to a lasting friendship between the people of Nashua and An Sung County in South Korea.

NOW, THEREFORE BE IT RESOLVED BY THE CITY OF NASHUA, AS FOLLOWS:

Section 1 — That this Board on behalf of the people of Nashua does hereby extend an invitation to the government and the people of the city of An Sung County to participate with Nashua as its Sister City for the purpose of creating greater mutual understanding between the peoples of our two great cities and nations.

Section 2 — The Mayor is hereby authorized to act as official representative of Nashua to carry out this program.

Section 3 — That copies of this Resolution are to be sent to the Chief of An Sung County, South Korea Sister Cities International in Washington, D.C., the Embassy of South Korea and the U.S. Embassy in South Korea.

RESOLUTION
R-87-215

AUTHORIZING HIS HONOR, THE MAYOR AND CITY TREASURER TO ISSUE BONDS IN THE AMOUNT OF TEN MILLION EIGHT HUNDRED THOUSAND DOLLARS ($10,800,000.00) AND UP TO FIVE MILLION DOLLARS ($5,000,000.00) IN FEDERAL ANTICIPATION NOTES TO PAY FOR THE NON-FEDERAL SHARE AND FINANCE PART OF THE FEDERAL SHARE OF THE CONSTRUCTION OF THE SECONDARY SEWAGE TREATMENT FACILITIES (CONTRACTS NO. 1 & 2)

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that his Honor, the Mayor of the City of Nashua, and the City Treasurer of the City of Nashua are hereby authorized, to issue and sell, under the direction of the Finance Committee of the Board of Aldermen, negotiable general obligation coupon Bonds of the City of Nashua, not to exceed Ten Million Eight Hundred Thousand Dollars ($10,800,000.00). said bonds are to be issued for the purpose of paying for the non-federal share (25%) of the "Eligible" Project costs and the entire amount of the "Ineligible" Project Costs of the construction of the secondary Sewage Treatment Facilities (Contracts No. 1 and No. 2).

The expected useful life of said public work is hereby determined to be at lease thirty (30) years.

Said bonds shall be general obligations of the City of Nashua, payable as to both principal and interest from ad valorem taxes which will be levied without limitation as to rate and or amount on all taxable property within the territorial limits of the City of Nashua.

Both principal and interest shall be payable at the office of the City Treasurer, Nashua, New Hampshire or at the holder's option, at the First National Bank of Boston, Boston, Massachusetts.

The coupons shall bear the facsimile signature of the City Treasurer. None of said bonds shall be obligatory without the authenticating certificate signed by an authorized officer of the bank or trust company doing business in the State of New Hampshire or the Commonwealth of Massachusetts, or by the Commissioner of Revenue Administration.

FURTHER RESOLVED that the Mayor and the Treasurer of the City of Nashua are hereby authorized to issue and sell, under the direction of the Finance Committee of the City of Nashua, Short Term Federal Anticipation Notes in addition to the above bonds, when necessary to implement the cash flow requirements because of possible payment delays on progress reimbursement by E.P.A. The Federal Anticipation Notes are to be paid off by the next immediate E.P.A. progress payment. No more than Five Million ($5,000,000.00) dollars of Federal Anticipation Notes will be issued and outstanding at any time.

FURTHER RESOLVED that this Resolution and authorization is intended to replace and supersede Resolution R-86-137 (replacing R-85-197), and that said Resolution R-86-137 is hereby repealed.

FURTHER RESOLVED that the City of Nashua has resolved as hereinabove set forth, and without in any way limiting said resolve, with the understanding that it shall receive reimbursement for some of its costs and expenses incurred in connection with Contracts 1 and 2 and the financing thereof in accordance with the provisions of Chapter 395 of the Laws of the State of New Hampshire of 1987, with which the City shall do all things necessary to comply in order to receive said reimbursement for which it may be eligible, including the

use of temporary loans and anticipation notes, as authorized by law and this resolution, in the administration of the construction and financing of this project.

RESOLUTION
R-87-217

RELATIVE TO THE TRANSFER OF $10,000 FROM CONTINGENCY ACCOUNT 591-86621 TO ACCOUNT 505-81005 ADULT LEARNING CENTER.

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that the sum of $10,000 be transferred from Contingency Account 591-86621 to the Adult Learning Center Account 505-81005 in response to a request from the Adult Learning Center. (See Attached.)

Passed September 8, 1987

Finance Committee
Tom Magee, Chairman
City Hall, 229 Main Street, Nashua, NH 03060

Dear Mr. Magee,

The Nashua Adult Learning Center operates an office occupations training program which is designed to prepare clients who are generally low-income/AFDC recipients, single parents for employment in the secretarial field. Since it has been documented by the Department of Employment Security that the need for secretaries is ranked second in the Nashua area's employment openings, the training fills a vital need for the Nashua community.

The training program is extensive and is tailored to meet the needs of the participants. Skills taught are typing, word processing, shorthand, filing and bookkeeping. In addition, students receive career counseling, workshops in human relations, assertiveness training and goal setting. Job seeking and keeping skills are emphasized, and students receive the support services of daycare and personal counseling which minimize the barriers to employment. During the period of September, 1986, through June, 1987, a total of 183 students were trained in office skills. Of these, 53 received full or partial scholarships, 16 were funded through the Job Training Partnership Act, and the remainder paid tuition.

As a result of this training, 20 AFDC recipients were removed from welfare assistance, all were placed in full-time office positions.

The Adult Learning Center will experience dramatic funding cuts in this program during the 1987-88 training year. Although Hillsborough County reinstated our request for $16,000, we are still faced with the following cuts:

State Department of Vocational Education	$31,000
Community Based Organization	16,500
Total	$47,500

A deficit of this size will mean cutbacks in staff and a reduction in the number of low-income clients who can be given scholarships. Since this amount represents 75% of the total scholarship office training budget, it would affect our ability to serve approximately 40 needy students.

I am therfore asking your support through a $10,000 allocation which will significantly relieve our shortfall. I appreciate your consideration and would be happy to answer any questions regarding this request.

Sincerely,

MJ/dr Mary Jordan

RESOLUTION
R-87-225

ESTABLISHING A SOLID WASTE DISPOSAL FUND TO FINANCE FUTURE IMPROVEMENTS IN THE CITY OF NASHUA SOLID WASTE DISPOSAL SYSTEM

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, THE CITY OF NASHUA maintains and operates a sanitary landfill for the disposal of all non-hazardous municipal solid waste and acceptable demolition waste generated in the CITY OF NASHUA; and

WHEREAS, capital improvements are required from time to time to insure that the landfill is maintained and developed in an environmentally sound manner and operated in accordance with State and Federal standards and sound management practices; and

WHEREAS, the Landfill Tipping Fee will be increased by $5.00 per ton effective January 1, 1988 to provide funds for future landfill capital requirements.

NOW THEREFORE be it resolved by the Board of Aldermen of the CITY OF NASHUA that:

1. A Municipal Solid Waste Disposal Fund is hereby created as a fiscal and accounting entity of the City to account for certain revenues and capital expenditures of the Municipal Solid Waste Disposal System;

2. Beginning January 1, 1988, $5.00 of the $35.00 per ton tipping fee charged for the disposal of municipal solid waste be deposited to the credit of the Municipal Solid Waste Disposal Fund to be used for capital expenditures for the improvement and development of the Solid Waste Disposal System as Authorized by the Board of Public Works and the Board of Aldermen of the City.

RESOLUTION
R-87-213

GRANTING AN ABATEMENT OF THE SEWER FEES FOR
BIBLE BAPTIST CHURCH (62 CALDWELL ROAD)

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that in view of justification presented by Reverend Wilson Ewin, the Sewerage Service fees for Bible Baptist Church (62 Caldwell Road) are hereby reduced fro $895.00 to $0.00. This resolution also authorizes a refund of the Sewerage Service Fees which were paid on October 6, 1986, prior to the issuance of sewer permit number 17929. The amount of the refund is $895.00

This abatement is made pursuant to Nashua Ordinances Title 6, Chapter 7, Section 666, and in conformance with these laws, is for good cause shown and does not create discriminatory application of assessments.

LEASE

1. PARTIES TO THE LEASE:
THIS INDENTURE OF LEASE is made this 15th day of September, 1987, by and between the following parties:

1.1 *The Landlord* (who is hereinafter referred to as the "Landlord") is:
Name: City of Nashua
(County, Municipality or Town)

1.2 *The Tenant* (who is hereinafter referred to as the "Tenant") is THE STATE OF NEW HAMPSHIRE, acting by and through its Director of: Administrative Office of the Courts

Name: Supreme Court of New Hampshire
Address: Noble Drive, Concord, NH 03301
Telephone: (603) 271-2521

WITNESSETH THAT

2. Demise of the Premises:

For and in consideration of the rent and the mutual covenants and agreements herein contained the Landlord hereby demises to Tenant and the Tenant hereby leases from Landlord, the following premises (hereinafter called the "Premises") for the Term (as defined herein) at the Rent (as defined herein) and upon the terms and conditions hereinafter set forth:

Office and Courtroom Space and furnishings located at *Walnut Street Oval*, in the City of *Nashua* and State of New Hampshire, which building is known as *Nashua District Court*, and consisting of *26,100* square feet more or less, together with the right to use in common, with others entitled thereto the hallways, stairways and elevators necessary for access thereto and the lavatories nearest thereto.

3. Term; Extension; Termination; Conditions Upon Commencement:

3.1 *Term:* The term of this lease shall commence on the first day of July, 1987, and end on the thirtieth day of June, 1988, unless sooner terminated in accordance with the provisions hereof.

3.2 *Extension of Term:* The Term of this lease may be extended upon the same terms and conditions, except the rental which shall be subject to renegotiation at each extension.

3.3 *Termination:* Notice of intent to terminate this lease may be made by either party by delivering advanced written notice not later than one hundred eighty (180) days prior to the termination date.

3.4 *Conditions on the Commencement and Extension of Term:* Notwithstanding the foregoing provisions it is hereby understood and agreed by the parties hereto that this Lease and the commencement of the Term and each and every extension thereof is conditioned upon its approval by the Court Accreditation Commission, the Legislative Fiscal Committee, and Governor and Council of the State of New Hampshire and, in the event that said approval is not given until after the date for commencement of the Term, the Term shall begin on the date of said approval; and provided, further, that in the event that the execution of this Lease by the Tenant shall not be so approved then this Lease shall thereupon immediately terminate and all obligations hereunder of the parties hereto shall cease.

4. Rent

The Tenant covenants and agrees to pay the landlord as rental $16,312.50 per month for the period July 1, 1987, through June 30, 1988. The rental shall be adjusted each year on June 30, the end of the local fiscal year, during the term of the lease, to include increases between the 1986 fiscal year facility operating expenses and the most recent fiscal year operating expenses. Rental payments shall be made in equal monthly installments.

5. Conditional Obligation of the State:

Notwithstanding the provisions of Section 4 or anything contained in this Lease to the contrary, it is hereby expressly understood and agreed by the Landlord that the existence and continuance of this Lease and obligations of the Tenant hereunder are contingent upon the availability of State funds appropriated by the General Court of New Hampshire and made available for this purpose, and that neither the State nor the Tenant shall be liable for payments under this Lease except from such funds and in the event that any portion of such funds are terminated, that Tenant may, at its option, serve ninety (90) days written notice on Landlord of its intention to cancel the Lease in whole or in part. It is further expressly understood and agreed by the Landlord that in the event the State of New Hampshire shall at any time make available State owned facilities for the housing of the Tenant, the Tenant may, at its option, serve thirty (30) days written notice on the Landlord of its intention to cancel the Lease in whole or in part. Whenever the Tenant decides to cancel the Lease in whole or in part under this section and has served the required notice on the Landlord, it shall, within the prescribed period, vacate all or part of the Premises, in which case this Lease shall terminate upon the expiration of the said period with respect to that portion of the Premises vacated but shall continue in full force and effect with respect to that portion of the Premises still occupied, and an appropriate abatement of rent shall be made by the parites hereto.

6. Utilities; Services; Parking:

The landlord shall assume and pay for the cost of all electricity, water, heat, air conditioning, ice and snow removal, and janitorial services, including bulb replacement, refuse collection, vacuuming, and regular cleaning of toilet facilities and public areas, during Tenant's business hours or at other times provided such arrangements do not compromise court security, all subject to interruption due to the making of repairs, alterations, or improvements, or to any cause beyond the Landlord's control.

6.1 *Parking.* The Landlord shall provide parking spaces for judicial and non-judicial personnel working at the leased premises and shall make available such additional spaces as are necessary for the efficient operation of the court, within such limitations and pursuant to such policies as are in effect for other local officials and employees.

7. Use of the Premises; Compliance with Laws and Regulations Affecting Same:

7.1 *Use of Premises:* Tenant shall use the Premises for the conduct of court sessions and related court business.

7.2 *Access by Handicapped Persons:* It is further understood and agreed between the Landlord and Tenant that the Premises leased hereunder by the Tenant or made available as an adjunct to or part of or along the way to the means of ingress or egress to said Premises leased hereunder, shall be, at all times during the term of this lease reasonably accessible to and reasonably safe for use by handicapped persons and that the total cost, if any, of rendering accessible such premises leased hereunder has been incorporated in the payment herein above provided for such lease.

7.3 The Tenant shall authorize the use of the courtroom or other requested space by persons authorized to use the facilities by the Landlord, provided such use does not conflict with the operation of the court or compromise court security and provided further that following such use, the facility is returned to a suitable condition for court use. Such authorization shall not be unreasonably denied.

8. Maintenance and Repair:

8.1 *Maintenance by the Landlord:* The Landlord shall, at its own expense maintain the exterior and interior of the Premises and all appurtenances thereto and the hallways, passage ways, stairways and elevators providing access thereto in good repair and condition and shall make all repairs to the Premises or any appurtenances thereto which may become necessary during the Term or any extension whether the same are ordinary or extraordinary. Provided, however, that nothing contained shall require the Landlord to make, or assume the responsibility for, any repair of any damage to the Premises caused by the negligence or willful acts of the Tenant or its agents, servants, employees or invitees. Provided further, that the expense for work performed by local employees at the request of the Tenant which is not covered under the Landlord's responsibilities under paragraphs 6 or 8.1 shall be reimbursed by the Tenant at an hourly rate to be agreed upon in writing by the Landlord and Tenant prior to incurring any expense.

8.2 *Failure to Maintain, Tenant's Remedy:* If Landlord fails to maintain the Premises as provided herein, Tenant shall give Landlord written notice of such failure. If within thirty (30) days after such notice is given Landlord fails to make a good faith effort to remedy the conditions specified therein, the Tenant may, at Tenant's option, and in addition to the other rights and remedies of Tenant provided hereunder, contract to have such condition repaired and

Landlord shall be liable for any and all expenses incurred by Tenant resulting from Landlord's failure.

9. Alterations, Additions and Improvements:

9.1 *Alterations, Etc.:* Tenant may, at its own expense, make any alterations, additions or improvements to the premises; provided, however, the Tenant must obtain prior written approval of the Landlord; such approval shall not be unreasonably withheld.

9.2 *Manner of Work:* All alterations, additions or improvements by Tenant shall be performed in a good and workmanlike manner and when completed shall be made in compliance with all building and zoning laws and all other provisions of law and any permits required by any ordinance, law or public regulation shall be obtained. The said alterations will not weaken or impair the structure of the Premises or substantially lessen its value; nor will they change the purposes for which it is used without Landlord's prior written consent.

9.3 *Ownership, Removal of Repairs:* All additions, alterations or improvements made by Tenant shall be the property of the Landlord and any alterations, additions or installations made by Tenant which can be removed, at the termination of the Lease, without causing any substantial damage to the Premises shall be the property of the Tenant and may be removed by Tenant any time before the expiration of ten (10) days after the date of termination of the Lease; provided, however, that Tenant shall leave the Premises in good order and condition, and shall repair all damages occasioned by the said removal.

10. Quiet Enjoyment:

Landlord covenants and agrees that so long as the Tenant is not in default under any of the covenants and agreements of this Lease, Tenant's quiet and peaceful enjoyment of the Premises shall not be disturbed or interfered with by the Landlord or any person claiming by, through or under the Landlord.

11. Signs:

Tenant shall have the right to erect a sign or signs on the Premises identifying the Tenant; provided, however, that any such signs must be approved in advance by Landlord; such consent will not be unreasonably withheld. Provided further that all such signs shall be removed by Tenant, at Tenant's expense, at the end of the Term or any extension thereof, and all damage due to such removal shall be repaired by Tenant.

12. Inspection:

Landlord, or Landlord's agent, may enter the Premises at all reasonable hours for the purpose of inspecting the same or of making repairs and showing the Premises within three (3) months before the expiration of the Term or any extension thereof to persons wishing to rent the Premises. Landlord may within six (6) months prior to the expiration of the Term, affix to any suitable part of the Premises or the property of which the Premises are a part, a notice for letting or selling the Premises.

13. Assignment and Sublease:

This Lease shall not be assigned by the Landlord or Tenant without the prior written consent of the other nor shall the Tenant sublet Premises or any portion thereof without Landlord's consent, such consents not to be unreasonably withheld or delayed; provided, however, that notwithstanding the foregoing Tenant may sublet the premises or any portion thereof to any government agency under the auspices of the Tenant, without Landlord's prior consent.

14. Indemnification.

Landlord and Tenant shall share portions of the premises and, in recognition of this fact, agree to divide financial responsibility for any losses and claims arising under this lease as follows:

14.1 Tenant shall save Landlord harmless, and will indemnify Landlord from and against any and all losses suffered by Landlord and from and against any and all claims, liabilities or penalties related to the use of the premises for court-related purposes which may be asserted by or on behalf of any person, firm, corporation or public authority, and which may be based upon the act, omission, fault, negligence or misconduct of any person whomsoever. Provided further, that Tenant shall indemnify the Landlord for any loss or damage from the acts, omissions, fault, negligence or misconduct of the Tenant or its agent, servants, employees for whom Tenant shall be responsible.

14.2 Landlord shall save Tenant harmless, and will indemnify Tenant from and against any and all losses suffered by Tenant and from and against any and all claims, liabilities or penalties related to the use of the premises other than court-related purposes which may be asserted by or on behalf of any person, firm, corporation or public authority, and which may be based upon the act, omission, fault, negligence or misconduct of any person whomsoever. Provided however, that Landlord shall indemnify the Tenant for any loss or damage from the acts, omissions, fault, negligence or misconduct of the Landlord or its agent, servants, employees for whom Landlord shall be responsible.

14.3 *Landlord's Failure to Perform Obligations:* Landlord shall save the Tenant harmless and will indemnify Tenant from and against any and all losses suffered by Tenant on account of or resulting from the failure of Landlord to perform and discharge any of its covenants and obligations under this Lease and, in respect of the foregoing, from and against all costs, expenses (including reasonable attorney's fee), and liabilities incurred in, or in connection with, any such claim, or any action or proceeding brought thereon; and in case any action or proceeding be brought against Landlord by reason of any such claim Landlord, upon notice from Tenant, shall at Landlord's expense resist or defend such action or proceeding.

14.4 *Self-Insurance.* Tenant shall meet its obligations under this paragraph by payment from funds appropriated by the General Court. Landlord shall meet its obligations under this paragraph by payment from locally appropriated funds unless the Landlord chooses to maintain comprehensive general liability insurance coverage on the premises. If Landlord obtains comprehensive general liability insurance, Landlord shall furnish a copy of the policy to the tenant upon execution of this lease or within 30 days from obtaining the policy, whichever is earlier. Landlord further agrees to notify the Tenant in writing of any termination of said insurance coverage promptly upon receipt of notice of termination.

15. Fire, Casualty and Eminent Domain:

Should twenty five percent (25%) of the Premises, or of the property of which they are a part, be substantially damaged by fire or other casualty, or be taken by eminent domain, the Landlord or Tenant may elect to terminate this Lease. When such fire, casualty or taking renders the Premises substantially unsuitable for their intended use, a just and proportionate abatement of rent shall be made as of the date of such fire, casualty or taking and until such time as Lessor shall repair the Premises provided, however, that the Lessee may elect to terminate this Lease if:

15.1 *Landlord's Failure to Provide:* The Landlord fails to give written notice within thirty (30) days of its intention to restore the Premises, or,

15.2 *Landlord's Failure to Repair:* The Landlord fails to restore the Premises to a condition substantially suitable for their intended use within ninety (90) days of said fire, casualty, or taking. The Landlord reserves, and the Tenant grants to the Landlord, all rights which the Landlord may have for damages or injurty to the Premises for any taking by eminent domain, except for damage to the Tenant's fixtures, property, or equipment or any award for Tenant's moving expenses.

16. Events of Default; Termination by the Landlord and Tenant:

16.1 *Event of Default; Landlord's Termination:* In the event that:

16.1.1 *Tenant's Failure to Pay Rent:* The Tenant shall default in the payment of any installment of rent or other sum herein specified and such default shall continue for ten (10) days after written notice, thereof; or

16.1.2 *Tenant's Breach of Covenants, etc.:* The Tenant shall default in the observance or performance of any other of the Tenant's covenants, agreements, or obligations hereunder and such default shall not be corrected within thirty (30) days of written notice by the Landlord to the Tenant specifying such default and requiring it to be remedied then, and in such an event, Landlord may serve a written thirty (30) days' notice of cancellation of this Lease upon the Tenant and upon the expiration of such period, this Lease and the Term hereunder shall terminate and upon such termination Landlord may immediately or at any time thereafter, without demand or notice enter into or upon the Premises (or any part thereof) and repossess the same.

16.2 *Landlord's Default; Tenant's Remedies:* In the event that Landlord shall default in the observance of any of the Landlord's covenant, agreements and obligations hereunder and such default shall not be corrected within thirty (30) days of written notice by the Tenant to the Landlord specifying such default and requiring it to be remedied then Tenant at Tenant's option may withhold a proportionate amount of the rent until such default is cured or may serve a written thirty (30) days notice of cancellation of this Lease upon the Landlord and upon the expiration of such thrity day period the Lease shall terminate.

16.3 *Rights Hereunder:* The rights granted under this Section shall be in addition to and not in substitution for any rights or remedies granted to the parties either at law or in equity.

17. Surrender of the Premises:

In the event that the Term or any extension thereof shall have expired or terminated, Tenant shall peacefully quit and surrender to Landlord the Premises together with all improvements, alterations, or additions made by Tenant which cannot be removed without damaging the Premises. Tenant shall remove all of its personal property and shall repair any damage caused by such removal. Tenant's obligations to observe or perform the covenants contained herein shall survive the expiration or termination of this Lease.

18. Broker's Fees and Indemnification:

Landlord and Tenant each hereby represent and warrant to the other that they have not dealt, directly or indirectly, with any broker or finder with respect to the leasing of the Premises, and hereby agree each to exonerate and save harmless and indemnify the other against any claims for commission or otherwise arising out of the execution and delivery of this Lease or out of the negotiations between the Landlord and Tenant with respect thereto.

19. Notice:

Any notice by a party hereto to the other party shall be deemed to have been duly delivered or given at the time of mailing by registered or certified mail, postage prepaid, in a United States Post Office, addressed to the parties at the addresses provided in Section 1 above.

20. Miscellaneous:

20.1 *Extent of Instrument, Choice of Laws, Amendment, Etc.:* This Lease, which may be executed in a number of counterparts each of which shall have been deemed an original but which shall constitute one and the same instrument is to be construed according to the laws of New Hampshire, is to take effect as a sealed instrument, is binding upon, inures to the benefit of, and shall be enforceable by the parties hereto and their respective successors and assigns, and may be cancelled, modified, or amended only by a written instrument executed and approved by the Landlord and Tenant.

20.2 *No Waiver or Breach:* No assent, by either party, whether express or implied, to a breach of covenant, condition or obligation by the other party, shall act as a waiver of a right of action for damages as a result of such breach, or shall be construed as a waiver of any subsequent breach of the covenant, condition or obligation.

20.3 *Unenforceable Terms:* If any terms of this Lease or any application thereof shall be invalid or unenforceable, the remainder of this Lease and any application of such term shall not be affected thereby.

20.4 *Meaning of "Landlord" and "Tenant":* Where the context so allows, the term "Landlord" shall include the employees, agents, contractors, servants, licenses and invitees of Landlord and the term "Tenant" shall include the employees, agents, contractors, servants, licenses and invitees of Tenant.

20.5 *Headings:* The headings of this Lease are for purposes of reference only and shall not limit or define the meaning hereof.

20.6 *Entire Agreement:* This Lease embodies the entire agreement and understanding between the parties hereto and supersedes all prior agreements and understandings relating to the subject matter hereof.

20.7 *No Waiver of Sovereign Immunity:* No provision in this Lease is intended to be nor shall it be interpreted by either party to be a waiver of sovereign immunity.

IN WITNESS WHEREOF, the parties hereto have set their hands as of the day and year first above written.

STATE OF NEW HAMPSHIRE
HILLSBOROUGH, SS. _____ TERM, 1987

SUPERIOR COURT
STATE OF NEW HAMPSHIRE
vs.
CITY OF NASHUA, NEW HAMPSHIRE
Defendant

CONSENT DECREE

WHEREAS, Plaintiff, the State of New Hampshire, on behalf of the Water Supply and Pollution Control Division ("WSPCD") of the Department of Environmental Services ("DES") has filed a complaint alleging that Defendant, City of Nashua, New Hampshire ("Nashua" or "the City"), has violated New Hampshire RSA 149:8, III (a); and

WHEREAS, Defendant, Nashua, a political subdivision of the State of New Hampshire, duly organized and existing under the laws of the State owns and operates a municipal wastewater treatment facility located at Sawmill Road, Nashua, New Hampshire (the "facility"); and

WHEREAS, Plaintiff, State of New Hampshire, asserts that Nashua has discharged and continues to discharge wastewater from the facility to surface waters of the State of New Hampshire in excess of the limitations contained in its permit issued by the WSPCD of the DES pursuant to New Hampshire RSA 149—8, III; and

WHEREAS, Defendant, Nashua, by its attorney and duly authorized representatives, have consented to the entry of this decree;

WHEREAS, the Court finds that actions taken and to be taken by the parties under this concent decree constitute a full, reasonable, and fair settlement of all of the claims asserted or unasserted to the date hereof, and adequately protect the public interest in accord with RSA 149:8;

NOW THEREFORE, it is hereby ordered adjudged and decreed as follows:

I JURISDICTION

The Court has jurisdiction over the subject matter of this case and the parties consenting hereto pursuant to RSA 149:19 and RSA 491:7. The petition alleges claims upon which relief may be granted against the Defendant pursuant to New Hampshire RSA 149:8,III(a) and 149:19,II.

II APPLICATION

The provisions of this decree shall be binding upon the State of New Hampshire, on behalf of the WSPCD, and Nashua and its officers, managers, agents, servants, employees, successors, assigns and all persons, firms and corporations acting under, through or on behalf of Nashua. Until termination of this decree, Nashua shall give notice of this consent decree to all successors in interest to all or part of the facility or successor facilities or their operation, prior to transfer of ownership or operation thereof, and shall simultaneously notify the WSPCD and the Attorney General of the State of New Hampshire that such notice has been given. This provision is not intended to limit any rights which the City may possess to transfer ownership or operation of the facilities.

III COMPLIANCE PROGRAM

A. *Compliance Order*

The City of Nashua is ordered to immediately undertake a program to achieve and thereafter maintain compliance with the effluent limitation requirements of its WSPCD permit and any renewals or modifications thereof, in accordance with the following schedule.

B. *Schedule of Construction of Wastewater Facilities*

1. Award contract and commence construction of Wastewater Treatment Facilities not later than.....November 2, 1987

2. Accept existing wastewater flows, and initiate full operation of primary and secondary wastewater treatment facilities.....February 1, 1991

3. Complete all construction and achieve and maintain operation of Secondary Treatment Facilities in compliance with the Clean Water Act and with Permit limits and other requirements of Nashua's NPDES and New Hampshire Discharge Permits. ....November 2, 1991

IV INTERIM EFFLUENT LIMITS

A. The City shall, at a minimum, comply with the following interim effluent limits for its discharge from its existing outfall from the date of entry of this decree until compliance with permit limits is achieved as set forth in the preceding construction schedule.

Effluent Characteristic	*Discharge Limitation*		*Monitoring Requirements*	
	Average Monthly (1)	*Moving Average (3)*	*Measurement Frequency*	*Sample Type*
BOD5 (2)	——	200 mg/l	Weekly Composite	8-hour
TSS (2)	——	100 mg/l	Weekly Composite	8-hour
Settleable Solids	0.3 ml/l	——	Daily	Grab
Total Coliform Bacteria	2500/100 ml	——	Weekly	Grab
pH	(see below)	——	Daily	Grab
Chlorine Residual	(see below)	——	Daily	Grab

pH

The pH of the effluent shall not be less than 6.0 nor greater than 8.5 at any time.

Chlorine Residual

The total chlorine residual of the effluent shall not result in any demonstrable harm to acquatic life or violate any New Hampshire water quality standard required by the permit.

B. The City shall continue to monitor and report to the State and the United States Environmental Protection Agency on its discharge in accordance with the sample types, frequency and other reporting requirements contained in its state and federal permits except for the parameters and monitoring requirements set forth above insofar as the above requirements may differ from the requirements of its permit.

TABLE FOOTNOTES:

(1) All monthly averages set forth in the discharge limits of Section IV A are to be computed on the arithmetic mean of the effluent samples collected during the month except for coliform limitations which are to be computed on the geometric mean of the samples collected.

(2) Measurements of BOD and TSS shall be both of influent and of effluent.

(3) Moving monthly averages for BOD and TSS shall be computed as a running monthly average for twelve months ending with the month in question.

V REPORTING

A. For every calendar quarter, as well as at the date of each milestone set forth in Section III B, *supra,* and until termination of this decree; the City shall submit in writing to the New Hampshire SWPCD and New Hampshire's Office of the Attorney General a report which reasonable but succinctly details the status and progress of the project required under this decree. This report shall be in the format, and contain the information required by the terms set forth in Appendix A. Notification to the State pursuant to this paragraph of any anticipated delay shall not excuse such a delay. Said report shall be postmarked no later than the 15th day of the month immediately succeeding the calendar quarter for which the report has been prepared.

B. The aforementioned reporting requirements are in addition to any other reports Nashua is required to submit, and do not relieve Nashua of its obligation to submit any other reports or information required or requested pursuant to the authority of its permits, New Hampshire statutes and rule adopted thereunder, or any other federal, state or local law or requirements.

C. Any information provided under the reporting requirements of this decree may be used by either party as evidence of compliance or noncompliance in any proceeding relating to the provisions of this decree or New Hampshire RSA 149:8,III(a), but only to the extent permitted by law.

VI STIPULATED PENALTIES

A. Nashua shall pay stipulated penalties, in lieu of any otherwise available civil penalties not set forth in this decree, in the amounts set forth below to the State of New Hampshire, automatically and without demand, for failure to comply with the requirements of this decree.

1. *Reporting Requirements:* Four hundred dollars ($400.00) per day for each day by which Nashua is late submitting any notification or report required by Section V, *supra.* However, in the event the report required by Section V, *supra* is received by the State within five (5) working days after the deadline setforth in Section V, the penalty shall be waived.

2. *Construction Milestones:* One thousand dollars ($1,000.00) per day for each day of violation of the compliance schedule deadlines set forth in Section III B.1 and .2, *supra.*

3. *Final Compliance:* Two thousand dollars ($2,000.00) per day for each day Nashua fails to achieve final compliance with all permits as required by Section III B.3, *supra.*

B. *interim Effluent Limit Violations:* Until Nashua achieves final commpliance as required by Section III B.3, the City shall pay stipulated penalties to the State of New Hampshire automatically and without demand in the amounts as set forth below for violations of the Interim Effluent Limits contained in Section IV A, *supra.*

1. *Average Monthly and Moving Average Limits:* Seven hundred fifty dollars ($750.00) for each violation of any average monthly or moving average discharge limitation.

2. *pH Limits:* Two Hundred and Fifty Dollars ($250.00) for each violations of the pH discharge limitation.

3. *Coliform Limits:* Two Hundred Dollars ($200.00) for each violation of the coliform discharge limitation.

C. *Final Effluent Limit Violations:* Once Nashua completes construction and achieves and maintains operation of the secondary treatment facility in accordance with the terms set forth in Section III,B,3,*supra*, the City shall pay stipulated penalties to the State of New Hampshire in the amounts as set forth below, for violation of its final effluent limits contained in its New Hampshire WSPCD permit until the termination of this decree.

1. *Daily Maximum Limits:* Two hundred dollars ($200.00) per day for each violation of any daily maximum effluent limit.
2. *Weekly Average Limits:* Five hundred dollars ($500.00) for each violation of any weekly average effluent limit.
3. *Monthly Average Limits:* One thousand dollars ($1,000.00) for each violation of any monthly average effluent limit.
4. *pH Limits:* Two hundred fifty dollars ($250.00) per day for each violation of the pH limit.

D. *Payment of Stipulated Penalties:* Stipulated penalty payments to the State of New Hampshire as specified in Section VI A-C above shall be made by check payable to "Treasurer, State of New Hampshire" and delivered to Office of the Attorney General, Environmental Protection Bureau, State House Annex, 25 Capitol Street, Concord, New Hampshire 03301, Attention: Attorney Geoffrey M. Huntington. Payment for violations of Sections III, IV and V shall be made by the fifteenth day of the month following the calendar month in which any violation occurs, together with a letter describing the basis for the penalties, as well as simultaneous notification of payment to New Hampshire WSPCD. Payment of all stipulated penalties shall be made to the State by the City automatically without demand, unless said payment is disputed by the City in accordance with the provision of Section IX.

VII DELAYS OR IMPEDIMENTS TO PERFORMANCE

A. Nashua shall notify the New Hampshire Attorney General's Office, and WSPCD in writing of any anticipated inability to meet the requirements or deadlines set forth in Section III B, *supra*, within ten (10) days of the date on which the City first knew, or should have known by exercise of due diligence, of such event. The notice shall describe in reasonable detail, to the extent known, the anticipated length of time before which the requirement or deadline will be met, the precise cause or causes of the delay or impediment, the measures taken or to be taken by the City to prevent or minimize the violation, and the timetable by which those measures will be implemented. Nashua shall adopt all reasonable measures to avoid or minimize such delay or impediment. Failure by the City to reasonably comply with the notice requirements of this section, shall render this section void and of no effect to the particular incident involved, and shall constitute a waiver of the City's right to obtain an extension of time for its obligations under this incident.

B. If both parties agree that the violation has been or will be caused by circumstances primarily beyond the control of the city or any entity controlled by or under the common control of the city, including the City's consultants and contractors, and that the City could not have foreseen or prevented such delay or impediment; the time for performance of such requirement shall be extended for a period not to exceed the actual delay resulting from such circumstance, and stipulated penalties shall not be due or payable for said delay.

In the event the parties do not so agree, the City may submit the matter to the Court for resolution. If the delay or impediment is then determined to have been caused by circumstances primarily beyond the control of the City or any entity controlled by or under the common control of the City, including the City's consultants and contractors, Nashua shall be excused as to that violation for the period of time the violation continues do to such circumstances, and no stipulated penalties shall be due or payable for said delay.

C. The following shall not, in any event, serve as a basis for changes in this decree or extensions of time under this decree:

1. Unanticipated or increased costs or expenses associated with the implementation of actions called for by this decree; and
2. Changed financial circumstances or a decrease in revenues.
3. Technical infeasibility of meeting effluent limitations contained in Nashua's permit.

D. Compliance with any requirement of this decree, by itself, shall not constitute compliance with any other requirements. In order to be obtain an extension of any compliance date set forth in this decree based upon a particular incident or circumstance, the City must make an individual showing of proof regarding each delayed incremental step or other requirement for which an extension is sought. Notwithstanding the foregoing, in the event of an extension of the milestone date contained in Section III,B,3, *supra,* the milestone date set forth in Section III,B,3, *supra,* shall be extended for an interval not to exceed that granted relating to Section III,B,2.

E. Nashua shall bear the burden of proving that any delay or impediment to performance of any requirement of this decree was caused entirely by circumstances beyond the control of the City or any entity controlled by or under the common control of the City, including the City's consultants and contractors. Nashua shall also bear the burden of justifying the duration and extend of any delay or violation attributable to such circumstances.

F. Performance of the terms of this decree by the City is not conditioned on the receipt of any federal or state grant funds. In addition, performance is not excused by lack of any federal or state grant funds, or by the processing of any applications for such funds. In no event, however, are the terms of this decree intended by the parties to limit any legal claims or defenses either party may possess relating to the availability or administration of federal or state grant funds.

VIII CIVIL PENALTIES

Nashua shall pay a civil penalty in the amount of one hundred fifteen thousand dollars ($115,000.00) payable by check to "Treasurer, State of New Hampshire", within thirty (30) days after the effective date of this decree. Payment shall be made by delivery to the Office of Attorney General, Environmental Protection Bureau, State House Annex, 25 Capital Street, Concord, New Hampshire, 03301, Attn.: Attorney Geoffrey M. Huntington. Payments pursuant to this decree, and Nashua's consent to this decree, do not constitute admissions of liability by Nashua.

IX DISPUTE RESOLUTION

If the City and the State are unable to agree upon any plan, procedure, standards requirement or other matter described herein; or in the event a dispute should arise between the City and the State regarding the implementation of the requirements of this decree, the City shall follow the position of the State, unless the City files a petition with the Court for resolution of the dispute within fifteen (15) days of receipt of the State's final position or decision. The petition shall set out the nature of the dispute with a proposal for its resolution. In any such dispute, Nashua shall have the burden of proving that its proposal most appropriately fulfills the terms, conditions, requirements, and objectives of this Decree, and it will achieve compliance with the terms and conditions of its New Hampshire WSPCD permit in an expeditious manner.

X RIGHT OF ENTRY

A. Until termination of the provisions of this consent decree, the State of New Hampshire and their representatives, contractors, and consultants, and attorneys for the State of New Hampshire shall have the authority to enter any facility covered by this decree, at all times, upon proper presentation of credentials to the manager or managers of the facility or, in the manager's absence, to the highest ranking employee present on the premises, for all purposes of:

1. monitoring the progress of activities required by this decree;
2. verifying any data or information submitted to EPA and the State of New Hampshire in accordance with the terms of this decree; and
3. obtaining samples, and, upon request, splits of any samples taken by the City and its consultants.

B. This provision in no way limits or otherwise affects any right of entry held by the State of New Hampshire pursuant to applicable federal or state laws, regulations or permits.

XI NO EFFECT ON PERMITS

This consent decree is not and shall not be interpreted to be a permit, or a modification of existing permits, issued pursuant to applicable state law or federal law, nor shall it in any way relieve the City of Nashua, of its obligation to comply with the requirements of its New Hampshire WSPCD permit issued pursuant to RSA 149:8 III(a) or with any other federal or state law or regulation. Any new permit or modification of existing permits, must be complied with in accordance with applicable federal and state laws and regulations. The pendency or outcome of any proceeding concerning the issuance, reissuance, or modification of a federal NPDES or New Hampshire WSPCD permit shall neither affect nor postpone the City's duties and liabilities as set forth in this consent decree.

XII NON-WAIVER PROVISIONS

A. The State of New Hampshire does not, by its consent to the entry of this decree, warrant or aver in any manner that the City's complete compliance with this Decree will result in compliance with the provisions of the Clean Water Act, 33 U.S.C. Section 1251 *et seq.*, or federal NPDES and New Hampshire WSPCD permits. Nothwithstanding the State of New Hampshire's review and approval of any plans formulated pursuant to this decree, the City shall remain solely responsible for compliance with the terms of this decree and its NPDES and state permits.

B. The State of New Hampshire does not waive any rights or remedies available to it for any violation by the City of federal or state laws, regulations, or permit conditions following completion of the requirements of this decree. Nor, does Nashua waive any defenses to such claims by the State which the City may possess.

C. The parties agree that the City is responsible for achieving and maintaining complete compliance with all applicable federal and state laws, regulations, and permits, and that this decree in no way affects or relives the City of responsibility to comply with any federal, state, or local law or regulation.

D. This decree does not limit or affect the rights of the City or of the State of New Hampshire as against any third parties, but does represent civil prosecution by the State to require the City's compliance with its discharge permit standards and limitations.

E. The State of New Hampshire reserves any and all legal and equitable remedies available to enforce the provisions of this decree and the City reserves all legal and equitable defenses.

F. Nothing herein shall be construed to limit the authority of the State of New Hampshire to undertake any action against any person, including Nashua, in response to conditions which may present an imminent and substantial endangerment to the public health, welfare or the environment.

XIII COSTS OF SUIT

Each party shall bear its own costs and attorney's fees in this action. However, in the event Nashua is determined to have violated the terms and conditions of this decree the City shall be liable to the State of New Hampshire for any costs and attorney's fees approved by the Court and incurred by the State in any action brought by the State associate with the City's noncompliance.

XIV CONTINUING JURISDICTION OF THE COURT

The Court shall retain jurisdiction to enforce the terms and conditions of this Decree and to resolve disputes arising hereunder as may be necessary or appropriate for the construction or execution of this Decree.

XV SUBMISSIONS

A. Submissions required by this decree and not already required by N.H. Permit No. NH 0100170 shall be made to:

Raymond Carter
Water Supply & Pollution Control Division
Department of Environmental Services
Hazen Drive
P.O. Box 95
Concord, New Hampshire 03301

and

Geoffrey M. Huntington, Attorney
Office of the Attorney General
Environmental Protection Bureau
State House Annex
25 Capitol Street
Concord, New Hampshire 03301

B. Submissions required by N.H. Permit No. NH 0100170 shall be made in accordance with the requirements of the permit.

XVI TERMINATION

This consent decree shall terminate, upon Motion of either party as such time as:

1. All penalties that the City of Nashua is obligated to pay under the terms of this Decree have been paid; and
2. The City has completed construction of the necessary facilities under Section III,B, *supra.*
3. The City has maintained continuous compliance with its NPDES and New Hampshire WSPCD permits for a period of twelve (12) months.

XVII ACKNOWLEDGEMENT OF DECREE BY US EPA

PARKING SPACE AGREEMENT

THIS AGREEMENT dated as of the _____ day of _____, 1987 by and between THE CITY OF NASHUA (hereinafter referred to as "CITY"), a municipal corporation existing under the laws of the State of New Hampshire, having a place of business at 229 Main Street, Nashua, New Hampshire and THE NASHUA ASSOCIATION FOR THE ELDERLY, INC., (hereinafter referred to as "SENIOR CENTER") a New Hampshire Corporation with a place of business at 70 Temple Street, Nashua, New Hampshire.

Section 1 — Contract for Parking Spaces

The City agrees to provide to the Senior Center for the term and upon other conditions herein: 45 parking spaces, the number of which are subject to adjustment up or down, in the Temple Street Municipal Parking Lot for the Senior Center's sole and exclusive use, which spaces are located at the easterly end of said Temple Street Lot.

Section 2 — Term

The term of this agreement shall be for as long as a Senior Center remains on the property, or shall terminate at any time with thirty (30) days advance written notice by the City of the cancellation of this agreement.

Section 3 — Taxes

The Senior Center shall pay all texes, rates, levies, duties, assessments or other governmental charges which may be lawfully charged against the Parking Spaces.

Section 4 — Insurance

The Senior Center shall endeavor to obtain and maintain in effect general liability insurance with respect to the Parking Spaces, or its use, or use by its occupants thereof pursuant to the existence of this Agreement. It is expressly understood that the Senior Center shall not be deemed in breach of this Agreement if such insurance coverage is not obtainable at reasonable rates and terms, or if the Senior Center is otherwise precluded from obtaining or maintaining such insurance coverage.

Section 5 — Use of Parking Spaces

(a) The parking spaces are to be utilized for the parking of motor vehicles belonging to the Senior Center, its employees, clients and visitors only.

(b) In its use of the Parking Spaces, the Senior Center shall comply with all statutes, ordinances, and regulations applicable to the use thereof.

(c) Upon first obtaining the prior written consent of the City, which consent shall not be unreasonably withheld or delayed, the Senior Center may have the privilege of placing on or about the Temple Street Parking Lot such signs as it may deem necessary pertaining to parking, at the Senior Center's sole cost and expense, provide the Senior Center shall be solely responsible for their maintenance, and provided further that the Senior Center shall comply with all local ordinaces, rules and regulations relating thereto. Further, the Senior Center may post and enforce rules for the use of the Temple Street Parking Lot so long as said rules have been approved in writing in advance by the City. The Senior Center shall be solely responsible for any such signs and/or rules and shall hold the City harmless and indemnify it in accordance with the terms and conditions of this Agreement on account of injury to any person or damage to the property of any person, including that of the City, arising out of or resulting from any such signage or rules.

Section 6 — Senior Center's Termination Rights

The Senior Center may at any time terminate its rights to all or any portion of the parking spaces upon written notice to the City. In the event the Senior Center terminates its rights to use only a portion of the parking spaces this Agreement shall continue in full force and effect as to the balance of the parking spaces. Once the Senior Center has terminated this agreement with respect to any of the parking spaces, it shall have no further right to the use of the said spaces pursuant to this Agreement.

Section 7 — Indemnification

The Senior Center agrees to indemnify and save the City harmless from any and all claims and causes of action arising from or relating to any act, omission or negligence of the Senior Center or the Senior Center's agents, employees, invitees, licensees, subtenants, contractors or guests asserted by any person(s) or corporation(s), including the City, on account of any injury or damage to persons or property, or interference with business activities, or on account of the existence of this Agreement, suffered after the commencement date hereof. Excluding, however, injury or damage arising out of the negligence (or contributory negligence) solely attributable to the City, its agents, employees, invitees, licensees, subtenants, contractors or guests. This indemnity and hold harmless agreement shall include indemnity against all costs and liabilities incurred in connection with any such claim or cause of action or the defense thereof. This indemnity agreement shall be construed to be a binding New Hampshire contract between the parties of this Agreement.

Section 8 — Assignment

The Senior Center shall not assign the whole or any part of the Parking Spaces or the rights conferred hereunder without the City's prior written consent. The Senior Center also shall not have the right to charge money to any party for parking in the spaces it has contracted to use pursuant to this Agreement.

Section 9 — Severability

In the event any provision of this Agreement shall be held invalid or unenforceable by any court of competent jurisdiction or by any further legislative action, such holding or such action shall not invalidate or render unenforceable any other provisions hereof.

Section 10 — Notices

Any written notice, request or demand required or permitted by this Agreement shall, until either party shall notify the other in writing or of a different address, be properly given if sent by certified or registered first class mail, postage prepaid, and addressed as follows:

If to the City:	City of Nashua 229 Main Street Nashua, NH 03061-2019 Attn: City Attorney
If to Senior Center:	Nashua Senior Center 70 Temple Street Nashua, NH 03060

Section 11 — Governing Law

This Agreement shall be governed exclusively by the applicable laws of the State of New Hampshire. This Agreement shall be interpreted as an enforceable New Hampshire contract. It conveys no interest in real estate, but only the right to the use of certain public Parking Spaces in accordance with applicable local laws and the terms and conditions hereof.

Section 12 — Amendments

This Agreement may be amended, changed or altered only with the written consent of the parties hereto in a document executed by both parties hereto in the same manner as this Agreement.

Section 13 — All Agreements Contained

This Agreement contains all of the agreements with respect to the subject matter thereof and supercedes all prior dealings between them with respect to such subject matter.

Section 14 — Overnight Parking-Other Regulations

This Agreement does not supercede or repeal or modify any ordinances or regulations of the City of Nashua relative to overnight parking prohibitions or other ordinances or regulations of the City pertinent to parking in the Parking Spaces which are the subject hereof, nor shall it prevent further ordinances from being adopted from time to time and being applied to the parking spaces which are the subject of this Agreement.

Agreed to as of the date first written above.

RESOLUTION
R-87-243

GRANTING AN ABATEMENT OF THE SEWER FEES OF 17 LESLIE LANE

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that in view of justification presented by Patrice M. Gagnon, the sewer betterment fee for 17 Leslie Lane is hereby reduced from $1,962.63 as assessed by Resolution R-87-205 to $1,471.97.

This abatement is made pursuant to Nashua Revised Ordinances Part II, Chapter 18, Article IV, Section 18-166, and in conformance with these laws, is for good cause shown and does not create discriminatory application of assessments.

WARRANTY DEED

James N. Tamposi and Samuel A. Tamposi, 2 Auburn Street, Nashua, Hillsborough County, New Hampshire, for consideration paid, grants to the City of Nashua, a New Hampshire Municipal Corporation having a place of business at 229 Main Street, Nashua, Hillsborough County, New Hampshire with warranty convenants;

A certain tract of parcel of land situated in said Nashua as shown on a plan entitled "Lot Line Relocation Plan (Lots E-60, F-236, F-450, F-451), Prepared for Nashua Airport Authority Boire Field, Nashua, New Hampshire", Dated September 29, 1983, prepared by Hamilton Engineering Associates, Inc., and more particularly described as follows:

Beginning at a point in the extended centerline of Blackfoot Drive, said point being 35 feet South 80°47'47" West of the end of Blackfoot Drive, said point being also the northeasterly corner of land of James N. Tamposi and Samuel A. Tamposi known as Lot F-449; thence,

1. North 10°55'40" West a distance of 195.24 feet to a point; thence,
2. North 83°22'10" West a distance of 272.90 feet to a point; thence,
3. South 42°45'00" East a distance of 293.50 feet to a point in the northerly line of Blackfoot Drive; thence,
4. Running along the northerly line of Blackfoot Drive a distance of 98.66 feet by a curve to the right of radius 40 feet to a point of intersection with the centerline of Blackfoot Drive; thence,
5. North 80°47'47" East a distance of 35 feet along the extended centerline of Blackfoot Drive to the point of beginning.

Containing 35,829 square feet.

Together with an easement for the construction of a roadway and for all uses normally conducted on public roads over a portion of Lot F-449 which lies between the extended centerline of Blackfoot Drive and the extended south line of Blackfoot Drive.

We release all rights of curtesy and dower and homestead and other interests in said premises.

Witness hand and seal this ____ day of _____, 1984.

RESOLUTION
R-87-253

APPROVING A HOUSING DEVELOPMENT GRANT
AND AUTHORIZING OTHER ACTION

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

1. The City of Nashua, New Hampshire (the "City") has been designated as the recipient of a Housing Development Grant in the principal amount of $5,001,093 (the "Grant") from the Secretary of Housing and Urban Development ("HUD") pursuant to Section 17 of the U.S. Housing Act of 1937, 42 U.S.C. 1437, and the Department of Housing Development Act, 42 U.S.C. 3531, *et. seq.*, for the purpose of financing a portion of the cost of redeveloping the property owned by Nashua Plaza Housing Associates Limited Partnership (the "Owner") located at 85 Factory Street, Nashua, into approximately 142 rental apartments and associated facilities (the "Project"). Pursuant to the Housing development Grant program, for a period of twenty-five years, 20% of the apartments are to be rented to households meeting income guidelines as determined by HUD.
2. As a condition to receiving the Grant, HUD requires the City to act as the grant administrator for the Grant and in such role to perform such duties as are required by the Grant and applicable law, including without limitation the enforcement of the requirements of the Grant and the monitoring of the Owner's construction and management obligations with respect to the Project.
3. The City shall lend the Grant funds to the Owner to fund a portion of the construction costs of the Project (the "HDG Construction Loan"). Upon repayment of the HDG Construction Loan, the City or the SPC (hereinafter defined), as applicable, shall invest the funds received as repayment of the HDG Construction Loan pursuant to an investment plan to be agreed upon between the City or the SPC, as applicable and the Owner (the "Investment Plan") and use such funds and the earnings thereon to make an assisted rental payment loan (the "ARP Loan") to the Owner.
4. The City is authorized to (i) receive the Grant and act as administrator of the Grant, (ii) make the HDG Construction Loan and the ARP Loan to the Owner on such terms

and conditions as are in accordance with applicable law and as the Mayor and HUD may authorize.

5. The City is authorized, at the Mayor's discretion, to create a non-profit special purpose corporation (the "SPC"), the members of which shall be the President of the Board of Aldermen, the chairman of the Planning and Economic Development Committee, the Executive Director of the Nashua Housing Authority, the City Treasurer, the City Comptroller, the Director of the Community Development Department and the Mayor or a designee of the Mayor. The members shall also serve as the directors of the SPC. The City may, with the prior approval of HUD, assign the Grant or the funds received upon repayment of the HDG Construction Loan to the SPC. The SPC may, with the prior approval of HUD, (i) administer the Grant, (ii) enter into the Investment Plan, and (iii) the ARP Loan to the Owner.

6. The Mayor is authorized on behalf of the City to (i) execute or cause to be executed, in such form as the Mayor may approve, any and all agreements, instruments, documents, and certificates (including without limitation, articles of agreement), necessary or appropriate to create the SPC; (ii) do or cause to be done all other acts or things necessary or desirable to create the SPC, the doing of such things to be conclusive evidence that the same is authorized by this Resolution; and (iii) to assign the Grant or the funds received as repayment of the HDG Construction Loan to the SPC.

7. The Mayor is authorized on behalf of the City to (i) execute or cause to be executed, in such form as the Mayor may approve, any and all agreements, instruments, documents and certificates (including without limitation a grant agreement between HUD and the City, and owner/grantee agreement between the City and the Owner, notes, mortgages, security agreements, leases and other contracts) as may be necessary or approprite to carry into effect the provisions of this Resolution; and (ii) do or cause to be done all acts or things (a) necessary or appropriate, when the Mayor deems it necessary or appropriate, to carry into effect the provisions of this Resolution or the provisions of any agreement, instrument, document or certificate, (b) as may be required or permitted by law applicable to any act or other matter or any agreement, instrument, document or cerficiate authorized by this Resolution or by the provision of any agreement, instrument, document or certificate authorized by this Resolution, or (c) as may be necessary or appropriate, when the Mayor deems it necessary or appropriate, for the full, punctual and complete performance and observance of all the terms, covenants, provisions and agreements to be observed by the City in connection with any agreement, instrument, document or certificate authorized by this Resolution, the doing of any such act or thing to be conclusive evidence that the same is authorized by this Resolution.

8. The City, and when and if created, the SPC, are authorized to exercise any and all of their repsective rights and perform any and all of their respective obligations under any of the agreements, instruments and documents referred to in Section 8 hereof.

RESOLUTION
R-87-256

RELATIVE TO THE APPROPRIATION AND USE OF FUNDS
FOR A NASHUA COMMMUTER RAIL FEASIBILITY STUDY

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

authorizing the filing of an application with the Department of Transportation, United States of America, for a grant under the Urban Mass Transportation Act of 1964, as amended.

WHEREAS, the Secretary of Transportation is authorized to make grants for a mass transportation program of projects and budget;

WHEREAS, the contract for financial assistance will impose certain obligations upon the applicant, including the provision by it of the local share of the project costs in the program;

WHEREAS, it is required by the U.S. Department of Transportation in accord with the provisions of Title VI of the Civil Rights Act of 1964, as amended, the applicant give an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U.S. Department of Transportation requirements thereunder; and

WHEREAS, it is the goal of the applicant that minority business enterprise be utilized to the fullest extent possible in connection with this project, and that definate procedures shall be established and administered to ensure that equipment contracts, or consultants and other services.

NOW, THEREFORE, BE IT RESOLVED:

1. That the Mayor is authorized to execute and file an application on behalf of the City of Nashua with the U.S. Department of Transportation to aid in the financing of planning, capital and/or operating assistance projects pursuant to Section 9 of the Urban Mass Transportation Act of 1964, as amended.
2. That the Mayor is authorized to execute and file with such applications an assurance or any other document required by the U.S. Department of Transportation effectuating the purpose of Title VI of the Civil Rights Act of 1964.
3. That the Mayor is authorized to furnish such additional information as the U.S. Department to Transportation may require in connection with the application for the program of projects and budget.
4. That the Mayor is authorized to set forth and execute affirmative minority business policies in connection with the program of projects and budgets procurement needs.
5. That the Mayor is authorized to execute grant agreements on behalf of the City of Nashua with the U.S. Department of Transportation for aid in the financing of the planning, capital and/or operating assistance program of projects and budget.

RESOLUTION
R-87-260

RELATING TO THE NASHUA ARTS AND SCIENCE CENTER

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the Nashua Arts and Science Center is a valuable asset to all of the citizens of Nashua and a credit to the community, and

WHEREAS, the Arts and Science Center has the opportunity to receive valuable donations which will facilitate the continued existence of the Center and its improvement, and

WHEREAS, the City of Nashua will itself benefit greatly by facilitating these donations, and

WHEREAS, the assistance of the City is required in order to facilitate said donations and thus to support the Arts and Science Center in its continued operations,

NOW THEREFORE be it Resolved by the Board of Aldermen of the City of Nashua, that the sum of $50,000.00 be transferred from Account 800-0 (Fund Balance) to Account 505-81013 (Arts and Science Center—Building Acquisition) for use in connection with the continued operation of the Center, to be paid at such times and in such amounts as the Mayor shall direct.

BE IT FURTHER RESOLVED that His Honor, the Mayor, is hereby re-authorized on behalf of the City to waive and release the City's right of first refusal and option contained in a deed from the City of Nashua to the Arts and Science Center dated October 12, 1971, and recorded in the Hillsborough County Registry of Deeds at Volume 2167, Page 246. (Reference is made to R-86-33).

BE IT FURTHER RESOLVED that His Honor, the Mayor, is further authorized to provide 39 parking spaces in the vicinity of the Arts and Science Center building to the Center, or its successor owner, by lease or other suitable legally binding method, for use in connection with any lawful use of the said building, if and when said building should ever be in private

ownership and not contain the Arts and Science Center or any other public use, whether said use is conducted by a public or private organization or individual or a unit of government.

RESOLUTION
R-87-262
RELATIVE TO SOVIET JEWS

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Seven
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the repression of Soviet Citizens by the Soviet government is a long-standing and well documented practice;

WHEREAS, this is especially true as it applies to Soviet Jews and their efforts to practice their religion, to express their culture and to travel freely;

WHEREAS, the denial of such fundamental rights was among the topics recently discussed at the time of Soviet Leader Gorbachev's historic visit to America and meeting with President Reagan;

WHEREAS, several Nashua organizations have joined together to "plead for human rights by raising public consciousness. . .on behalf of Soviet Jews" through a gathering at Daniel Webster College on Wednesday, January 6th, 1988;

NOW THEREFORE, be it resolved that the Nashua Board of Aldermen supports these activities of Nashuans which help "thwart the Soviet's efforts to break men and women".

BE IT FURTHER RESOLVED that copies of this Resolution be sent to U.S. Senator Gordon Humphrey, U.S. Senator Warren Rudman, U.S. Representative Judd Gregg, President Reagan and Soviet Leader Gorbachev.

WARRANTY DEED

KNOW ALL MEN BY THESE PRESENTS, that I, William T. Shubelka, an unmarried man, of 93 Pine Hill Road, Nashua, Hillsborough County, New Hampshire, for consideration paid, grant to the City of Nashua, a New Hampshire municipal corporation having a principal place of business at 229 Main Street, Nashua, Hillsborough County, New Hampshire, with WARRANTY COVENANTS:

A certain lot, tract or parcel of land with buildings and improvements thereon situated in Nashua, Hillsborough County, New Hampshire, bounded and described as follows:

Beginning at the northerly side of the Pine Hill Road at a point one hundred (100) feet more or less easterly from the southwesterly boundary line of land now or formerly of Clara E. Parker as described in a deed of Nathanial H. Proctor's to Clara E. Skinner, later Parker, recorded in the Hillsborough County Registry of Deeds in Volume 733, at Page 542; thence

(1) Easterly by said Pine Hill Road two hundred (200) feet, more or less; thence

(2) Northerly at right angles, or nearly so, with said Pine Hill Road two hundred (200) feet, more or less; thence

(3) Westerly at right angles, or nearly so, with said last mentioned line two hundred (200) feet, more or less, said line being parallel, or nearly so, to said Pine Hill Road; thence

(4) Southerly at right angles, or nearly so, with said last mentioned line two hundred (200) feet, more or less, to the point of beginning at said Pine Hill Road.

Meaning and intending to convey all of the premises conveyed to me, the within grantor, by deed of the City of Nashua of May 30, 1972 recorded in the Hillsborough County Registry of Deeds at Volume 2218, at Page 117. Reference is also made to the prior deed of Julius Shubelka to me, the within grantor, of May 8, 1968, recorded in the Hillsborough County Registry of Deeds in Volume 1977 at Page 101.

I, William T. Shubelka, the within grantor, am unmarried and hereby release all rights of homestead and any other interests or rights I may have in the property hereby conveyed.

WITNESS my hand this the 7th day of January, 1988.

Witness

William T. Shubelka

THE STATE OF NEW HAMPSHIRE
HILLSBOROUGH, SS.

Then personally appeared before me William T. Shubelka, known to me, who executed and acknowledged the foregoing in my presence and who acknowledged that he executed the same as his free act and deed for the purposes therein contained, this 7th day of January, 1988.

APPROPRIATING $30,000 IN THE 1977-78 FISCAL YEAR BUDGET
FOR THE PRODUCTION OF A NEW HISTORY OF NASHUA, TO BE OFFSET BY
$20,000 IN THE ESTIMATED REVENUE ACCOUNT FROM THE SALE OF THE
BOOKS PRODUCED.

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Seventy-seven
RESOLVED, By the Board of Aldermen of the City of Nashua

that the sum of $30,000 be appropriated in the 1977-1978 fiscal year budget for the purpose of funding the production and sale of a new history of Nashua, the production to be under the direction and supervision of the staff of the Nashua Public Library; and further resolved that the sum of $20,000 be included in Estimated Revenue for the same fiscal year as anticipated revenue from the sale of the books produced.

It is understood that the unspent balance of the funds available from book orders, grants and other sources at the date of the passage of this Resolution will be turned over to the City of Nashua as additional funding for this project, and that all future revenue from the sale of books or from other sources in connection with the new history of Nashua received after the same date will be turned over to the City as General Fund revenues.

Upon reimbursement to the City of Nashua the sum of $30,000 future revenues will be turned over to the Nashua Public Library for the purchase of books of a historical nature.

RESOLUTION
R-88-38

RELATIVE TO AUTHORIZING THE MAYOR TO PETITION
THE DEPARTMENT OF REVENUE ADMINISTRATION
TO ADMEND ITS SURPLUS UTILIZATION RULE

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

that the Department of Revenue Administration under RSA 541-A:6, of the Administration Procedures Act, has promulgated a rule restricting the level of surplus that can be used or retained, the City of Nashua has determined that this level of surplus utilization limitation is not in its best interest. Under 1986 Sunset review of the Department of Revenue Administration, the House Ways and Means Committee and House of Representatives passed legislation, later killed in the Senate, which would have granted more local control over tax rate setting, a committee appointed by the legislature under Chapter 110 of the Laws of 1987 proposed an amendment to the statute allowing communities to establish their own level of surplus. The City of Nashua has a long standing history of concern over this restriction evidenced by its past State Supreme Court Appeal, administrative hearings, resolutions and support of legislation to improve its level of control over its financial operations. The Municipal and County Government Committee and the full House of Representatives did not pass this amended legislation in a form satisfactory to the City of Nashua.

THEREFORE, be it resolved that: the Board of Aldermen of the City of Nashua supports the efforts of the Committee and the intent of the language provided in the original bill, and supports the continued work of the Committee in this regard and directs the Mayor and Corporate Council to formulate under RSA 541-A:6 a petition to amend the present rule and directs that a copy of this resolution be distributed to other interested communities in the State of New Hampshire and that this Resolution take effect upon its passage.

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

that the Mayor is hereby authorized to execute on behalf of the City of Nashua, a lease of City Hall space for the State Department of Motor Vehicles to the State of New Hampshire-Department of Safety for a term commencing July 1, 1988 and concluding June 30, 1989, unless otherwise terminated.

Passed May 24, 1988
Thomas B. Kelley, President
Approved May 24, 1988
James W. Donchess, Mayor
A true copy attest Eleanor A. Benson, City Clerk

LEASE

Parties to the Lease:

THIS INDENTURE OF LEASE is made this 1st day of July, 1988 by and between the following parties:

1.1 The Landlord (who is hereinafter referred to as the "Landlord") is:

Name: City of Nashua

State of Incorporation: New Hampshire

Business Address: City Hall, CS 2019, Nashua, NH 03061

1.2 The Tenant (who is hereinafter referred to as the "Tenant") is THE STATE OF NEW HAMPSHIRE, acting by and through its Commissioner of the

Department Name: Department of Safety

Address: Hazen Drive, Concord, NH 03301

Telephone: (603) 271-2589

WITNESSETH THAT

2. *Demise of the Premises:*

For and in consideration of the rent and the mutual covenants and agreements herein contained the Landlord hereby demises to Tenant and the Tenant hereby leases from Landlord, the following premises (hereinafter called the "Premises") for the Term (as defined herein) at the Rent (as defined herein) and upon the terms and conditions hereinafter set forth:

(Office Space on) (the 1st floor of) the building located at *on Elm Street,* in the City of *Nashua* and State of *New Hampshire,* which building is known as *City Hall,* and consisting of 1,566 square feet more or less together with the right to use in common, with others entitled thereto the hallways, stairways and elevators necessary for access thereto and use of the conference room as shown on Exhibit B attached, and the lavatories nearest thereto. (The said Premises are outlined on the plan attached as Exhibit A hereto and made a part hereof.)

3. *Term: Delays: Extensions; Conditions Upon Commencement:*

3.1 *Term:* TO HAVE AND TO HOLD for a term (hereinafter called the "Term") of *12 months* commencing on the *1st* day of *July, 1988,* and terminate on the *30th* day of *June, 1989,* unless sooner terminated in accordance with the provisions hereof.

3.2 *Delay in Occupancy:* If for any reason including, but not limited to, Landlord's failure to complete preparation of the Premises for occupancy by Tenant, the Landlord shall be unable to deliver possession of the Premises on the date of commencement of this Lease, the date for commencement of the Term and the time for performance of all conditions and covenants of Tenant hereunder shall, at Tenant's option, be postponed until possession of Premises is given or until such reasonable time as Landlord shall complete all necessary preparations.

Delay in Occupancy, Extensions of Commencement Date: (Optional) If for any reason whatsoever, the Landlord shall be unable to give possession of the Premises to Tenant on the date set for commencement of the Term hereinunder, the date for commencement or the Term and for the performance of all obligations of the parties hereunder shall (at Tenant's option) be extended for a period of *thirty (30)* days, and if, after the expiration of the said period, the Premises are not available for full occupancy by the Tenant, this Lease shall terminate and shall be null and void and without recourse to the parties hereto.

3.3 *Conditions on the Commencement and Extension of Term:* Notwithstanding the foregoing provisions it is hereby understood and agreed by the parties hereto that this Lease and the commencement of the Term and each and every extension thereof is conditioned upon its approval by both the Governor and Council of the State of New Hampshire as well as the Mayor of the City of Nashua. In the event that said approval by the Governor and Council or the Mayor is not given until after the date for commencement of the Term, the Term shall begin on the date of said approval; and provided further, that in the event that the execution of this Lease by either the Landlord or the Tenant shall not be so approved then this Lease shall thereupon immediately terminate and all obligations hereunder of the parties hereto shall cease.

4. *Rent, Additional Rent:*

Rent: During the Term hereof and any extended Term, Tenant shall pay the Landlord annual rent (hereinafter called the "Rent") of *$21,252.00* payable in advance at the Landlord's address set forth in Section 1 above, in equal monthly installments of *$1,771.00* (the first such installment to be due and payable on the *1st* day of *July, 1988*).

5. *Extensions:*

It is hereby agreed that the Tenant shall be granted three remaining individual one year extensions to the lease beginning *July 1, 1989.* Rent shall be subject to negotiation and shall be determined prior to each annual extension. The annual rental increase shall not be more than 25% of the rent for the immediately preceding year.

6. *Conditional Oblitation of the State:*

Nothwithstanding the provisions of Section 4 or anything contained in this Lease to the contrary, it is hereby expressly understood and agreed by the Landlord that the existence and continuance of this Lease and the obligations of the Tenant hereunder are contingent upon the availability of State funds appropriated by the General Court of New Hampshire (and of Federal funds) (and) made available for this purpose, (and) that neither the State nor the Tenant shall be liable for payments under this Lease except from such funds and in the event that any portion of such funds are terminated, that Tenant may, at its option serve thirty (30) days written notice on Landlord or its intention to cancel the Lease in whole or in part. It is further expressly understood and agreed by the Landlord that in the event the State of New Hampshire shall at any time make available State owned facilities for the housing of the Tenant, the Tenant may, at its option, serve thirty (30) days written notice on the Landlord of its intention to cancel the Lease in whole or in part. Whenever the Tenant decides to cancel the Lease in whole or in part under this section and has served the required notice on the Landlord, it shall, within the thirty (30) day period vacate all or part of the Premises, in which case this Lease shall terminate upon the expiration of the said thirty (30) days with respect to that

portion of the Premises vacated but shall continue in full force and effect with respect to that portion of the Premises still occupied, and an appropriate abatement of rent shall be made by the parties hereto.

7. *Utilities:*

The Landlord shall furnish at its own expense all utilities. Landlord agrees to furnish reasonable heat (and air conditioning) to the leased premises, the hallways, stairways, elevators, and lavatories during Tenant's business hours as weather conditions require, to furnish elevator service and to light passageways and stairways during Tenant's business hours, all subject to interruption due to the making of repairs, alterations or improvements, or to any cause beyond the Landlord's control.

8. *Use of the Premises: Compliance with Laws and Regulations Affecting the Same:*

8.1 *Use of Premises:* Tenant shall use the premises for the purpose of *Office space for the Department of Safety, Division of Motor Vehicles,* and for any other purposes as may arise in the course of Tenant's business.

9. *Maintenance and Repair:*

9.1 *Maintenance by the Landlord:* The Landlord shall, at its own expense maintain the exterior and interior of the Premises and all appurtenances thereto and the hallways, passageways, stairways (and elevators) providing access thereto in good repair and condition and shall make all repairs to the Premises or any appurtenances thereto which may become necessary during the Term or any extension whether the same are ordinary or extraordinary or whether they are ordered or required by any public or other authority to be made in the Premises are requested by Tenant, or are dictated by reasonable and sound judgement, including but not limited to the repair, and if necessary the replacement, of the roofs, air conditioning, plumbing and ventilating systems, lighting fixtures and all operating equipment provided by the Landlord and including the complete repainting of the interior of the Premises at Tenant's request (but not more often than once every two (2) years,); provided, however, that nothing contained shall require the Landlord to make, or assume the responsibility for, any repair of any damage to the Premises caused by negligence of willful acts of the Tenant or its agents, servants, employees or invitees.

9.2 *Janitorial Services:* Janitorial services shall be provided by the Landlord for the premises leased for $60 per week from July 1, 1988 through June 30, 1989. For each extension to this lease beyond June 30, 1989 the cost to the tenant shall be subject to the same provisions contained in paragraph 5. Extensions.

9.3 *Failure to Maintain, Tenant's Remedy:* If Landlord fails to maintain the Premises as provided herein, Tenant shall give Landlord written notice of such failure. If within fifteen (15) days after such notice is given Landlord fails to take steps to remedy the conditions specified therein, Tenant may, at Tenant's option, and in addition to the other rights and remedies of Tenant provided hereunder, contract to have such condition repaired and Landlord shall be liable for any and all expenses incurred by Tenant resulting from Landlord's failure.

10. *Alterations, Additions and Improvements:*

10.1 *Alterations, etc.:* Tenant may, at its own expense, make any alterations, additions or improvements to the premises; provided, however, that where such alterations, additions or improvements are of structural nature, Tenant must obtain prior written approval of the Landlord; such approval shall not be unreasonably held.

10.2 *Manner of Work:* All alterations, additions or improvements by Tenant shall be performed in a good and workmanlike manner and when completed shall be made in compliance with all building and zoning laws and all other provisions of law and any permits required by any ordinance, law or public regulation shall be obtained. The said alterations will not weaken or impair the structure of the premises or substantially lessen its value; nor will they change the purpose for which it is used without Landlord's prior written consent.

10.3 *Ownership, Removal of Repairs:* All additions, alterations or improvements made by Tenant shall be the property of the Tenant and any alterations, additions or installations made by Tenant which can be removed, at the termination of the Lease, without causing any substantial damage to the Premises shall be the property of the Tenant and may be removed by Tenant any time before the expiration of ten (10) days after the date of termination of the Lease; provided, however, that Tenant shall leave the Premises in good order and condition and shall repair all damages occasioned by the said removal.

11. *Quiet Enjoyment:*

Landlord covenants and agrees that so long as the Tenant is not in default under any of the covenants and agreements of this Lease, Tenant's quiet and peaceful enjoyment of the Premises shall not be disturbed or interferred with by the Landlord or any person claiming by, through or under the Landlord.

12. *Signs:*

Tenant shall have the right to erect a sign or signs on the Premises identifying the Tenant; provided, however, that any such signs must be approved in advance by Landlord; such consent will not be unreasonably withheld. Provided further that all such signs shall be removed by Tenant, at Tenant's expense, at the end of the Term or any extension thereof, and all damage due to such removal shall be repaired by Tenant.

13. *Inspection:*

Landlord, or Landlord's agent, may enter the Premises at all reasonable hours for the purpose of inspecting the same or of making repairs and showing Premises within three (3) months before the expiration of the Term or any extension thereof to persons wishing to rent the Premises. Landlord may within six (6) months prior to the expiration of the Term, affix to any suitable part of the Premises of the property of which the Premises are a part, a notice for letting or selling the Premises.

14. *Assignment and Sublease:*

This lease shall not be assigned by the Landlord or Tenant without the prior written consent of the other nor shall the Tenant sublet Premises or any portion thereof without Landlord's consent, such consents not be unreasonably withheld or delayed; provided, however, that notwithstanding the foregoing Tenant sublet the Premises or any portion thereof to any government agency under the auspecies of the Tenant, without Landlord's prior consent.

15. *Insurance:*

During the Term and any extension thereof Landlord, at Landlord's sole cost and expense, shall maintain with respect to the Premises and the property of which the Premises are a part, comprehensive public liability insurance against all claims for injury to or death of persons, or damage to property occurring on (or which may be claimed to have occurred on) in, or about the Premises, such insurance to provide minimum protection, in limits of not less than *Fifty Thousand Dollars ($50,000.00)* in respect of bodily injury or death to any one person, and (not less than *One Hundred Thousand Dollars ($100,000.00)*) in the event of bodily injury or death to one or more persons, and not less than *Fifty Thousand Dollars ($50,000.00)* for property damage. All such insurance shall be effected under standard form valid policies issued by insurers of recognized responsibility qualified to do business in and licensed by the insurance department of the state in which the Premises are located, insuring the Landlord and Tenant, as their interests may appear, against injury to persons or damage to property. The Landlord shall deposit with the Tenant certificates for such insurance or for renewal thereof at or prior to the commencement of the Term, and thereafter within thirty (30) days prior to the expiration of any such policies. All such insurance certificates shall provide that such policies shall not be cancelled without at least ten (10) day prior written notice to each assured named therein.

16. *Idemnification:*

Landlord will save Tenant harmless, and will idemnify Tenant from and against any and all losses, suffered by Tenant and from and against any and all claims, liabilities or penalties asserted by or on behalf of any person, firm, corporation or public authority.

16.1 *Acts or Omissions of Any Persons:* On account of or based upon any injury to person, or loss of or damage to property, sustained or occurring or which is claimed to have been sustained or to have occurred on or about the Premises on account of or based upon the act, omission, fault, negligence or misconduct of any person whomsoever.

16.2 *Landlord's Failure to Perform Obligations:* On account of or resulting from the failure of Landlord to perform and discharge any of its covenants and obligations under this Lease and, in respect of the forgoings, from and against all costs, expenses (including reasonable attorney's fees) and liabilities incurred in, or in connection with, any such claim, or any action or proceeding brought thereon in; and in case any action or proceeding be brought against Landlord by reason of any such claim Landlord, upon notice from Tenant, shall at Landlord's expense resist or defend such action or proceeding.

16.3 *Tenant's Acts or Omissions Excepted:* Nothwithstanding the foregoing nothing contained in this section shall be construed to require the Landlord to indemnify Tenant for any loss or damage resulting from the acts, omission, fault, negligence or misconduct of the Tenant or his agents, servants and employees for whom Tenant shall be responsible.

17. *Fire Casualty and Eminent Domain:*

Should a substantial portion of the Premises, or of the property of which they are a part, be substantially damaged by fire or other casualty, or be taken by eminent domain, the Landlord or Tenant may elect to terminate this Lease. When such fire, casualty or taking renders the Premises substantially unsuitable for their intended use, a just and proportionate abatement of rent shall be made as of the date of such fire, casualty or taking and until such time as Landlord shall repair the Premises, provided, however, that the Tenant may elect to terminate this Lease if:

17.1 *Landlord's Failure to Provide:* The Landlord fails to give written notice within thirty (30) days of its intention to restore the Premises,

or,

17.2 *Landlord's Failure to Repair:* The Landlord fails to restore the Premises to a condition substantially suitable for their intended use within ninety (90) days of said fire, casualty, or taking. The Landlord reserves, and the Tenant grants to the Landlord, all rights which the Landlord may have for damages or injury to the Premises for any taking by eminent domain, except for damage to the Tenant's fixtures, property, or equipment or any award for Tenant's moving expenses.

18. *Events of Default: Termination by the Landlord and Tenant:*

18.1 *Events of Default: Landlord's Termination:* In the Event that:

Tenant's Failure to Pay Rent: The tenant shall default in the payment of any installment of rent or other sum herein specified and such default shall continue ten (10) days after written notice, thereof; or

18.2 *Tenant's Breach of Covenants, etc.:* The Tenant shall default in the observance or performance of any other of the Tenant's covenants, agreements, or obligations hereunder and such default shall not be corrected within thirty (30 days of written notice by the Landlord to the Tenant specifying such default and requiring it to be remedied the, and in such an event, Landlord may serve a written two (2) days notice of cancellation of this Lease upon the Tenant and upon the expiration of such two (2) days, this Lease and the Term hereunder shall terminate and upon such termination Landlord may immediately or at any time thereafter, without demand or notice enter into or upon the Premises (or any part thereof) and repossess the same.

18.3 *Landlord's Default: Tenant's Remedies:* In the event that Landlord shall default in the observance of any of the Landlord's covenant, agreements and obligations hereunder and such default shall not be corrected within thirty (30) days of written notice by the Tenant to the Landlord specifying such default and requiring it to be remedied then Tenant at Tenant's option may withhold a proportionate amount of the rent until such default is cured or may serve a written two (2) days notice of cancellation of this Lease upon the Landlord and upon the expiration of such two (2) day period the Lease shall terminate.

18.4 *Rights Hereunder:* The rights granted under this Section shall be in addition to and not in substitution for any rights or remedies granted to the parties either at law or in equity.

19. *Surrender of the Premises:*

In the event that the Term or any extension thereof shall have expired terminated, Tenant shall peacefully quit and surrender to Landlord the Premises together with all improvements, alterations, or additions made by Tenant which cannot be removed without damaging the Premises. Tenant shall remove all of its personal property and shall repair any damage caused by such removal. Tenant's obligations to obey and perform the covenants contained herein shall survive the expiration or termination of this Lease.

20. *Broker's Fees and Indemnification:*

Landlord and Tenant each hereby represent and warrant to the other that they have not dealth, directly or indirectly, with any broker or finder with respect to the leasing of the Premises, and hereby agree each to exonerate and save harmless and indemnify the other against any claims for commission or otherwise arising out of the execution and delivery of this Lease or out of the negotiations between the Landlord and Tenant with respect thereto.

21. *Notice:*

Any notice by a party hereto the other party shall be deemed to have been duly delivered or given at the time of mailing by registered or certified mail, postage prepaid, in a United State Post Office, addressed to the parties at the addresses provided in Section 1 above.

22. *Miscellaneous:*

22.1 *Extent of Instrument, Choice of Laws, Amendment, etc.:* This Lease, which may be executed in a number of counterparts each of which shall have been deemed an original but which shall constitute one and the same instrument is to be construed according to the laws of New Hampshire, is to take effect as a sealed instrument, is binding upon, inures to the benefit of, and shall be enforceable by the parties hereto and their respective successors and assigns, and may be cancelled, modified, or amended only be a written instrument executed and approved by the Landlord and Tenant.

22.2 *No Waiver or Breach:* No assent, by either party, whether express or implied, to a breach of a covenant, condition, or obligation by the other party, shall act as a waiver of a right of action for damages as a result of such breach, or shall be construed as a waiver of any subsequent breach of the covenant, condition or obligation.

22.3 *Unenforceable Terms:* If any terms of this Lease or any application thereof shall be invalid or unenforceable, the remainder of this Lease any any application of such term shall not be affected thereby.

22.4 *Meaning of "Landlord" and "Tenant"'* Where the context so allows, the term "Landlord" shall include the employees, agents, contractors, servants, licenses and invitees of Landlord and the term "Tenant" shall include the employees, agents, contractors, servants, licenses and invitees of the Tenant.

22.5 *Headings:* The headings of the Lease are for purposes of reference only and shall not limit or define the meaning hereof.

22.6 *Entire Agreement:* This Lease embodies the entire agreement and understanding between the parties hereto and supercedes all prior agreements and understandings relating to the subject matter hereof.

22.7 *No Waiver of Sovereign Immunity:* No provision in this Lease is intended to be nor shall it be interpreted by either party to be a waiver of sovereign immunity.

RESOLUTION
R-88-32

AUTHORIZING THE CONDEMNATION OF CERTAIN REAL PROPERTY
FOR PURPOSES OF COURTHOUSE CONSTRUCTION,
AND AUTHORIZING CONVEYANCE THEREOF
TO THE STATE OF NEW HAMPSHIRE

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the State of New Hampshire intents to construct the new Hillsborough County Superior Courthouse on certain lands on Spring Street, Nashua; and

WHEREAS, the City of Nashua has previously adopted Resolutions R-84-96, R-84-117 and R-86-59 in support thereof and authorizing various actions; and

WHEREAS, the City of Nashua hereby reaffirms its prior enactments set forth above; and

WHEREAS, the City of Nashua considers the erection of a new court facility in Nashua to be a necessary public purpose, reasonable and of benefit to the City and the region; and

WHEREAS, a certain tract of land known as the Sullivan Funeral Home is necessary for the construction of the Courthouse (Assessor's Sheet 32, Lot 24);

NOW THEREFORE, be it resolved by the Board of Aldermen of the City of Nashua that the Mayor and Corporation Counsel are hereby authorized to acquire for the City the parcel of land known as the Sullivan Funeral Home (Assessors Sheet 32, Lot 24) in fee for purposes of providng the same to the State of New Hampshire for the purpose of locating, constructing and operating the new court facilities in Nashua and to do the same by conveyance to the state, or otherwise, under such terms and conditions as the said Mayor and Corporation Counsel may deem appropriate. The land is to be acquired by purchase or by eminent domain, as may be necessary, in accordance with the provisions of RSA 31:92, 498-A, and other applicable law.

RESOLUTION
R-88-51

AUTHORIZING THE FILING OF AN APPLICATION WITH THE DEPARTMENT OF TRANSPORTATION, UNITED STATES OF AMERICA, FOR A GRANT UNDER THE URBAN MASS TRANSPORTATION ACT OF 1964, AS AMENDED

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the Secretary of Transportation is authorized to make grants for a mass transportation program of Projects and Budget;

WHEREAS, the contract for financial assistance will impose certain obligations upon the applicant, including the provision by it of the local share of project costs in the program;

WHEREAS, it is required by U.S. Department of Transportation in accord with the provisions of Title VI of the Civil Rights Act of 1964, as amended, the applicant give an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U.S. Department of Transportation requirements thereunder; and

WHEREAS, it is the goal of the applicant that minority business enterprise be utilized to the fullest extent possible in connection with these projects, and that definitive procedures shall be established and administered to ensure that minority businesses shall have the maximum feasible opportunity to compete for contracts when procuring construction contracts, supplies, equipment contracts, or consultant and other services:

NOW THEREFORE, be it resolved by the Board of Aldermen:

1. That the Mayor is authorized to execute and file an application on behalf of the City of Nashua with the U.S. Department of Transportation, to aid in the financing operating and capital projects pursuant to Section 9 of the Urban Mass Transportation Act of 1964, as amended.
2. That the Mayor is authorized to execute and file with such applications an assurance or any other document required by the U.S. Department of Transportation effectuating the purposes of Title VI of the Civil Rights Act of 1964.
3. That the Community Development Director is authorized to furnish such additional information as the U.S. Department of Transportation may require in connection with the application for the project.
4. That the Mayor is authorized to set forth and execute affirmative minority business policies in connection with the program of Projects and Budgets procurement needs.
5. That the Mayor is authorized to execute grant agreements on behalf of the City of Nashua with the U.S. Department of Transportation for aid in the financing of the capital and operating program of Projects and Budget.

RESOLUTION
R-88-60

AUTHORIZING THE FILING OF AN APPLICATION WITH THE STATE OF NEW HAMPSHIRE'S OFFICE OF STATE PLANNING FOR GRANT FUNDING UNDER THE TRUST FOR NEW HAMPSHIRE LAND, LAND CONSERVATION INVESTMENT PROGRAM (RSA 221-A)

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

WHEREAS, the General Court of the State of New Hampshire has recognized that the conservation of natural resource lands is in the interest of the people of the State and to that end a program has been established for their acquisition and/or conservation through other alternative measures; and

WHEREAS, it is required by the recently promulgated Administrative Rules in accordance with RSA 221-A, that the local governing body approve applications to the State for eligibility determination:

NOW, THEREFORE be it resolved by the Board of Aldermen:

That His Honor, the Mayor, be authorized to execute and file an application on behalf of the City of Nashua with the Office of State Planning through its Executive Director, for possible funding of land conservation projects pursuant to the Land Conservation Investment Program.

RELATIVE TO THE ADOPTION OF A REVISED FISCAL YEAR '89 PROPOSED BUDGET

CITY OF NASHUA

In the Year of Our Lord One Thousand Nine Hundred and Eighty-Eight
RESOLVED, By the Board of Aldermen of the City of Nashua

that the Fiscal Year '89 Proposed Budget of the City of Nashua be and is hereby adopted, and that the following amounts are hereby appropriated for the several accounts and for other needs of the City of Nashua for the fiscal year beginning July 1, 1988 and ending June 30, 1989, and for the purposes of Section 50a of the Nashua Revised City Charter, as amended, each item of this budget shall be considered as a separate appropriation. The proposed appropriation amount is $84,858,638 with estimated revenues of $20,466,834. Various line items are to be changed as indicated in the Mayor's Veto of Distinct Appropriations.

This Resolution supercedes R-88-37. The appropriation decrease of $407,840 is reflected in the Bonded Debt Service Budget, #592.

DECLARATION OF MAYOR'S VETO OF DISTINCT APPROPRIATIONS

I, James W. Donchess, Mayor of the City of Nashua, do hereby veto the distinct appropriations described below and appearing in Resolution R-88-44, Relative to the Adoption of a Revised Fiscal Year 1989 Proposed Budget, the same having been passed, as amended, by the Nashua Board of Aldermen on June 28, 1988. This action is taken in accordance with Section 47 of the Charter of the City of Nashua for purposes of effecting indicated changes to the Budget of the City of Nashua for Fiscal Year '89. All other sections of R-88-44 shall take effect in accordance with their terms. This Declaration of Veto is filed with the Nashua City Clerk on the day set forth below and shall be appended to the original copy of R-88-44.

Section Vetoed

Department	*Item # or Section Vetoed*	*Amount of Reduction*
502 (Attorney Services, School Negotiations)	51005	Reduce to $0 ($15,000 reduction)
505	81016 (City Transporation)	Reduce to $335,500 ($12,500 reduction)
505 (Civic and Community Activities)	81038 (Info and Referral)	Reduce to $44,000 ($4,000 reduction)
532 (Fire Department)	68065 (Mobile Command Van)	Reduce to $0 ($39,000 reduction)
553 (Street Department)	99998 (Bottom-line adjustment)	Reduce to $4,328,595 ($100,000 reduction)
564 (Aeronautical Fund)	75023 (Buildings and Grounds)	Reduce to $20,000 ($17,200 reduction)
575 (Library)	53025 (Consulting Services)	Reduce to $0 ($31,515 reduction)
581 (School Department)	99998 (Bottom-line adjustment)	Reduce to $37,070,353 ($27,000 reduction)
593 (Capital Reserve)	87005 (Bottom-line)	Reduce to $0 ($100,000 reduction)
600 (Capital Improvements)	A-3 (Superior Court site)	Reduce to $166,000 ($334,000 reduction)
TOTAL REDUCTIONS:		$680,215

In effect, these item numbers vetoed above decrease the bottom line of the respective department as well.

July 5, 1988

James W. Donchess, Mayor

— NOTES —

ADOPTED BUDGET

Fiscal Year '89

CITY OF NASHUA, NEW HAMPSHIRE
James W. Donchess, Mayor

July 1, 1988

To the Citizens of Nashua:

I present for your review the Fiscal Year '89 City of Nashua Budget. This year's budget was far and away the most difficult to prepare of all the budgets I have fashioned in concert with the Board of Aldermen. It represents the sum total of a series of difficult choices concerning our community's priorities, and reflects as always my desire to improve City services while simultaneiously protecting the stability of our tax rate.

Striking that always elusive balance was made more difficult than ever this year by certain fiscal realities beyond the City's control. Anticipating these realities, I made significant reductions in the budget requests of all the major departments as I formulated by budget proposal to the Board of Aldermen in the Spring. Then I used my authority under the City Charter to line-item veto certain spending proposals at the end of the budget process in July. After consulting with the Aldermanic Budget Committee, I made $680,000 worth of line-item reductions in the budget—all in an attempt to reduce an anticipated tax increase later this year. Despite these reductions, it will not be possible this year to achieve a tax rate increase lower then the inflation rate, a goal we have achieved in each of the last three years (the City's tax rate increased by only 1.9% in 1985, 2.9% in 1986 and 1.4% in 1987).

Foremost among the fiscal realities cited above was the error made by the State Department of Revenue Administration in its county tax computation last year. By undercharging the City of Nashua by $600,000 and then insisting that all the monies be made up this year, the DRA has struck a damaging blow to tax stability here in Nashua. The DRA's mistake—in and of itself—accounts for a $1.2 million increase in this year's county tax over last year's (which represents approximately $0.60 on our local tax rate). Moreover, the county tax is increasing significantly this year over and above the DRA mistake, and consequently the City is looking at an increase of $2.0 million in our county tax in the coming fiscal year (from $4.6 million last year to $6.6 this year). This increase placed a serious constraint on the rest of this year's municipal budget.

Two other fiscal parameters have also contributed to a tough budget climate for FY 89. First, this budget incorporates the scheduled cutoff of Foundation Aid from the state, reducing to zero monies that Nashua receives in general education assistance from the state. Second, the City's insurance costs have increased dramatically. We have experienced over a 30% increase in insurance costs this year, which represents another $1.2 million in our budget. In light of this increase, I have instructed our Risk Management office to seriously explore the feasibility of moving to a self-insured status for employee health care in the future.

These were the parameters—the county assessment, the loss of Foundation Aid, and the insurance increases—that initially framed our budget deliberations this year. By the end of the budget process, I and the Board of Aldermen were also faced with reduced surplus estimates (the current surplus projection is $4.7 million—still a very healthy figure and higher than any other year in the City's history excepting last year's record of $6.5 million) that then had to be incorporated into our deliberations.

Despite these constraints, the City budget as adopted will improve vital City services in several important areas. The budget calls for the addition of eight police officers to the force in January of 1989 which will supplement foot patrol efforts in French Hill and the "Tree Streets" and more generally supplement the Department's enforcement capabilities, especially in the area of drug trafficking control measures.

A large portion of this year's budget increase is accounted for by the School Department. Public kindergarten accounts for $1.4 million of an overall increase of 17.5% over last year's School Department budget. This increase underscores our community's ongoing committment to quality education, and includes in particular a special new committment to drug education in our schools. We must focus our energy and attention in educating our young people, beginning in the early elementary grades, to the perils of drug abuse. The school budget was also amended to include an additional $50,000 for textbooks and materials, at my request. These changes was made as a direct response to concerns voiced by parents about the adequacy of our current stock.

Lastly, in the area of traffic control, this budget contains monies for the upgrading of the Main Street traffic signal system. Relieving traffic congestion in our downtown remains an ongoing priority of City government.

In sum, I believe this budget strikes a fair balance, in a difficult year, between what our community needs and what we can afford. I urge the citizens of Nashua to examine their City budget for Fiscal Year '89 with care, and to make myself and the Board of Aldermen aware of any changes or improvements you wish to suggest for next year. Thank you.

Yours very truly,

James W. Donchess

ANNUAL REPORT

ADMINISTRATIVE SERVICES DIVISION
JULY 1, 1987 TO JUNE 30, 1988

Director ..... Russell R. Marcoux

The Administrative Service Division encompasses several departments involved in diverse, yet related, administrative functions. Division Director Russell R. Marcoux coordinates the efforts of these departments: Assessor, City Clerk, Financial Services (includes Tax Collector), Human Resources, Insurance-Risk Management, Management Information Services, and Voter Registration.

In addition to its operating departments, the Director also acts as liaison for other autonomous and semi-autonomous deaprtments in the areas of budget preparation, personnel administration and financial/payroll procedures.

This year saw many major personnel changes throughout the division. Nineteen year veteran Treasurer/Tax Collector Irving J. Gallant retired in December; equally veteran Deputy Treasurer/Tax Collector Eloise Ravanelle retired in February; Personnel Director Marilyn Greenwood entered private business in January after nine years service; Purchasing Agent Roger Kerouac passed away suddenly in February and the Treasury Secretary, Katherine "Kitty" Dalaberas retired in November and unfortunately passed away in March.

These changes brought about many promotions of valued City employees: Paul A. Martel, Comptroller, was promoted to Treasurer/Tax Collector and subsequently Chief Finance Officer, heading the new Financial Services Department; Charles M. Keeler, Deputy Controller, became Associate Finance Officer; Marilyn "Mitzi" Baron was promoted to Human Resources Manager; Shirley Bonenfant, Buyer, was promoted to Assistant Purchasing Manager and William Thompson was hired as Purchasing Manager.

In addition to these changes, the Division was reorganized to streamline its effectiveness beginning with the new July 1, 1988 fiscal year. We have continued in our attempt to modernize the Administrative Division of City Government:

This year, we completed our second full year using an automated vehicle registration system. We were the first municipality in the State to have computerized this process. We met our initial objective of eliminating the long lines that had been occurring during registration and began a pilot program of automated vehicle registration by mail. The results will be used to evaluate a full time program, hopefully during this next fiscal year. This was accomplished with the added responsibility of verifying emission equipment certificates on vehicles registered, mandated by the State. Fortunately, the State provided us with the services of Charles Doyer who provided information to vehicle registrants.

This year we completed our first full year of collecting unpaid parking fines prior to vehicle registration. Again, we were the first municipality in the State were a vehicle cannot be registered until all outstanding parking violations have been paid. We are able to assure the collection of all local fines automatically each year, without the use of police warrants and the Courts, lessening the burden on these two orgnizations. This year alone, we saw a $53,000 increase in revenue over budget in this area.

Through enabling legislation, we opted to replace the tax sale of delinquent taxes process by placing a tax liens on property, thus eliminating a cumbersome step and adding security to real estate property of our taxpayers. The value of taxable real estate reached $2.2 billion during the year.

We automated the record keeping of Trust Fund reporting and Sewer Assessment records and began the process of automating the many time consuming treasury functions.

A financial reporting unit was transferred to Financial Services and Payroll preparation was transferred to Human Resources, eliminating the Comptroller's office.

While we integrated Personnel and Payroll into Human Resources, we completed our first year of in-house payroll, which brought about a savings of up to $90,000 annually, with no additional personnel.

We began the task of automating and coordinating the purchasing system with financial reporting. This effort, yet to be completed, will result in the elimination of many redundant and time consuming tasks, plus making available quicker financial information for all City personnel.

Record keeping of vital statistics and voter registration, under the direction of the City Clerk, saw some innovations in process and equipment. In addition to the municipal election, two special elections and a presidential primary, we saw a 10% increase in registered voters, due in part to aggressive voter registration clinics.

While experiencing major increases in health and liability insurance, our Insurance-Risk Management department continued to aggressively monitor and safeguard our rising insurance costs. At the same time, they received their seventh consecutive first place award for our excellent Worker's Compensation program.

Many of these accomplishments were realized with the significant strides we made in the Data Processing (Management Information Services) Department. By upgrading and integrating our equipment and an aggressive approach through automation, we were able to increase most administrative functions and streamline services. This department now supports all divisions of City government, which I might add was made possible by the funding and support of the Mayor and Board of Alderman.

In conclusion, the fiscal year was completed with our annual audit by the firm Carey, Vachon and Clukay. The report very clearly makes note of our many accomplishments, both in terms of financial and adminstrative improvements. Through the use of automation and other management techniques, we ended the year with fewer full-time equivalent employees on board.

Our division's employees are to be commended for their support and assistance during this year of many transitions in personnel, processes and equipment.

ANNUAL REPORT

OFFICE OF THE BOARD OF ASSESSORS

Board of Assessors: ..... Edgar A. Bellavance - *Chairman*
Eugene S. Winkler
Lucien G. Rousseau Jr.

Assessing Department Staff: ... Douglas R. Smith - *Assessment Manager*
Ronald R. Mace - *Assistant Assessor*

Pauline N. Roberge - *Administrative Assistant to the Assessment Manager*
Laurie A. Beauchemin - *Secretary*
June M. Miner - *Data Entry Clerk/Mapper*
Carol T. Savage - *Deeds Transfer Clerk*

The duty of the Board of Assessors is to see that department policies are in compliance with State Laws and regulations of the State Department of Revenue Administration. The Board is ultimately responsible for all assessments and must review all applications for abatement. Regularly scheduled meetings of the Board are held the second wednesday morning of each month from 9 a.m. to 11 a.m. The meetings are open and public, but appointments are required for appearance before the Board and may be easily made by calling the Department Staff at 880-3301. Accomodating appointments at times other than Wednesdays will be made if and when necessary.

The value of taxable real estate for the city for 1987 is $2,126,998,000.

Respectfully submitted,

Douglas R. Smith

ANNUAL REPORT

BOARD OF REGISTRARS

Appointed by the Mayor subject to confirmation by the Board of Alderman:

Kathryn K. Fogal, *Chairman* ..... Expires 12/31/88
Theresa A. Marquis, *Clerk* ..... Expires 12/31/89
Estelle V. Prunier * ..... Expires 12/31/87

* Resigned - Replaced by Maureen R. Irvine

The excitement of a Municipal Election, two (2) Special Elections and the "First in the Nation" Presidential Primary inspired residents to exercise their Consitutional Right to Vote. We believe that the Right to Vote is the most treasured of our Consitutional Rights and our goal is to provide the means for citizens to register and to give the inspiration to vote.

In the past fiscal year, the City of Nashua's registered voters has grown tremendously. The Summary of Totals of Registered Voters, as of June 30, 1988, are as follows:

	1987	**1988**
Ward 1	4,446	4,991
Ward 2	4,846	5,595
Ward 3	3,880	4,179
Ward 4	2,183	2,417
Ward 5	5,081	5,469
Ward 6	4,374	4,561
Ward 7	3,944	4,024
Ward 8	5,536	6,207
Ward 9	4,462	4,979
Totals	38,752	42,422

In the past fiscal year, the Board has visited the High Schools in Nashua to register eligible students. We had outstanding success in this program. the students of Nashua have proven to us that they are, indeed, interested in the political process!

The Board participated in the Voter Registration Office during special registrations and assisted the City Clerk's Office on Election Days.

We would like to thank the Nashua Mall and the Pheasant Lane Mall for their cooperation in organizing Voter Registration Days for the citizens of Nashua. Many thanks to the *Telegraph*, the *Union Leader* and the *Broadcaster* for printing information for the public with regards to Voter Registration.

Thank you, also, WSMN, WHOB, WZID and Channel 13 for a great job informing the Community of dates for Voter Registration sessions in the City of Nashua.

Respectfully submitted,

Ralene L. Rousseau
Deputy Voter Registrar

ANNUAL REPORT

CITY CLERK'S OFFICE
JULY 1, 1987 TO JUNE 30, 1988

City Clerk	Eleanor A. Benson
Deputy City Clerk	Patricia E. Lucier
Vital Statistic Clerks	Mary E. Cutter Kathy E. Donovan Rina D. Rousseau Grace E. Thompson Colette Y. Trempe

The City Clerk's office is responsible for the record keeping of all Vital Records (Birth, Marriage and Death) and the issuance of numerous licenses. (See revenue below.) It was a very busy year for this office and the staff did an outstanding job in filling the requests from the public. We also implemented new forms for the state on all Vital Records.

The information line is now shared with this office and Voter Registration. We have received many compliments on this service that is provided to the public.

We provide an informational booklet for the public which we refer to as "Everything you wanted to know about Nashua but didn't know who to ask." The Welcome Wagon and many real estate companies provide these to new families in town. The booklets are also available in this office and in Voter Registration.

We held two Elections (a municipal one in November 1987 and a Presidential Primary), showering us with national media attention. There was a pride of having the "First in the Nation Primary" that was demonstrated by all those who participated in the voting process. This office also processed a high number of absentee ballots.

In closing I would like to thank the staff of this office. They have done an outstanding job, they take pride in the department and I feel the City of Nashua is very fortunate in having them in their employ.

REVENUE

Marriage Licenses	19,140.00*
Dog Licenses	17,241.50**
Vendor's Licenses	6,575.00
Taxicab Licenses	4,975.00
Certified Copies	41,722.00

* *Of this amount $12,441.00 was returned to the State of New Hampshire for the Domestic Violence Program.*

** *Of this amount $1,745.00 was returned to the State for the Veterinary Diagnostic Lab.*

Respectfully submitted,

Eleanor Benson

ANNUAL REPORT

COMPTROLLER'S OFFICE
JULY 1, 1987 TO JUNE 30, 1988

Comptroller	Charles M. Keeler
Deputy Comptroller	———
Accountant	Cindy J. Bielawski
Accountant	Beena S. Patil
Accounting Clerk	Alyce M. Othot
Payroll Supervisor	Sue B. Hill
Payroll Assistant	Barbara M. Anctil
Administrative Assistant	Jean E. Roth

The Comptroller's office is responsible to the City Charter for "control of finances" of the City. It is our responsibility to monitor and authorize all City expenditures, produce the bimonthly Warrant which provides payment for those expenditures, and finally prepare monthly financial statements which are distributed throughout the City's divisions/departments and governing bodies as a tool for proper City management.

Our yearly cycle of financial reporting starts in January with the preparation of the City budget. This is our special spring activity. The Comptroller's office acts as the pooling vehicle for all the City's divisions/departments budgets and pertinent information. The budget application is a very important as well as time consuming process. The end result is the key tool for guiding the City's fiscal stability throughout the year. From budget preparation, the Comptroller's office moves directly into closing one fiscal year, opening the new fiscal year and preparing for and directing the audit of the City's books. This is our special summer activity. Though this process usually runs smoothly, it makes great demands on both human and computer resources at a time when vacations are being taken and computers are being shaken by the summer thunderstorms. The final stage in the reporting cycle comes in the fall. Our special fall activity, once the audit is completed, is the preparation and submission of various state reports which are used in the calculation of our yearly tax rate. Once this activity is completed, we are able to recoup and get ready to begin the cycle again in January.

While all this activity continued on schedule, this was the year of change. In January, Paul A. Martel left his post as Comptroller to assume the duties of the City Treasurer/Tax Collector. In February, Ruth Raswyck left her post as Accountant in the Comptroller's office to assume a position of Accountant in the City Treasurer/Tax Collector's office. She was replaced by Beena S. Patil in March, 1988, a new face to City Hall. Beena brings to the City a high degree of educational background as well as the knowledge of fund accounting according to GAAP. We are very pleased to have her as part of our staff.

This year was also the year of moves and transition. The Comptroller's office physically moved their location in preparation for a reorganization on July 1, 1988, when we formally became the Financial Reporting unit of the newly created Financial Services Department. With this move, we sever our ties with the City Payroll office, which on July 1, 1988, will come under the jurisdiction of the Human Resources Department.

This year saw us completing the first full year on our own "in house' payroll system. Though we navigated through some rough waters in our first year, we learned a great deal and will periodically review and revise the system in order to continue to deliver an A1 product. We were also involved with the Purchasing and MIS Departments as we began the planning

stages of the automated purchase order system. Once completed in FY 89, the automated system will be directly integrated with each department's daily updated financial reports to guarantee tighter controls over expenditures and budgets. During preparation of the new budget we also made some department numbering changes and made changes to our personnel commodity codes.

Respectfully submitted,

Charles M. Keeler
Comptroller

ANNUAL REPORT

INSURANCE AND SAFETY DEPARTMENT
JULY 1, 1987 TO JUNE 30, 1988

Risk Manager ..... Peter P. Cyr
Insurance Benefits Manager ..... Susan A. Jeffery
Benefits Technician ..... Sherry L. Warburton

This department is responsible for assessing and analyzing the risk from exposure to financial loss in the conduct of municipal activities and for recommending steps to eliminate or minimize potential loss in the conduct of municipal activities and for recommending steps to eliminate or minimize potential losses. When unavoidable risks are identified, steps are taken to provide protection and to limit financial crises either through self-funding, the purchase of commercial insurance, or a combination of both. We also manage self-funded or commercial contracts for City-wide employee benefit programs and analyze the impact of and recommend new programs.

An integral and essential part of the risk management function is the development of a comprehensive self-inspection and safety program. We identify and attempt to eliminate hazardous conditions and create a safe work place for employees and the using public.

The two major functions cited above can best be illustrated by a review of our self-insured Workers' Compensation program which has been in effect since January 1979. By self-insuring and establishing a City-wide safety awareness program, the City has saved millions of dollars in the past eight years. By that we mean, commercial insurance would have cost the City millions more than we paid out for injury claims. Further, with today's exhorbitant insurance rates, the City is saving a million dollars a year by self-insuring this program. Payments to insured workers and for medical bills in this self-insured program were $370,846 during the year ended June 30, 1988 for 314 claims. In October 1987 we received our seventh consecutive Certificate of Merit award from the N.H. Department of Labor for paying lost wages to injured workers on the average of 6.6 days from their date of injury. This was the best average of any municipality in the State and was the best of all employers who self-insure.

This department administers seventeen property, motor vehicle, general liability and professional liability insurance contracts and programs as well as three commercial health contracts and two life insurance programs. All property, liability and health programs protect all City Departments, School employees and Library employees. All Boards, Commissions, elected and appointed officials are also protected.

Three health benefits programs made available to City and School employees include Blue Cross/Blue Shield, Matthew Thornton Health Plan and Healthsource. The City pays the majority of the health costs which also covers dependents. Employees pay from 5 to 15% of the cost depending on the program and the union contract involved. We provide group term insurance paid in part by the City and a Whole Life Insurance program which employees may purchase.

Increased premium rates for Health Plan renewals continue to place a heavy burden on the budget. Matthew Thornton rates increased 25%, Healthsource 29% and Blue Cross 39%.

Two State laws were passed earlier this year which will affect current and future retirees who are participants in the New Hampshire Retirement System (this group includes all employees except those in the Board of Public Works who have their own systems).

The first bill provides for subsidy for Group II retirees (Police and Fire) health plan coverage to be paid by the retirement system.

The second bill affects Group I retirees (non-Police or Fire) who contribute to Social Security. This law removes a Social Security offset at age 65 which was formerly in effect.

Louis H. Simmons ..... *MIS Manager*
Ray Newhall ..... *Technical Manager*
Michael Roy ..... *Applications Manager*
Luann Moore ..... *Systems Analyst*
Mary Gionet ..... *Systems Analyst*

ACCOMPLISHMENTS

During the 1988, investments were made in Hardware and Software to provide the City of Nashua with a secure, central and expandable computer resource. The three major processing systems, a Digital VAX/780 and two MICRO VAX CPU's have been combined, via Hardware and Software, to provide redundant processing capabilities for priority applications. As the need for increased processing capabilities arises, it can be met with minimum capital costs.

During the past year we have assisted our neighbors, the Town of Hudson, to adapt many Nashua computer applications to a smaller version of our MICRO VAX/ADMINS system. Their accounting and property tax billing and receivables systems are in full operation, with more MIS cooperation scheduled for 1989. As a result of this assistance, their site will act as Nashua's backup facility.

The City corresponds with more than a hundred other municipalities across the country and abroad who also use the ADMINS software, sharing ideas and participating actively on the ADMINS User's Group Steering Committee. Our participation in a conference in Santa Rosa, CA last October, as well as two technical conferences in Boston this spring, has placed the City in a leadership position in the municipal MIS sector, has permitted us to evaluate our software relative to other municipalities, and has resulted in several state-of-art enhancements to the ADMINS language. Ray Newhall, Technical Manager, served as the President of the Design Advisory Committee for the ADMINS User Group during 1988.

The MIS department currently supports a total of 50 major and sub systems across all areas of City government. This was accomplished at a cost of 326M for 1988, which represents less than 4/10th of one percent of the total City budget, a significant accomplishment.

The following is a description of the major application activities undertaken by Management Information Services during FY '88. The activities described below do not include the variety of routine, daily system activities which take place, such as backups, file and directory maintenance, and minor applications modifications.

CONSTITUENT SERVICES — A "Menu" driven application which assists the Mayor's Office in recording, tracking and acting on citizen suggestions and complaints. It records date and time of letter/call, a brief description of the situation, and a status code indicating the stage of resolution.

VOTER REGISTRATION — An on-line facility which processes Voter Registration forms. The forms record new registrations and any changes to voter status and can be printed on demand. This eliminated much of the manual, time-consuming activity previously needed.

PURCHASING — A prototype purchase order requisition system was designed and is currently under review and testing. It will reduce unnecessary paperwork and eliminate a degree of redundancy which exists in the current manual system. It will also provide the various departments more timely and easily available financial information. Plans are for the system to go on-line in mid FY '89.

MOTOR VEHICLE REGISTRATION — A pilot program testing the feasibility of Motor Vehicle Registration mailers. This program would allow registrants to renew old registrations completely by the mail. Final feasibility testing will occur during September, 1988.

Additional programs for the automated processing of title applications were designed and preliminarily tested. Acquisition of the state-provided continuous forms needed to bring this project on-line continue.

A total Motor Vehicle Registration back-up system was implemented, providing a needed level of redundancy.

ENVIRONMENTAL HEALTH — A "Menu" driven application which assists in various aspects of code enforcement. Inspections for food services, wells, pools and various other complaints are recorded and tracked until the situations have been resolved.

PAYROLL/PERSONNEL — A revised Job Code system was implemented, providing more detailed information about departmental labor changes. Year-end reports and programs were created/modified to produce W-2 and other appropriate documents.

During the fiscal year there was continued emphasis on providing school department timely, accurate labor and personnel reports. Project should be completed during FY '89.

A full payroll/personnel back-up system was implemented for use during emergencies.

ACCOUNTING — The capability for the processing of current and new year books was added to insure timely processing at Fiscal Year end.

PARKING ENFORCEMENT — A new bill allowed the tie-in of Motor Vehicle Registration to the outstanding parking enforcement ticket file. Now those with tickets past due must pay them prior to registering their automobile.

ANNUAL REPORT

PERSONNEL DEPARTMENT

Personnel Manager ..... Marilyn Baron
Personnel Assistant ..... Barbara Cote
Compensation Coordinator ..... Leslie Laquerre
Clerk-Typist ..... Diane Dennings

The Personnel Department is responsible for assisting all City departments, excluding the Board of Education, in their human resources management functions. These functions include, but are not limited to: recruiting, advertising, testing, interviewing, and enrolling employees; negotiation of labor/management agreements; employee training and motivation, equal employment/affirmative action administration, record keeping and management reporting; policy development and implementation; and implementation of the City's Merit System for Personnel Administration.

Employment during the fiscal year included:

	FY 88	FY 87	FY 86
Applications for employment (other than Police Uniformed and Library positions)	729	636	612
New Hires:			
Regular	93	77	80
Summer/Temporary	115	112	83
Left Employment:			
Regular	58	64	76
Summer/Temporary	89	80	51
Employed as of June 30:			
Regular Ful-time	730	655	667
Regular Part-time	40	67	46
Total Employment (excludes summer/temporary)	770	722	713

This Fiscal year was one of preparation and transition for the department. Once again, the deaprtment was relocated; this time it was to different offices within the Elm Street section of City Hall. The space of these new quarters has been completely utilized in order to maximize our organization and efficiency.

In January, 1988, Marilyn Greenwood resigned as Personnel Manager. Marilyn Baron was appointed Manager in her place, and the department underwent organizational changes. The position of Compensation Coordinator was created in order to better serve the employees in this vital area of employment. As a result of this new position, the Manager's and the Personnel Assistant's positions were re-structured. The Manager is able to focus largely on the development and implementation of policies and the provision of support in the area of employment procedure. The Personnel Assistant is now the supervisor of employment function within the department, overseeing enrollment of all new City employees, and also those procedures leading to employment, including but not limited to recruiting, advertising and interviewing.

We continued our efforts to assure that the employees' position description questionaires were accurate and the evaluation teams met several times during the year to assess the values of new or revised positions. The Compensation Coordinator is currently developing a new re-classification system for the existing PDQ's in order to make them more accessible.

The department provided training and seminars to employees in the areas of self-confidence/assertiveness training, handling difficult people, and provided two health screenings for City employees with the assistance of the Community Health Department of the Community Services Division.

Open season was held once again, providing the employees with an opportunity to change their health, life, and dental insurance. It was a busy month for the department and its personnel are to be commended in their efforts to help each employee with his/her questions.

During the fiscal year, the City and representatives of Local 789 of the International Association of Fire Fighters signed an agreement that expired on June 30, 1986.

At the request of the fire department, we once again assisted in the written and physical tests for over 200 firefighter candidates.

ANNUAL REPORT

PURCHASING DEPARTMENT
JULY 1, 1987 TO JUNE 30, 1988

Purchasing Department Staff

Purchasing Manager	William A. Thompson
Assistant Purchasing Manager	Shirley C. Bonenfant
Supervisor, Accounts Payable	Naomi Hewey
Inventory and Supply Clerk	Camille Larouche
Account Clerk	Clarisse Arnold
Account Clerk	Mary V. Brazas
Account Clerk	Patricia A. Deforte
Account Clerk	Bernice N. Diggins
Account Clerk	Georgette A. LeBlanc
Clerk/Typist	Mildred S. Maverick
Printing Technician	Ralph Jackson

The Purchasing Department continues to function effectively and efficiently in meeting the procurement needs of the City and payment for these procurements. Approximately 12,000 purchase orders with a total value of $26,572,653 were processed by the department during this fiscal year. Under the very capable supervision of Ms. Naomi Hewey, the Accounts Payable section functions very smoothly and continues to pay the City's bills in the absolute minimum time.

The City of Nashua lost a good friend and dedicated employee when Roger H. Kerouac succumbed to a heart attack on February 13, 1988. Roger had served as City Purchasing Agent since 1977 and had played a key role in implementing a number of improvements in purchasing and accounts payable procedures. Through his efforts in bringing automation to these functions, the efficiency with which the City purchases supplies and services and pays its bills was vastly improved. Although Mr. Kerouac's sudden passing was a severe shock to everyone, the personnel of his department are to be commended for pulling together and working with added diligence to minimize the impact of their loss. Mrs. Shirley Bonenfant was assigned interim Purchasing Manager from February 18 to April 5, 1988, and did an admirable job in managing the various functional areas of this department. Along with other City Hall organizational changes this fiscal year, Mrs. Bonenfant was promoted from the position of Buyer to Assistant Purchasing Manager.

The Department continues to search for ways to further automate processing of purchase orders and accounts payable documents. At this time a joint effort with the Financial Services and Management Information Services departments is underway to implement an automated purchase order system.

The new system will be implemented in phases. Testing of the new system is planned to begin in the Administrative Services Division in the near future.

The Printing Department continues to meet the needs of the City and search for areas to expand the services offerred. Ralph Jackson receives frequent praise from the many City departments for which he provides printing services.

City Hall Maintenance and Custodial Staff

Building Manager	*"James" Duchense*
Custodian II	Dana Pinkham
Mail/Receiving Clerk	Mark C. Loulakis
Custodian	Robert C. Fernandes
Custodian	Guy J. Patch, Jr.
Custodian	Gerald C. Crooker, Jr.
Matron	Anna J. Sweklo
Building Manager, District Court	Lewis Couronis
Custodian, District Court	Roland Simoneau

A major construction project at City Hall this fiscal year was the addition of a second floor over the westernmost section of the building. The ground floor of this section of the building originally had been the City jail and warehouse area. This lower level is currently occupied by the City Legal Department and State Department of Motor Vehicles. The second floor expansion area of approximately 4,500 square feet just received its new occupants of the Planning Department and Development Department. Our department also served as general contractor for the renovation of the Community Services Building at Elm and Mulberry Streets. This renovation project provided for a fire alarm/sprinkler system, access for the physically impaired, new electrical wiring, air conditioning and various additional improvements to the building. Both of these projects were accomplished on schedule, within budget and while the buildings were occupied. Accomplishing major construction work in occupied buildings is generally challenging and a true test of patience of the construction crews and building occupants. Both parties coped very well through much noise, dust and some cement and water leaking through ceiling joints as the second floor was being poured.

Effort continued throughout the year to maintain the building in top condition. The Building Manager and his staff have done a very commendable job in this area and frequent comments are received regarding the attractiveness of the Nashua City Hall. As in the past, the Parks and Recreation Department have assisted us in keeping the grounds around City Hall in good shape. Their cooperation is appreciated. The District Court building continues to be well cared for and is in very good condition.

Respectfully submitted,

William A. Thompson

ANNUAL REPORT

TREASURER — TAX COLLECTOR
MOTOR VEHICLE DEPARTMENT
Fiscal Year Ended June 30, 1987

Treasurer/Tax Collector	Paul A. Martel
Deputy Treasurer/Tax Collector	Charles M. Keeler
Treasury Accountant	Ruth Raswyck
Cashier	Fernande Lavoie
Secretary	Kathryn R. Guillemente
Clerk, Lead	Ann Georgopoulos
Clerk	Freida Billings
Clerk	Anita Slusarczyk
Clerk	Susan Martinelli
Motor Vehicle Supervisor	Pauline Lucier
Assistant Supervisor	Elizabeth Scanlon
Clerk	Margaret Trainor
Clerk	Sandra Bastien
Clerk	Janet Durand
Clerk	Bonni Morris
Clerk	Si Therrien
Clerk	Louise Frank
Clerk	Suzanne Thibault
Traffic Violations Supervisor	Judith A. Miele
Traffic Violations Clerk	Irena Kurjanowicz

This past year can only be described as a year of changes. The department underwent a 65% turnover of employees. This of course included the retirements of the Treasurer/Tax Collector and Deputy Treasurer/Tax Collector Irving J. Gallant and Eloise A. Ravenelle, respectively and the retirement and untimely passing of Katherine Dalaberas.

Other changes of note are the automation of many of the manual procedures and record keeping such as Trust Fund Reporting and the Sewer Assessment records.

The City of Nashua chose the option of doing away with the tax sale of delinquent property taxes by placing liens on the property itself.

All of the changes in personnel and procedures have taken place without the department missing a beat in tax payer services. As the automation progresses, we are looking forward to additional improvements in speeding up responses to telephone inquiries from tax payers, and financial institutions. The treasury function has been automated as well and provides us with daily reports on the City's investments and Bond proceeds. we have entered a "Lock Box" agreement with Merchants National Bank which will simplify and speed up our property tax collections and improve our investment position without putting an additional burden on the staff.

In July we will be merging the former Comptroller's Department with the Treasurer/Tax Collector's Department creating the Financial Services Department which will eliminate some redundant procedures and allow for more accurate records.

The City of Nashua continues to be a strong financial position as has been the case for many years.

Respectfully submitted,

Paul A. Martel
City Treasurer/Tax Collector

PLANNING BOARD—OVERVIEW

The Nashua City Planning Board is comprised of appointed members charged with assessing and directing the future growth of the City. The Board formulates recommendations on various city policies and programs, and advises different agencies regarding public facilities and capital projects of improvements. Implementation of the City Master Plan is a primary responsibility of the Planning Board aided by the City planning staff. Zoning, site plan regulations and subdivision legislation necessary to guide development are reviewed by the Planning Board and forwarded as proposed standards or ordinances to the Board of Alderman. The Planning Board also has legal responsibility for the review and approval of all plans for the subdivision of land into lots, and all site plans for any new or expanded multi-family, commercial or industrial facilities.

PROJECT REVIEW SUMMARY

During Fiscal Year 1987-1988, the Nashua City Planning Board with technical assistance from the Planning Staff reviewed and approved 35 subdivisions creating 155 new lots in Nashua. These totals were somewhat reduced from Fiscal Year 86/87 when the 35 subdivisions that were approved created 261 new lots. Preliminary subdivision approval was granted for 5 subdivisions constituting 29 lots, down from 5 subdivisions and 42 lots the previous year. The Planning Board also approved 17 lot line relocations and 6 consolidation plans. Major subdivisions approved in 87/88 Fiscal Year include Long Hill Estates IV, 38 lots, and Bennington Woods with 21 lots.

During the Fiscal Year 1987-1988, the Planning Board approved 56 site plans. This total is made up of the following:

Multi-Family Developments	2	plans (78 units)
New or Expanded Industry	3	plans (17,822 square feet)
Commercial	48	plans (971,512 square feet)
Cluster Developments	1	plan (29 units)
Planned Developments	1	plan (relocation of 54 units)
Retirement Community	1	plan (70 units)

Notable site plans approved during Fiscal Year 1987-1988 included: 10 Redmond Street, 50,000 s.f. office bulding; Northwest Blvd., 98,390 s.f., 100-room Motel; Green Ridge Plaza, 82,000 s.f. retail; Marriott Corp, Southwood Road, 135,000 s.f., 250-room Hotel; Somerset Plaza, Amherst Street, 209,586 s.f. retail; Saint Joseph's Hospital, 36,660 s.f. medical; Memorial Hospital, 48,000 s.f. medical; Clipper Homes, East Dunstable, 28,448 s.f., 70-unit retirement facility; 20 Cotton Road, 32,069 office; Southwood Road, 92,000 s.f. office.

During Fiscal Year 1987-1988, the Planning Board collected approximately $80,444 in site plan and subdivision review fees, and considered the following planning-related matters:

a. **Zone Changes (3)**

0-87-149 (R40 to RC and GB - Hall's Corner, Conant Road; no action to-date)
0-88-16 (R30 to R18, Main Dunstable Road; negative recommendation)
0-88-45 (West Hollis - PI to LB; no action to-date)

b. **Zoning and Subdivision Text and Ordinance Amendments (8)**

0-87-161 Off street loading and parking
0-87-165 Table of dimensional and density regulations
0-87-178 Mixed Use Overlay, for Millyard zone amendment
0-87-179 Sign ordinance
0-87-180 Use regulations
0-87-181 Factors in determining approval and mixed use
0-88-06 Mixed Use Overlay, Ordinance Adopted
0-88-11 Day Care and Nurseries
0-88-34 Warnings and Citations

c. **Street Discontinuance (5)**

Monza Road
Shawmut Avenue
Raleigh Drive
Stetson Street
Cotton Road

d. **Resolutions (4)**

R-87-240 Conveyance of City property - lot 14, sheet 53B to abutters.
R-88-17 Conveyance of City property - Catherine St. prior owner.
R-88-42 Conveyance of City property - Discontinued street extension from Raleigh Drive to abutters.
R-88-52 Conveyance of City property - Discontinued unnamed street off Monza Road to abutters.

PLANNING DEPARTMENT PROJECTS/PROGRAMS

The Planning Department provides technical assistance to the Planning Board, Historic District Commission, Conservation Commission, and the Board of Alderman. Departmental staff are involved in the drafting of ordinances, the development of City policies and operating procedures, the administration and enforcement of zoning laws, the preparation of reports and analyses, and the assignment of addresses. The staff works regularly with the general public, representatives of various governmental agencies, development interests, and other city departments.

In addition to its regular daily functions and responsibilities the Planning Department initiated the following special reports, analyses, and studies during Fiscal Year 1987-1988:

- Coordinated Studies with Nashua Downtown Development Corporation
- Participated in Area-Wide Planning Efforts with Nashua Regional Planning Commission
- Provided Expert Testimony on State and Local Legislative Matters
- Prepared Draft Nashua Downtown 2000 Plan
- Proposed Overlay Zoning Districts
- U.S. Postal Service Relocation Study
- Review of Hall's Corner Planned Residential Development
- Scope of Services for Wetlands Mapping
- Zoning and Historic District Commission Mapping
- Capital Improvements Programming
- Downtown Mixed Use District Evaluation
- Use Variance and Special Exception advisory to Zoning Board of Adjustments
- Trust for New Hampshire Lands/Land Conservation Investment Program Application
- Impact Fee Analysis
- Amended Nashua City Planning Board By-laws.
- Master Plan Implementation Strategy and Work Plan

Jean Lyons	*Administrative Assistant*

PURPOSE

Insuring the public health, safety, and general welfare as affected by the built environment is the primary objective of the building codes. Special hazards such as heavy snow, wind, and seismic loads which may occur in our area of the country and the requirements of special uses and occupancies are taken into consideration. Code regulations represent the minimum requirements that will insure adequate safety under normal conditions through the application of legal standards for structural strength, use of materials, exits, sanitation, light, heating, ventilation, fire safety, and other requirements.

Our inspectors perform more than 20,000 inspections each year. They consist of construction, electrical, plumbing, mechanical work and of existing housing.

During the past year the construction value of permits issued reached over $122,826,487.

ANNUAL REPORT

DEVELOPMENT DEPARTMENT

Director	Paul Eric Newman
Director, Housing Programs	Sarah Hinsley
Housing Officer	James Malone III
Transit Coordinator	Arnold L. Alves
Clerk/Typist	Carmen Bergeron

The Development Department was engaged in a broad range of activities in Fiscal Year 1988, ranging from the Housing Task Force Report on affordable housing, to determining the feasibility of commuter rail service to Nashua. Project totaling $7,329,000 were administered by the office, representing a new high in activity.

Nashua Plaza

In March of 1988, work was begun on the conversion of Millyard Buildings Numbers One and Seven to 143 apartments, to be known as Nashua Plaza. By obtaining a federal Housing Development Grant, the City will ensure that 20% of the new apartments will be affordable to lower-income families. The remainder of the apartments will be rented at the market rate.

The work on the building will include preservation and restoration of the historic features of the buildings, including the clock and bell towers.

Housing Rehabilitation

Early April saw a celebration of National Community Development Week, focusing on the City's efforts to upgrade the housing in older neighborhoods. Once again, the Rental Rehabilitation Program was successful, with a total of 45 apartments renovated. The Department committed $67,373 of its federal fund allocation of $76,000 for rental rehabilitation, and successfully sought an additional $98,304 available to New Hampshire cities and towns. These funds leveraged private investments of over $248,000.

The Housing Improvement Program continued to offer a way for elderly and other limited-income owner-occupants to make essential repairs and conserve energy by retrofitting older houses with storm windows and doors, insulation and efficient heating systems. Requests for assistance slowed in neighborhoods that had been active for some years. In March, properties in the French Hill neighborhood were again made eligible for the first time in four years.

Housing Task Force Report

The Nashua Housing Task issued its recommendations on strategies to expand the supply of affordable housing. The Development Department assisted the Task Force during the twelve-month effort, and prepared the final report to the Mayor and Board of Alderman in December. The report has attracted much interest, both in the City and throughout the State.

Other Block Grant Projects

Community Development Block Grant funds from the U.S. Department of Housing and Urban Development were used to support activities of the Boys' Club, Adult Day Service Program, Nashua Family Group, and Nashua Area Shelter Committee. Capital assistance was provided to the Nashua Children's Association for restoration of the porch of their building at 125 Amherst Street, and to the Nashua Housing Authority for landscaping of the Bronstein apartments on Central Street.

Construction documents were prepared by the Development Department for sidewalk reconstruction on portions of Chandler Street, Fourth Street and Allds Street, and the work was completed in the fall of 1987.

Downtown Open Space Plan

In consultation with CBT, landscape architects of Boston, the Department prepared a plan illustrating potential pedestrian linkages and public spaces in the blocks either side of Main Street in the downtown. A highlight of the plan called for development of walkways and landscaping along the Nashua River linking the Nashua Plaza housing development, Main Street bridge, and the foot-bridge off Temple Street. The plan is intended to provide a framework for public and private redevelopment efforts over the next 5-10 years.

Public Transit

During FY88, both modes of public transit service available in the City showed ridership increases over the previous year. Citybus, the fixed-route service, had 17,255 more passengers, a 5.9% increase over last year. GNTS, which offers service for elderly and handicapped, provided 12,080 more client trips; an increase of 9%. The combined average daily ridership for the two operations was 1,595 vs. 1,499 a year ago.

Two significant commuter projects were undertaken during this period. The Nashua Regional Planning Commission began an on-going project to study the feasibility of commuter rail service between Nashua and Boston. Total funding of this project is $25,000 with the following breakdown: $20,000 in Federal Grant money; $2,500 contributedd by the City of Nashua and $2,500 from the Nashua Chamber of Commerce. the anticipated completion date is December 31, 1988 at which time the NRPC will make its recommendation to the City.

At approximately the same time that the commuter rail study commenced, a second project seeking to promote commuter bus service to Boston was begun. Through the efforts of Alderman Victor DuVarney, an arrangement was made whereby the City would apply for federal funds available to market this idea through the media. The operator of the service is Vermont Transit Inc., a private enterprise. It is hoped that efforts like this could reduce some of the traffic congestion on Route 3 between Nashua and Boston, MA. The City's responsibility is to act as recipient of federal funds which will be distributed to Vermont Transit upon receipt of invoices documenting actual marketing expenditures. Unlike previous grants awarded, this project totaling $30,000 is being supported completely by the Urban Mass Transportation Administration, a federal agency. A secondary result of this project has been the establishment of an intercity bus facility/ticket agency located at the southeast corner of Elm Street Parking Garage on Garden Street. While there are no statistics on ridership, the number of intercity buses coming through on a daily basis would seem to indicate that the service is highly accepted. The success of this project would benefit the residents of greater Nashua by enhancing their transportation options.

Significant capital expenditures for this fiscal year were as follows:

1. The purchase of one elderly/handicapped van costing $38,550, 95% of which was paid by a Federal Grant.
2. Acquisition of a new transit radio system for $24,325, 80% of which was funded by UMTA.
3. Various pieces of maintenance equipment at a total cost of $9,903.50. Again, UMTA assumed 80% of the cost with the City contributing the balance.

Other Department Activities

The Development Department administered two grants to assist the Nashua Area Shelter Committee. The grants being used to construct an addition to the shelter at 58 Ash Street, and to assist in its operation.

In January of 1988, construction of a second floor to the rear of City Hall was begun. The Development and Building Departments jointly administered the work, scheduled for completion in August, 1988. The new offices will house the Planning and Development staffs.

ANNUAL REPORT

ZONING BOARD OF ADJUSTMENT
JULY 1, 1987 TO JUNE 30, 1988

ZBA MEMBERS

Thomas Kudzma	*Chairman*
Patricia Goodman	*Secretary*
Howard Richards	
Charles Stata	
June Adams	
Edward Annis	*Alternate*

Gwen Krailo	*Alternate*
Russell Verney	*Alternate*
Barry Billings	*Alternate*

CITY ZONING STAFF

Robert Nerney	*Zoning Administrator*
Linda Taylor	*Zoning Clerk*
Nancy Mellin	*Stenographer*

PURPOSES AND ACTIVITIES

The Zoning Board of Adjustment is a citizen board appointed by the Mayor to hear and decide on requests for special exceptions and variances to tthe Nashua Zoning Ordinances. The Board provides a channel for appeals to decisions of the Zoning Administrator and has the power to grant relief in properties having a proven hardship which is not addressed in the ordinances. It is the duty of the Zoning Administrator to officially interpret, administer, and enforce the Nashua Zoning Ordinances, as prepared by the Planning Board and enacted by the Board of Aldermen. The Zoning Board conducts its meetings twice a month in two or more sessions. In 1987/1988 the Zoning Board heard 50 requests for special exceptions. The Board granted 43 and denied 7. In this same period 154 variances were requested and of those 105 cases were granted and 49 were denied.

REVENUES

The budget of the Zoning Board is incorporated into the budget of the Community Development Division. In fiscal 1987/1988 the Board received approximately $20,375 in application fees. The Board also received approximately $3,912 in the sale of zoning books and maps. These receipts were credited to revenue. Expenditures by the Board were for advertising, educational information, postage, stenographic services, and travel allowances.

ANNUAL REPORT

COMMUNITY SERVICES DIVISION

Dolores Bellavance ..... *Director*
Sandra Weymouth ..... *Administrative Secretary*
Fariborz Soheili ..... *Building Manager*

NASHUA BOARD OF HEALTH

David Brumley, M.D. ..... *Chairman*
James McNamee ..... *Aldermanic Liaison*
Edward Holland M.D. ..... *Member*
Anita Yap, M.D. ..... *Member*

The Director of the Community Services Division is Dolores Bellavance who is responsible for the satisfactory completion of the functions assigned to the Community Services Division. This Division incorporates four departments: Community Health; Environmental Health; Welfare and Mediation; Child Care Services. The Division is responsible for the contract with the State Office of Alcohol and Drug Abuse Prevention, which funds the Nashua Alcohol and Drug Counseling Service.

The Director acts as official liaison to the Administrative Departments of the City, including the Mayor and the Board of Aldermen; as liaison to human services providers operating in Nashua and similar non-profit agencies within the community and state-wide; as liaison to Nashua's business community relative to the operation of Community Services. The Director represents the Division and the City on numerous committees and Boards, including the Nashua Intra-Agency Council (NIAC), the Salvation Army Board of Directors, the Nashua Senior Center Board of Directors and the United Way Board of Directors.

A recent project includes a visit from Nashua's sister city, the County of An Song, Republic of Korea. The Korean delegation spent one week visiting Nashua, and had the opportunity to tour many of the City's businesses.

Beautification projects between the City and Anheuser-Busch have added to the aesthetic quality of our City. Those projects include new lamps for the Canal Street bridge; flowers and shrubbery added to the Maple Street Municipal Parking Lot; and a planned mural which will be painted on a Canal Street building. This ambitious project will serve to beautify these areas of great need. The relationship between the City of Nashua and Anheuser Busch will continue to serve our community, promoting good will between the private and public sectors.

In mid 1987, the Mayor and Board of Aldermen approved $300,000 to be used for capital improvements to the Community Services building, and those renovations began in early 1988. The Director has worked closely with the Regional Office of Civil Rights to ensure building accessibility to persons with handicaps. Consequently a lift will be installed at the south side of the building and will therefore provide access to the building, and thus compliance to non-discriminatory regulations as set forth by the Federal Office of Revenue Sharing (Section 504).

Renovations to the Community Services Building will be completed by the fall of 1988. In reassessing the building during those renovations, it was necessary to obtain additional funding to complete the renovation project in a manner that would be provide a consistent quality of environment for our employees and for those persons who receive services from this building.

NASHUA BOARD OF HEALTH

The Nashua Board of Health works in association with the Division, specifically with environmental and health related issues. The Board meets monthly at the Community Services Building along with the Division Director, Dolores Bellavance; the Chief Public Health Nurse, Kathie Brandenburg; the City Health Officer, Martin Burke; Child Care Services Coordinator, Beryl Spicer; Alcohol and Drug Counselor, Cynthia Budish, ACSW.

Barry Arseneau	*Summer Rodent Control Applicator*
Jose Albors	*Sanitarian Resigned 25 Sept. 1987*

The continued annual growth of the City of Nashua with the accompanying environmental modifications has demonstrated the need and demand for higher levels of environmental control and management activities to protect the health and safety of our citizens. Environmental control and management programs, both mandated by law and by public health concerns continue to grow in number and scope. The basic need for competent professional assessment, reviews and actions is increasingly difficult to meet in a timely and efficient manner. The goal of the Department of Environmental Health is not merely the prevention of disease, disability and premature death but the maintenance of an environment conducive to man's efficient performance and to the preservation and enhancement of health, comfort and enjoyment of life in the City of Nashua.

Meeting our goal and objectives in this field of public health has been made increasingly difficult by this municipal growth and development. The current level of staffing has not kept pace with the needs engendered in this growth. The department lost a newly authorized sanitarian position as a result of budget revisions. We also lost an experienced sanitarian who had a Master of Science in Environmental Health to another position in Massachusetts at a twenty-five percent increase in pay. The city invested two and one half years in his training and professional development. This loss was exacerbated when Michael Tremblay, Senior Sanitarian was ill for over one month and we had an unfilled vacancy for over six weeks. Seven applicants for the vacant position were interviewed. Six qualified professionals turned down the position. We were fortunate to employ Mr. Jay Patria, a young man with the basic academic training in biological and physical sciences and have concentrated in his training and professional development in Environmental Health. The department policy is to ensure continual professional growth and development by a combination of on the job training in specific and discrete environmental health functional areas, supplemented by attendance at selected regional and national educational seminars.

We have concentrated in training Mr. Patria in the primary areas of Food Sanitation and Protection and in safe sanitary operations of Public Swimming Pools and Spas. It is worth noting that there has been a four hundred percent increase in Public Swimming Pools and Spas in the city since the current ordinance since updated in June 1988 was passed on 28 May 1980. The number of annual food service licenses has increased over three hundred percent in the same period. Since his employment in November 1987, Mr. Patria has attended special courses on Food Protection; Ground Water Protection emphasizing Underground Storage Tanks; the Handling of Toxic Materials and also attended the National Environmental Health Educational Conference in Cleveland Ohio. Again he concentrated on Food Protection and Sanitation and Public Pools and Spas. Our Senior Sanitarian, Mr. Michael Tremblay, attended the same National Conference and selected from the varied specialized educational seminars as appropriate. Both men attended a special seminar on Risk Assessment sponsored by FEMA and the State Emergency Preparedness Agency. The department has been assigned specific roles and tasks in the Emergency Response Plan and will participate in environmental disaster such as chemical spills, releases or fires. This type of training is essential and we must continue to develop and expand skills and expertise in this area.

Environmental assessment activities continued at a high level throughout the year. Asbestos and asbestos dump sites remain a major concern. Remediation and abatement activities were carried out at two sites; Niquette Drive, where a major engineering task was completed under EPA and State supervision; a large site on Russel Avenue and a third smaller abatement program at a building site on Allds Street. No further investigations have been carried out to discover additional dump sites although two additional sites were confirmed on Progress Avenue. The first, a suspected site at the Lamothe property, was confirmed as having a large deposit of friable material as the result of test pits dug by an Environmental Engineering and Consultation firm. The search was precipitated by a potential buyer, a practice becoming increasingly common throughout the city. The department receives several dozen inquiries about the environmental history of both commercial and private residential properties each year. Records, if available, are quite limited and complete documentation of each site unavailable. Frequently, the response must rely on the institutional memories of the two senior employees in the department. Proper recording and documentation is virtually impossible under the present staffing level. Lead intoxication reports to the department have been limited but, when reported and investigated we have been able to document the presence of lead paint in the home environment. The city has no lead control or abatement program. State regulations are not applicable to cities. On the surface, based on the limited data, one could assume that no problem exists but we are confident that a door to door check in areas of the city with residences built before the ban on lead based paint would show much greater incidence of lead intoxication than is reported. It seems obvious that physicians are not looking for lead intoxication or if finding it, are not reporting it. We were able to obtain an acceptable level of abatement in the one case a physician did report to us. It is noteworthy that the new Federal regulations on subsidized housing require lead paint abatement especially if a child has had lead intoxication or poisoning. The department doesn't have the staff or equipment necessary to screen the large number of subsidized apartments in the city and there is no apparent interest by other authorities to carry out a systematic evaluation and abatement program. There have been several complaints about indoor air quality during the past year. A number of schools have been evaluated, air quality assessed and in some cases, air sampling using a microbiological air sampler has been carried out. These actions were completed at the request of the Nashua School Department. Although no serious health hazards were found, we did recommend modification to the school ventilation system to improve air exchange. A separate construction project was completed at New Searles School to eliminate a moisture and associated mold problem attributed to the seasonal high water table on site. The project was successful in adjusting the hydraulic gradient of the ground water. Improved ventilation, moisture reduction and adjustments in housekeeping and maintenance procedures led to a reduction in mold and mildew growth, a marked improvement in air quality and had a positive impact on the student body and staff. Routine ventilation checks are carried out by the school department. The Environmental Health

Department will continue to do air monitoring, sampling, plating and culturing airborne microorganisms on a routine basis in New Searles School or others if requested.

There was a potentially dangerous condition discovered in the Norwell Home at 12 Concord Street when a strong odor of gasoline concentrated in the basement coincidental with the removal of an underground gasoline storage tank at a nearby service station. Gasoline which had leaked into the ground apparently moved underground to the Norwell Home. Our initial screening was carried out using a Draeger pump and appropriate tubes. Ambient air and basement level cracks and crevices were checked and were positive for benzene. To temporarily reduce the concentration of benzene and other gasoline based hydrocarbons we recommend increased ventilation with complete air exchanges and the employment of an environmental consultant to conduct a detailed assessment. Concentrations were measured at cracks and crevices during ventilation and we found increased concentrations due to the negative pressure inducted by ventilation. The consultant using a photovac tip photoionization detector and a portable gas chromatograph measured ambient air and found VOC's of 0.7 ppm with concentrations at cracks and holes ranging from 2 to 150 ppm. When ventilation was stopped, ambient air Volatile Organic Chemicals (VOC's) rose above 1.0 ppm and at the cracks and holes readings of 0.8 to 30 ppm were noted. GC measurements of 1.1 ppm were measured in the ambient air. When the ventilation system was turned on again VOC's rose to 2.8 ppm with VOC's at cracks and holes reading from 8 to 160 ppm. Based on these findings, it was recommended that all cracks holes and crevices be sealed and than an effective air and heat exchange system be installed. Norwell Homes did this and the problem was corrected. We spent an excess of one hundred fifty hours on this with the majority of measurement and testing being done by Donna Tremblay, our laboratory chief and Jay Patria, the new sanitarian. All data were provided the attorney for Norwell Home who will act to obtain redress if possible. Staff members also had to assess fire damage in food service establishments which entails determining the condition of food and food products from a salvage viewpoint and assess damage to the structure, equipment and supplies. We also investigated chemical spills and sewage backups to determine the impact on food service establishments.

Housing investigations are carried out routinely at the request of Building and Code officials. Staff would determine the degree and type(s) of infestation, the sanitary conditions of the house and in cases required by the court and welfare officials determine the suitibility, safety and sanitation of the residence for children in child welfare cases. Reports are routinely furnished the State Welfare department, court appointed attorneys and the court. A staff member also sat as a board member in several Housing Board actions.

The need for an effective Rodent Control program was again demonstrated by the number of complaints received during the year. In the fall of 1987, we asked a nationwide pest control firm to evaluate our seasonal program and to determine what specific actions we should take particularly in the areas with high rodent indices. The recommendations included an active baiting program from March through at least November while acting concurrently to control and eliminate food, water and harborage. They did commend our practice of employing pesticide applicators who had supervisory licenses. In the spring of 1988, we were fortunate to employ four young men who have aided materially in expanding area coverage, baiting activities and complaint response. One young man, Biron Bedard, was employed as the first intern to work in the Environmental Health Department. The remaining three, Mike Draper - Team Supervisor, James Lockey and Barry Arseneau were hired as temporary employees. They have made major contributions to several Environmental Programs carried out by the department.

The condition of the illegal chemical dump established at Rodgers Mobile Home Park # 1 on Gilson Road did not change over the year. Material recovered on site is now containerized but still remains in open storage. Hopefully, the EPA will require removal and clear the site this year. Remedial work at the Koppers plant site is progressing slowly. Test control procedures are being evaluated and we can anticipate the final plans shortly. There is a recurring minor problem with the routine but short term release of deisel exhaust at Arel Manor. We have many reservations about the condition and safety of the Guilford Industries

activity in the rail yard and on the Branch railroad tracks that parallel the Nashua river. There have been several derailments along this branch line during the past year. There are large shipments of explosive or toxic chemicals transported over the line hence our concern over the potential for a major disaster. Staff representatives have participated and will continue to participate in the SARA III planning process to help develop a correct and effective emergency prepardness plan for the city. There is an increased emphasis on underground storage tanks and the real or potential dangers from leaks. The city has no program to evaluate tank condition or identify leaking tanks. We anticipate a request for assistance in this matter from the State. Dust control at construction sites is a seasonal problem that defies timely and practical solutions.

A new public Swimming Pool and Spa Ordinance was passed in June 1988. The ordinance upgraded operational standards for pools and spas. A new section on sanitation and safety for hot tubs was incorporated and for the first time, a fee for the annual license was established. There were twenty seven public pools and spas at the time the initial ordinance was passed. There are now ninety one operating in the city with several more planned. Each pool or spa is inspected annually to determine its operational condition. Bi-monthly pool-side testing is carried out to determine pH and sanitation levels and water samples are collected for laboratory analyses where testing is carried out for Fecal coliform, Staphylococcus aureus and Pseudomonas aeruginosa, indicator organisms we have chosen as most appropriate for this purpose. Jay Patria presented the annual pool and spa seminar for operators and maintenance personnel. The seminar is especially useful since the number of experienced operators has declined and the turnover of maintenance men has increased. The seminar was well attended and reviewed. Environmental aides working in the Rodent Control program alternate pool-side testing and sample collection activities. The extensive laboratory work entailed in microbiological testing would be impossible without the assistance of Juthica Notaney, a temporary lab technician employed to assist Donna Tremblay, our laboratory chief.

The Food Protection, Sanitation and Service Program places an ever increasing demand for control and regulation. The department issued over four hundred eighty food service licenses during the year. A number that has increased three hundred percent over the past ten years during which period staffing was reduced. The department received, processed and approved plans for thirty seven new food service establishments during the year. Each plan entails three to five site visits to check construction and installation procedures, a final construction approval and a preopening inspection prior to licensing. Routine food samples collected for microbiological analyses at the State Public Health Laboratory again showed dangerous levels of contamination in over seventy percent of the analyses. We attribute these hazardous conditions to poorly trained and inexperienced managers, severe and chronic personnel shortages in the food service field and an inadequate number of food service inspections. There is a direct relationship between the frequency of food service inspections and the level of sanitation and safety in each establishment. The ordinance requires two routine inspections each year with reinspections if necessary. We are unable to meet the basic requirement at our present level of staffing which is lower than our staffing level when the city had less than one third the number of food service establishments now operating. We have participated in several nationwide and regional food recalls primarily for domestic and imported cheese products contaminated with the bacterium Listeria. There was one meat product recalled because of the danger of trichinosis. The large number and variety of imported ethnic foods is a matter of grave concern. Federal inspection programs have been limited and our responsibility about hazardous packaging increased accordingly. There have been concerns about paralytic shellfish poisoning reports attributed to regional and imported shellfish. We are also concerned about the number and types of food additives classified as G.R.A.S. or "Generally Regarded as Safe" with sulfiting agents the chemical of primary concern. Both matters are being reviewed at the national level at this time. There have been twenty seven deaths directly linked to allergic reactions to sulfiting agents.

The Food and Drug Administration has just completed its first draft of a new food service code. This draft, "UNICODE", combines food sanitation and service regulations for typical food service establishments, retail stores and food vending equipment and operations. We will review the Unicode and provide comments to the Food and Drug Administration.

The Public Health Laboratory under the direction of chief techlogist, Donna Tremblay continues to play an ever increasing role in environmental assessment, control and management programs. The State Certified laboratory, carries out regular sampling and analyses of both raw and finished water for our public drinking water supply, private water supplies on a reimbursable basis and complete analytical support of the public swimming pool and spa program.

Mrs. Tremblay also had a major role in special environmental investigations such as the Norwell Home, a Fields Grove water quality review, and a long term investigation of alleged water pollution on Shelly Drive. She also identifies insects, provides appropriate control procedures and prepares documentation for rabies analyses at the State laboratory. Laboratory quality control and quality assurance protocols are carried out on a routine basis and she has done several feasibility studies on potential indicator organisms which has led us to revise and upgrade our public pool and spa water quality analytical standards. She completes in excess of 10,000 separate analyses over the year. For the first time, this year we employed a temporary laboratory technician who has been invaluable in meeting the workload. This position should be continued on a permanent basis. The Pennichuck watershed and Salmon Brook are monitored regularly throughout the year. The Pennichuck Watershed is recharged with raw water from the Merrimack River as necessary therefore raw and finished water quality and safety are a major Public Health concern. Complete information on our analyses of raw and finished water is provided the Pennichuck Water Company so as to maximize control and protection. Mrs. Tremblay has revised the Policy and Procedures Manual for laboratory operations to incorporate new techniques and standards. All laboratory methods are carried out in accordance with Standard Methods. Donna is working with Jay Patria to develop his skills in our basic analytical support programs. This work will continue on a regular basis to develop an emergency backup system and to aid in the professional development of Mr. Patria.

Administrative support requirements continue to grow with the growth of the city. Formal complaints about real or imagined public health problems average in excess of sixty a month with larger numbers received from March through December. Each complaint must be investigated on-site and in most cases several follow up investigations are required to insure control and correction.

Mrs. Lapointe, the secretary, is responsible for preparing and issuing licenses and license fees for over four hundred eighty food service establishments and ten Commercial Solid Waste Contractors. She prepares and issues pool and spa permits and in the coming fiscal year will also collect the fees established in the new ordinance. Last year the city received over $55,000 in fees for licenses issued through this department. She prepares correspondence for the technical staff, accepts all phone calls and complaints, maintains records, follow animal bite quarantine reports and veterinarian health reports, prepares septic system applications and construction permits, maintains suspense files and in general, acts as the primary public interface. She is developing a series of computer aided filing and record systems for several major programs which she hopes will be of use in adjusting internal administrative procedures and improving response time.

We have confirmed an illegal sewage outfall under the surface of the Nashua River off Canal Street. The State has been informed of the situation. We hope to block the outfall this coming summer. The department received and verified a complaint about an illegal dump on the Nashua River on property owned by St. Louis Church. We acted to stop the dumping, notified appropriate state agencies as well as the city zoning administrator who acted to correct the condition. The number of complaints about unhealthy conditions in the Nashua workplace continues to rise. We must refer all such complaints to OSHA since OSHA will not accept third party complaints. The number and potential severity of the reported problems to warrant

some action on our part. We must act to expand and improve our capability to respond to industrial safety and hygiene complaints. Work place health and safety are major components of all Public and Environmental Health programs. We are developing greater skills and capability of measuring and evaluating indoor air problems, and in sampling airborne asbestos. Donna Tremblay and Jay Patria will receive technical training in Phase Contrast Microscopy as a means of asbestos identification in the fall of 1988. This will be particularly beneficial to the department since we all but eliminated our current asbestos screening procedures as having limited validity. Insect complaints are increasing with the finding of the various species of cockroaches, Boxelder bugs, bed bugs, ant species such as carpenter, Pharaoh and pavement ants as well as the usual food or stored grain insects. We receive routine complaints about the American Dog Tick and many questions about the deer tick Ixodes dammini, the source of Lyme Disease. Pigeons remain a public health hazard especially when nesting within occupied structures. The very young and the elderly are at greater risk from airborne disease organisms spread by pigeons.

There are concerns about the frequent use of herbicides and pesticides within the city particularly by apartment owners and by lawn care contractors. This problem will be addressed more fully in the coming year. It may be necessary to develop an ordinance to address the situation. We will work closely with the State Pesticide Control Board in all our actions.

Illegal day care operations are reported to the State as a routine matter. The number of mandatory inspections of state licensed day care operations with foster homes has not changed over the past year. We firmly believe that the current requirement of biennial health inspections of day care operations is inadequate. A single health inspection is mandated for each day care every two years. We do not believe that one health inspection on an average of each five hundred twenty days of operation provides an acceptable level of protection to the children. The department does inspect and license food service operations in non family group day care operations to insure compliance with the food protection code. The Commercial Solid Waste Ordinance which passed last year has been of marked value in addressing and correcting nuisance complaints and insanitary or unsanitary conditions in the storage and collection of solid waste. Commercial operators do cooperate fully in the application of environmental standards.

The revised Food Service and Protection ordinance approved in June 1988 adjusted the fee schedules which, in conjunction with the new Public Pools and Spa license fees will generate in excess of $30,000 additional revenue for the city. Based on a conservative estimate, the cost of Environmental and Public Health protection provided by this department to the city of Nashua will be less than $1.00 per capita during the coming year. The level of protection provided would not be possible without the professional skills and complete cooperation of the entire staff.

ANNUAL REPORT

COMMUNITY HEALTH DEPARTMENT

Kathie P. Brandenburg	*Chief Public Health Nurse*
Claire Macy	*Nurse Practitioner*
Joan Cote	*Community Health Nurse*
Cynthia Langevin	*Community Health Nurse*
Mary Beth Lemay	*Community Health Nurse*
Alison Morse	*Community Health Nurse*
Joan Schulze	*Community Health Nurse*
Lynne Weihrauch	*Community Health Nurse*
Florence Thiboutot	*Secretary*
Rebecca Praznovsky	*Secretary*
Joan Frattallone	*Clinic Assistant*

DEPARTMENT CHANGES

* The Community Health Department has seen a dramatic change in the types of services delivered. A clear shift from Maternal-Child Health to Disease Control is present with a shift of 80% to 20% in the past to 60% to 40% now. Many factors come into play but by far the most significant is the epidemic of AIDS.

* Mrs. Alison Morse commenced employment as a community health nurse and brought with her some Spanish skills. The department, through grant monies, has another nursing position available but the ability to hire a professional has been limited with the nursing shortage.

* Plans were made to adapt readily available software to function as a program for statistics gathering for the staff.

* St. Anselm student nurses continued their affliation but with fewer assigned due to decreasing enrollment. The department agreed to provide a preceptor from the staff rather than have the students leave. Miss Lemay assumed this role and the outcomes were excellent.

MATERNAL CHILD HEALTH

* The Well Child Clinic continues to serve 500-600 children for their routine care, but it is clearly evident that the nurse practitioner is the primary care provider for many of these children since the parent(s) are medically indigent. Occasionally the department pays for the cost of a prescription drug needed for treatment. The department is actively working with other Child Health Programs to increase funding levels legislatively.

* The State of New Hampshire grants have essentially remained level, but medical inflation has been high.

* The annual Halloween and Christmas parties for the children enrolled in clinic were held.

* The staff nurses continue to make home visits to new mothers and babies and to provide early intervention. They work closely with the hospitals, Nashua Family Planning Group and Division of Children and Youth.

* Periodic health screenings in day care centers continue with the goal of early detection of developmental, speech, language and vision problems.

* Plans started in July for the Children's Festival to be held the following May with the goals of appealing to a broader population and providing more fun while still emphasizing health. The Park's Department provided support services. The festival was an overwhelming success with attendance far exceeding expectations. The feedback from presenters and participants was positive with plans for this to be an annual event.

SPECIAL MEDICAL SERVICES

* The Greater Nashua Child Development Program continues to offer services with Mrs. Schulze acting as the coordinator. Clinics are held with the coordinator, developmental pediatrician and clinical psychologist. Also, consultation services are provided. Issues surrounding continued funding surfaced late in the year and the clinic was prepared to close, but the State of New Hampshire assured its, continuance.

* Hillsborough County had a request for proposal for prevention of child abuse and neglect funding. Mrs. Schulze prepared a proposal to expand the clinic services with the concept that early intervention with difficult children would prevent child abuse and/or neglect.

DISEASE CONTROL

* The department completed its participation in the Burroughs Wellcome Company surveillance study for the use of NIX. Re-numeration was received along with access to the product.

* AIDS has been occupying an ever increasing role in the department. A Wednesday afternoon counseling and testing clinic has been added along with additional slots on Thursday evenings.

* A satellite clinic was developed at Nashua Family Planning Group to better outreach the truly high-risk population. The fourth community health nurse has completed training as an AIDS counselor. The AIDS contracted money received from the Centers for Disease Control through the New Hampshire Division of Public Health Services has been increased and a working relationship has been established with the hispanic worker at Information and Referral to serve the Spanish speaking population. An integral part of the program is the educational component. Presentations have been given to several school systems, Community Hospice, Indian Head Banks, Rotary, Headstart, Life Underwriters, Project Clearaway, Brookside Hospital, to name a few.

* Issues surrounding the legality of drawing the blood specimens for HIV testing arose and were not resolved until Mayor Donchess intervened and addressed the issue with Commissioner Mary Mongan. Dr. William Wallace issued standing orders for the procedure. The number of tests performed has increased with the individuals having higher risk factors.

* The department continues to hold Immunization Clinics, Influenza Vaccine Clinics for senior citizens, health screenings for city employees and participation in MediFair.

CONTINUING EDUCATION

* The department sponsored a three part seminar on Nursing Ethics presented by Barbara Carper, Dean/School of Nursing, Colby Sawyer College and several representatives of other home health care agencies attended.

* Mrs. Joan Schulze attended the Spectrum of Developmental Disabilities held at John Hopkins University. Mrs. Claire Macy went to an infectious disease program at Harvard.

* Other staff members attended seminars on topics such as Parenting a Handicapped Child, a Pediatric Update, Improving Pregnancy Outcomes, Positive Parenting, Adolescent Pregnancy, Nicotine Addiction, Genetic and Environmental Factors in Human Behavior and the Failure to Thrive Infant.

* Mrs. Macy was the guest speaker for several day care provider groups. Mrs. Brandenburg spoke at a Department of Education and Division of Health and Human Services conference on AIDS.

ANNUAL REPORT

WELFARE DEPARTMENT

Jean T. Field	*Welfare Officer*
Robert Tamposi	*Case Technician*
Candace Gregg	*Mediation Coordinator*
Theresa Charest	*Account Clerk*
Annette Rowman	*Secretary*

City Welfare provides general maintenance level assistance by voucher to anyone who is income eligible, without regard to category.

Nashua's high employment and number one position in the nation as a desirable city attracted people from areas of the United States that are depressed. There was a summer and winter upsurge in applicants that doubled the numbers served in Fiscal year 1987. Costs escalated as well.

The Department has supervised work programs for recipients who are able to work and for alternative sentencing by courts. Since paid employment is readily available the work program is not as active.

The Mediation Program provides family mediation to parents and children free of charge, to residents of Amherst, Brookline, Hollis, Hudson, Mason, Merrimack, Nashua and Pelham. Each community pays a share of the program's cost of $15,000. This is a prevention program to help resolve issues that seriously disrupt the family unit. Over one hundred families were served this year. On-going training programs for the thirty one volunteer mediators included: Domestic Violence; Personality Traits; Adolescents Who Harm Themselves; Learning Disabled Children; Alcoholism in the Family; Training and Mediation Skills.

The Welfare Officer, by Ordinance, serves as chairman of the Board of Housing Appeals. Whenever the Code Department finds that a building has serious deficiencies they can condemn it as unfit for human habitation. The owner has the automatic right to appeal the decision to the Board of Housing Appeals.

The Welfare Officer serves on the Executive Committee of the New Hampshire Local Welfare Administrators Association; the legislative planning committee of the New Hampshire Municipal Association; and the Board of Directors of Harbor Homes, the residential arm of the mental health system.

ANNUAL REPORT

CHILD CARE SERVICES

Beryl Spicer ..... *Coordinator*

In response to the recommendations made by the 1986-1987 Child Care Study Committee, The Office of Child care Services began operation in October, 1987. The Coordinator assists in the development of quality child care opportunities in Nashua by assessing and studying public need; evaluating training programs; offering supplemental seminars; providing public education; integrating city planning efforts; and participating in local, state and regional child care initiatives.

Specific coordinating functions have involved:

** Working with City Planning officials in evaluating and proposing amendments to the current zoning ordinance as it applies to child care operations within the city.

** Providing interested area employers with information regarding child care assistance options.

** Participating in the United Way Needs Assessment Task Force.

** Assisting new child care providers in becoming licensed providers.

** Developing training opportunities through advocacy for the Child Development Credential program.

** Directly assisting in development and improvement of specialized services for before - and after-school care, sick child care, handicapped child care.

** Meeting with local media to disseminate information, clarify child care issues, reflect City posture on related plans and policy.

** Acting as information point and liaison between private kindergarten and public school administration.

The Child Care Advisory Commission, a fifteen member body appointed by the Mayor, meets monthly with the Coordinator to review child care issues.

ANNUAL REPORT

NASHUA ALCOHOL AND DRUG COUNSELING SERVICE
July 1, 1987 to June 30, 1988

Cynthia Budish, ACSW ..... *Clinical Social Worker*

The Nashua Alcohol and Drug Counseling Service has completed its third year as a City organization, and remains a program that is an essential part of Nashua's social service community.

Contact with other agencies include:

1. Community Council (with whom a mutually supportive agreement signed)
2. Services to the Hillsborough County Superior Court System
3. Services to the Milford and Nashua District Courts
4. Services to the New Hampshire State and local district court Probation/parole departments
5. State and local hotlines
6. New Hampshire and Massachusetts state and private hospitals
7. New Hampshire and Massachusetts Impaired Driver Programs

Counseling at the Hillsborough County Correctional system, a service offered by this agency from 1983, was discontinued on February 1, 1988 at the request of the Office of Alcohol and Drug Abuse Prevention. Unfortunately the replacement services never came through and that segment of society remains untreated.

The Nashua Alcohol and Drug Counseling Service serves more than forty clients weekly. This program is funded by the State Office of Alcohol and Drug Abuse Prevention (OADAP). Requirements for OADAP are 92.5 service units per month (the State compliance average is 85%; the Nashua Alcohol and Drug Counseling Service has maintained 100% for three consecutive years).

The Nashua Alcohol and Drug Counseling Service provides counseling and therapy for the ever increasing segment of the population stricken with alcohol and/or drug problems. And, as the numbers increase, and the not-for free services diminish, the services which this program provides becomes an ever more essential part of the community health of Nashua.

ANNUAL REPORT

ENGINEERING DEPARTMENT
July 1, 1987 TO June 30, 1988

A. STREET ACCEPTANCE

Streets or portions thereof, totaling 6.98 miles were accepted as follows:

Accepted Streets	Length	Accepted Streets	Length
Holiday Circle	430	Bell Street (portion)	100
Linton Street	25	Boylston Avenue (portion)	497
Holt Avenue	60	Caron Avenue (portion)	122
Candia Street	1070	Nathan Court	315
Kingston Drive (portion)	735	Carson Circle	887
Blacksmith Way	250	Cimmaron Drive	790
Cassandra Lane	880	Custer Circle	666
Syracuse Road (portion)	1350	Laramie Circle	656
Cotton Road (portion)	55	Laredo Circle	870
Pemberton Road (portion)	840	Madera Circle	675
Cabot Drive	90	Westgate Crossing (portion)	2047
Anvil Drive (portion)	585	Pepper Drive	172
Byron Drive (portion)	455	Marian Lane	650
Collier Court	355	Norma Drive	320
Settlement Way	875	Chester Street (portion)	25
Spindlewick Drive (portion)	2275	Rene Drive	945
Timberline Drive (portion)	2700	Boggs Circle	295
Thistle Court	585	Roy Street	775
Dunlap Street	830	Nottingham Drive (portion)	1530
Cathedral Circle (portion)	1360	Flintlock Drive (portion)	432
Trafalgar Square	1500	Shingle Mill Drive	545
Beauview Avenue	1008	Tempo Drive	400
Brackenwood Drive	2250	Topaz Drive	940
Decatur Drive	1630		
		Total -	36,847 feet

B. Streets Discontinued

Streets or portions thereof, totaling 0.42 miles were discontinued as follows:

Discontinued Streets	Length
Unnamed Street off Monza Road	110′
Shawmut Avenue (portion)	100′
Unnamed Street off Raleigh Drive	80′
Stetson Street (portion)	1260′
Campton Street	650′
Total -	2,200′

C. **Sewerage and Storm Drain Construction by City**

1. During this period a total of 1,000 feet (0.2 miles) of sanitary sewer was installed as follows:

Location	From	To	Length
St. Laurent Drive	Henri Burke Highway	Bloomington Drive	1,006′

2. A total of 282 feet (0.05 miles) of storm drains were installed as follows:

Location	From	To	Length
Penn. Jr. High School	Manchester Street	Henri Burke Hghwy	282′

D. **Public Sewerage and drainage by Developers - Sewer**

Location	From	To	Length
Trnpk. Access-Exit 8	Southwood Road	Northerly Row	630′
Parrish Hill Estates	Pope Circle	Cathedral Circle	621′
Farmington Road	Exist. Sewer Manhole	Easement	84′
Southwood Park	Southwood Road	Amherst Street	5,917′
Redmond Street	#10 Redmond Street	End	366′
Longhill Esstates	Spindlewick	Dustin	2,624′
Tuckerwood Court	Tinker Road	Tuckerwood Court	714′
Hillock Circle	Brenda Street	West Hollis St.	675′
Holt Avenue	Eastman Street	Holt Avenue	140′
Conant Woods	Conant Road	Grace Drive	1,047′
Somerset Plaza	Amherst Street	Plaza	585′
Hammar Road	West Hollis Street	Hammar Road.-End	812′
Stoneridge Acres	Poloquin Drive	Cul-de-sac	584′
		Total -	14,798′

Drainage

Location	From	To	Length
Mercier Lane	West Hollis Street	Mercier Lane	179′
D.W. Highway	Sagamore Ridge	D.W. Highway	40′
Parrish Hill Estates	Pope Circle	Cathedral Circle	479′
Southwood Park	Southwood Raod	Amherst Street	5,408′
Chestnut Street	Jayron Drive	W. Hollis Street	499′
D.W. Highway	D.W. Plaza	D.W. Highway	467′
Redmond Street	#10 Redmond Street	End	166′
Long Hill Estates	Spindlewick Drive	Dustin Road	2,552′

E. Sewer Permits

A total of 410 sewer permits were issued by the City Engineer's Office as follows:

1. Residential/Commercial Sewer Permits - 395
2. Industrial Sewer Permits: as follows:

Category	Description	Number
I	Industries with toxic discharge that require pre-treatrment	8
II	Industries with limited toxic discharge that do not require pre-treatment	0
III	Industries with non-toxic discharge	2
IV	Industries with sanitary discharge only	5
	Total Permits	15

Secondary Treatment Plant

A contract between the city of Nashua and Harvey Construction company of Bedford, New Hampshire was signed on October 15, 1987 to construct the Secondary Treatment Plant at a cost of $25,400,000.00. Site work started almost immediately after the ground breaking ceremony with large earth moving equipment and progressed so well that foundations were started before the extreme winter cold set in. Yard piping continued thru the winter, and after relocating to temporary trailers on site, the Laboratory and Superintendent's Office internal demolition of that portion of the existing plant continued through the winter. Concrete and steel reinforcement was being placed in forms so expeditiously that the plant was actually more than 25% completed by July 1, 1988, which represents a total monthly payments to date of $6,900,000.00.

Amherst Street at Somerset Parkway

With the construction on a new access road (exit 8) onto and exiting the F.E. Everett Turnpike from the northerly end of Somerset Parkway it became necessary to make traffic improvements at the intersection of Somerset Parkway and Amherst Street. Consequently, plans and specifications were drawn up and a contract awarded to R.S. Audley, Inc., of Bow, New Hampshire for $704,500.00 to construct the new traffic and turning lanes on Amherst Street, new signalization and other related site work, all of which was completed prior to the official opening of the new access road by the State Department of Transportation in late June, 1988.

ANNUAL REPORT

TRAFFIC DIVISION SUMMARY

This brief report of activities by the Traffic Division for Fiscal Year 1987-1988 shows some progress in certain areas of work. As the City grows both in area and population, more help will be needed so that the necessary work can be completed to insure safety on our streets and roads.

This Division of Public Works has only (8) full-time employees and (1) one part-time. All work done could not have been accomplished without the assistance of members of the Street Department and Maintenance Division.

As Supervisor of this Division, I would like to thank the following employees and Supervisors for their assistance.

Preston D. Yerrington, Jr.	*Superintendent of Streets*
Donald Levesque	*Asst. Superintendent/Streets*
Jim Hall	*Asst. Superintendent/Streets*
Nick Darchik	*Traffic Technician*
Eric Thompson	*Traffic Technician*
Dennis Marquis	*Sealer of Weights & Measures*
Cliff Keene	*Asst. Sealer of Weights & Measures*
Maurice Arel	*Sign Fabricator*
Gerry Joyce	*Sign Maintenance Man*
John Lockwood, Jr.	*Laborer, Sign Maintenance*
Gerry Poliquin	*City Carpenter*
Ken Sheehan	*D.P.W. Office Manager*
Arthur Dietrich	*Traffic Engineering Asst.*
Marguerite Dumont	*Traffic Dept. Clerk*
Paul Rein	*Traffic Technician*

Lucien O. Roy
Traffic Supervisor

Traffic Light Maintenance & Repairs

The City of Nashua has seventy-two (72) intersections with traffic lights, eleven (11) locations with flashing beacons. The majority of maintenance work is done by the Traffic Division personnel. Outside firms are called in when needed.

Number of New Signal Installation - Location & Cost

a) Dublin Avenue and Freemont Street
b) Amherst Street and Cotton Raod
c) Sommerset Parkway and Kessler Farm Drive
d) Daniel Webster Highway and Silver Drive

Average cost of each location is $40,000.00 total of $160,000.00.

Number of Signals Rebuilt or Retro-fitted - Location

a) Amherst Street and Sommerset Parkway
b) West Hollis Street and 12th & Markar Streets
c) Main Street and Railroad Square (Canal Street)

Average cost of each location is $15,000.00 total of $45,000.00.

Number of New Opticom Installations - Cost

Nine (9) locations at $2,700.00 each total of $24,300.00.

Number of trouble calls	208
Number of Miscellaneous calls - no problem	31
Number of call-ins after hours	61
Number of Knockdowns by vehicle accidents	4

Sign Fabrication and Installation

Not all signs are fabricated by the sign fabricator. Some are bought from outside firms. The following indicates the number of signs fabricated, repaired, installed and replaced.

Number of street signs fabricated and installed	329
Number of miscellaneous signs fabricated and installed	466
Number of signs installed per new Ordinances	45
Number of signs repaired and/or called upon	228
Number of signs removed per Ordinance etc.	8
Number of parking meter posts installed	20

Street and Crosswalk Striping

Nashua has approximately 1,598 City Streets measuring 400 miles to maintain. Included as part of street maintenance functions is the striping of street lines, stopbars, directional arrows and crosswalks.

Number of arrows		832
Number of crosswalks painted		265
Number of stopbars painted		303
Number of feet of parking stalls		7,360′
Number of feet of street lines striped:	Double Yellow	468,642′
	Edge/Lane lines White	241,125′
Paint used:	Yellow	1,440 Gal.
	White	535 Gal.
	Glass Beads	13,259 Lbs.

NOTE: Street striping is done by use of State truck assisted by the Traffic Division personnel.

Parking Lot Lighting

The City has 12 lighted parking lots which require maintenance.

Number of maintenance calls	18

Snow Plowing and Snow Removal

Post and Supervise snow plowing and snow removal of 14 City Parking lots plus 7 other locations.

a) Dates lots were posted and plowed:

11-12-87	1- 4-88	2-12-88
12-16-87	1- 8-88	3- 4-88
12-20-87	1-26-88	
12-29-87	2- 4-88	

b) Dates snow was removed:

1- 9-88	2-13-88
1-26-88	2-14-88
2- 5-88	2-17-88

Miscellaneous Electrical work Performed at City Buildings

a) Public Works Garage 15
b) City Landfill 6
c) City Hall 4
d) Park Recreation 12
e) Treatment Plant 0
f) Fire/Police Station 4
g) School Department 2

Mailbox Repairs

At times City plows damage private mailboxes; the Traffic Division sign crew repairs or replaces same.

a) Mailboxes repaired 37
b) Mailboxes replaced 47

Installation of Temporary No Parking signs and Safety Barricades for Special Events

When requested by Police Department the Traffic Division installs temporary barricades and necessary equipment needed.

a) Block Party
b) Budweiser Race
c) Railroad Track Removal
d) Water Street Ramp Closing
e) Consitution Parade
f) Posting Prior To Paving (6 locations)
g) Baldwin Street Bridge Crossing
h) Upaco Fire

Safety Brush Cutting

Members of the Traffic Division cut brush and tall weeds at several street corners for better visibility and safety to motorists. Also called to inspect same as above to find, on private property relaying to proper channel in City Hall.

a) Number of locations in which work was done 38

Cleaning Debris From Vehicle Accidents

When called by the Police Department the sign crew goes out and cleans debris from accidents on City Streets during working hours.

a) Number of calls 11

NOTE: Additional personnel from the D.P.W. Street Division are assigned to this Division when needed to assist on such projects as; street and crosswalk painting, installation of safety barricades, safety brush cutting, cleaning and snow removal from City Parking Lots, Block Parties, Voting Machines.

ANNUAL REPORT

SEALER OF WEIGHTS AND MEASURES REPORT

Collected from 865 meters and rented spaces from July 1, 1987 to June 30, 1988, the sum of $237,315.95. This year's total is $18,821.98 over last year's total ($218,493.97).

ANNUAL REPORT

PARK-RECREATION DEPARTMENT

The Park-Recreation Department under the direction of the Superintendent of Parks & Recreation is responsible for approximately 765 acres of park land offering both active and passive recreation.

The park system includes Holman Stadium, 22 tennis courts, 3 outdoor swimming pools, 46 athletic fields for baseball, softball, football and soccer, 10 ice skating rinks, numerous tot lots and walking trails in Mine Falls Park and Roby Park. In addition, the care and maintenance of all city trees are under the jurisdiction of the Park-Recreation Department. The cost for the operation and maintenance of the department for fiscal year 1989 was $1,078,000.00.

Sidewalk planting on Main Street was continued this year and more planters were put out at various locations.

Participation in recreational programs greatly increased particularly in the areas of girls basketball and softball. More teams were added in the boys programs so as to allow for more participation by local youngsters.

The summer pool program had an increase in both the swimming instruction and daily attendance. Pool problems were at a minimum with little vandalism.

The annual Fourth of July Celebration drew a crowd of 20,000.

Baseball and softball fields were in great demand from April to late September.

The Charlotte Avenue complex was started this year with two more fields to be added. This will be used for boys baseball and girls softball. The area should be ready for the 1989 season.

The former Fields Grove area is getting refurbished with local and federal funds. What used to be a swimming area will now become a neighborhood park. Work has begun for a playground and picnic area along with a basketball court and a tennis court. This area will also be ready for use in 1989.

ANNUAL REPORT

REPORT OF THE BOARD OF TRUSTEES
July 1, 1987 - June 30, 1988

On behalf of the members of the Board of Trustees of the Public Library of Nashua, the Chairman is privileged again, for the nineteenth year, to present to you the Trustees' Report for the period July 1, 1987, through June 30, 1988.

1. THE YEAR 1987/1988 - LIBRARY APPLIES FOR FEDERAL FUNDS

After applying unsuccessfully for city Capital Improvements Funds in order to complete library expansion plans in the West Wing of the library's second floor, the Trustees applied for $17,550 in federal matching funds available through the Library Services and Construction Act Title II Funds, administered by the State Library. These funds, along with matching funds requested in the library's operating budget, would make it possible to at least construct an emergency exit in this expansion area which would meet Life Safety Code. The exit would also make it possible for us to legally occupy the area and to allow us to utilize the area to some extent.

We are hopeful that the City's Capital Improvements Committee will make a more favorable recommendation on our request to complete this expansion area next year. It is evident that the growth of our community will continue to result in increasing demands for additional space in our library facility. Book stacks are nearly filled to capacity in spite of the rising circulation of these materials. Citizens often find seats and study facilities at a premium when they visit the library. We are indeed fortunate to have a library building which wisely made provisions for future expansion.

2. THE CHANDLER MEMORIAL LIBRARY

Income from the fund left to the Board of Trustees under the will of Miss Mabel Chandler was used by the Trustees to maintain the real property at 257 Main Street in Nashua. The sum of $1,165.00 was expended to paint ceilings, walls and trim and to replace an exit deck. $2,500.00 was expended to reshingle the front porch. All repairs and improvements to the Chandler property were paid for out of the income from this Trust Fund without contribution from the city. The Trustees and staff members conduct periodic inspections of the premises to make certain that proper measures are being taken to maintain the property in its present excellent condition.

Again the members of the Board wish to express the sense of gratitude they feel toward civic-minded citizens such as Miss Chandler for establishing funds, the income from which makes possible the continued.use of library properties for the benefit of the citizens of this community.

3. TRUSTEE RE-ELECTED

The Trustees voted unanimously to re-elect Maurice L. Arel for another seven-year term on the Board of Library Trustees, effective March 31, 1988.

During the year the Trustees nominated Mr. Arel and Roger H. Osgood Jr. to serve on the Budget Subcommittee. We are indebted to these trustees for the large amount of extra time and work expended on this subcommittee's endeavors.

4. **PERSONNEL**

During the year the Trustees appointed Sharon A. Woodman as Supervisor of Circulation, Larry Case as Maintenance Supervisor, Patrice E. Atwell as Assistant Supervisor of the Music/Art/Media Department and Arlene Eckstein as Library Assistant.

5. **TRUST FUNDS EXPENDED**

Continuing the policy of expending income from trust funds for items over and beyond the City's obligation to support its library, the Trustees authorized the following expenditures from trust fund income: $3,000.00 from the Burbank Fund to assist in the purchase of a James Aponovich painting to be placed in City Hall; $3,865.00 from the Burbank Fund to purchase original artworks by children's illustrators; $2,580.00 from the Hussey, Harris and A.E. Smith funds to purchase reference book materials; $2,000.00 from the Burbank Fund to purchase eleven works by local artist Kay Kandra; and $1,025.00 from the Harris, Hussey and Smith funds to purchase business reference materials.

6. **WARNER CABLE $25,000 GRANT**

The Trustees were very pleased to announce receipt of a $25,000 grant from Warner Cable of Nashua. This money would make it possible for the library to purchase video recording and editing equipment so that community video resources and production facilities could be enhanced and expanded. This equipment will be housed in a special studio to be operated by the Music/Art/Media Department.

7. **RECOGNITION**

The Chairman expresses once again his appreciation of the time and effort spent on library affairs by the members of the Board of Trustees. Also, the Board recognizes the continued excellent performance of the library administration and staff. Finally, we say thank you to the citizens of this community for your continued support of your library.

Respectfully submitted.

Frank B. Clancy, *Chairman*
Board of Trustees of the
Public Library of Nashua

ANNUAL REPORT

DIRECTOR'S REPORT
July 1, 1987 - June 30, 1988

THE NASHUA PUBLIC LIBRARY: HOW DOES IT STACK UP AGAINST THE COMPETITION?

For the past several years, the Director of our library has compared the performance of the Nashua Public Library with nineteen other libraries of similar size in the Northeast. The conclusions of this study were presented to the Board of Trustees with the following conclusions:

1. **Staff:** 17 out of 20 have larger staffs than Nashua.
2. **Population:** 14 out of 20 serve smaller populations than Nashua.
3. **Budget:** 14 out of 20 have larger budgets.
4. **Per Capita Support:** 15 out of 20 spend more per capita; only 4 spend less.
5. **Ratio of Staff to Population:** 19 out of 20 have a higher ratio of staff to population.
6. **Circulation:** Only 4 out of 20 have higher circulation. NPL is highest in New Hampshire, and, indeed, New England, exceeding the circulation of Manchester, which has 1/3 more population, by over 200,000.
7. **Circulation Per Capita:** Only 7 out of 20 have higher, 12 lower.

Average	6.7%
Nashua	7.4%

The Nashua Public Library is open more hours, offers more programs and services, circulates more books with less staff for less money per capita than any similar size library.

LIBRARY MUST EXPAND

While Nashua continues to expand at unprecedented levels in its commercial and industrial sectors, the library has made renewed efforts to serve the increased information needs of this active, dynamic community. It has become evident that the library is approaching the end point in its current ability to house library materials and to seat students and other library users during the peak periods of library hours, even though the library continues to remain open seven days a week during the fall, winter and spring seasons. It seems that the future has arrived more quickly than we anticipated.

If the library is expected to continue to grow with Nashua, a plan must be devised whereby it can physically house a growing collection and the growing number of Nashuans who wish to use the facility. Fortunately this can be done without an addition to the building. Two large areas, the East and West Wings on the second level of the building, were wisely set aside for planned future expansion. Architect David W. Cheever, who was part of the original firm of Carter and Woodruff when the library was originally designed and constructed, was commissioned by the Board of Trustees to draw up preliminary plans by which expansion can be effected. A separate report to the Mayor and Capital Improvements Committee has been prepared which will provide further details on how this can be done at an estimated construction cost of $742,500.

In brief, the expansion plan involves moving the Music/Art/Media Department downstairs to the West Wing area. It never had adequate space in its present location. Media services have far outgrown their original concept and scope.

Expanded listening and viewing facilities to accommodate audio and video cassettes and discs will be required. The expansion will also provide additional seating and study areas for adults and students.

SUMMARY OF BENEFITS/DESIGN FACTORS

1. No new building or site will be necessary, such as that which would be called for if we were to build a branch library or add to the current building with its attendant duplication of staff and library materials. In fact, the current building was provided by private donation and did not displace the use of federal funds.
2. Minimal additional staff will be necessary once this expansion is effected. Rather, it will consolidate the staffing of the Music/Art/Media Department and its current responsibilities on the second level of the building.
3. Only minimal increments of additional energy will be necessary for the HVAC aspect of this expansion. (A partial conversion to gas heat as recommended by our energy consultant, Dr. Richard D. Cummings, will result in a greater energy efficiency.)
4. This expansion will result in more complete and efficient use of our facility as envisioned in the original plans for the building.
5. This expansion would create 56 additional reader seats and 3,024 linear feet of additional shelving. It frees 2,121 linear feet of shelving in the library's non-fiction area on the first level for expansion. The present Music/Art/Media Department measures 2,688 square feet; the West Wing expansion would provide 8,736 square feet or 3.5 times the current space.
6. This plan also allows our 110-seat theater to be used more efficiently by larger groups only, while the smaller preview theater will be used for smaller groups.
7. This plan facilitates the important relationship and need for additional study space and library materials by Nashua's student population. The Music/Art/Media Department is already heavily used by students and Nashua School Department staffs. This expansion will allow us to serve them better.

STAFF IMPROVES QUALIFICATIONS

Amy Friedman, Supervisor of the Business and Municipal Department, earned her Master's Degree in Library Science. Susan G. Howes, Supervisor of Technical Services, and Carol K. Cookson, Supervisor of the Bookmobile, are continuing their courses toward undergraduate degrees. In addition, many staff members attended workshops made possible by the New Hampshire Library Association (NHLA) and the New England Library Association (NELA).

LIBRARY PROGRAMS DIVERSE

The library continued to offer popular programs throughout the year, including **The Lithuanians: A Photographic Legacy**, a narrative photographic exhibit prepared by Gary Samson of UNH Media Services and the Nashua Public Library, funded by the Charles Zylonis Trust Fund.

The library also continued to fulfill its program goal of imparting information and advice not always found in print, but of great practical value, such as **Business Plans for Start-Ups, Financial Planning for College, How to Invest in Today's Market, Where Do We Go From Here?: The Stock Market Today and its Future**, and assistance with Massachusetts taxes for New Hampshire residents.

Historical themes were also explored, including **The Other Boston Tea Party,** a play by John F. Carroll; **God's Acre: A History of the Old South Burial Ground**, a slide/tape program by Jane M. Flythe and Mary Borowski and produced by the library's Music/Art/Media Department; **Antique Bicycles**, an exhibit and demonstration by the New Hampshire Wheelmen of antique machines from the 1880s and 1890s; and **A Step Above Main Street**, a walking tour of architectural sites in Nashua's Downtown.

Many feature-length films were enjoyed by Nashua families in the NPL theater and, as part of Nashua's Summertime '87, outdoors on the Library Plaza. Films included **Metropolis, The Lady Vanishes, Caesar and Cleopatra, The Great Chase, The Love Goddesses, Brigadoon, Man of La Mancha, Hello Dolly** and **Man of Aran**.

The Ethnic Center at the Chandler Branch Library presented many international themes of interest. Dulcimer innovator Lorraine Lee and virtuoso guitarist Bennett Hammond presented a program dealing with the Irish influence on songs and tunes in early New England, while R.R. Heineke presented a Scottish Country Dancing demonstration. Also featured at the Ethnic Center were Swedish cooking, by Anna Kendall; T'ai Chi Ch'uan, by Mary Pabst and members of the Wing Wen Wu School; and Indian cooking demonstrations by Joyce Agarwal.

Language-learning cassettes continue to be provided by the Ethnic Center to eager borrowers.

Black History Month was celebrated in February with a showing of Nadine Gordimer's Stories From South Africa. Writer Gerald Kendrick of Nashua presented his own retrospective on James Baldwin's major works and his use of language, in a multimedia presentation.

Programs for children included our traditional story hours, enjoyed by more than 4,000 children, as well as 339 Puppet Shows shown to 6,411 children. Popular After-School Specials were conducted, along with Fun with Sign Language (ages 6 to 12); an American Red Cross Babysitting Course for children ages 11 through 14; a Pumpkin Decorating Contest; Preschool Crafts (ages 4 and 5); and Handmade Victorian Christmas ornaments (ages 6 through 13).

Audio-Visual Licensing for Young Adults, a program of instruction in the proper use, care and maintenance of different types of A/V equipment, was offered by the Music/Art/Media Department.

Friends of the Library generously made available family passes to the Children's Museum and the Museum of Science in Boston. These passes will admit a family of four to these museums and may be borrowed from the Music/Art/Media Department.

NASHUA PUBLIC LIBRARY CONTINUES ITS LEADERSHIP ROLE IN NORTHERN NEW ENGLAND

Maintaining its position in the library field, the Nashua Public Library circulated 547,830 items in 1987/88 and answered 47,428 reference questions. The library's Music/Art/Media Department showed 68 films to 6,180 people, while 251,208 individuals viewed films borrowed from the library. The popular Plaza Pics series, shown on the library lawn during the summer months, was part of the city's Summertime '87 recreational program.

THE LIBRARY IN THE COMMUNITY

The Nashua Public Library obviously serves a purpose beyond the traditional one of circulating books and other materials. The library is very much involved in the community and has served to introduce the community to itself and to act as a forum for a great variety of community programs. Over 1,450 meetings were held free and open to the public in the library's various meeting rooms during the 75½ hours per week that the library is open.

We realize that you will continue to support yout library only to the extent that it is responsive to your needs. Identifying and satisfying these demands will continue to be our primary goal. As always, the factor contributing most significantly to our success is people - a competent and dedicated staff, a concerned Board of Trustees, an alert city government, and a community supportive of the services offered by its Public Library.

As its Director, I hope to continue the excellence established by the Nashua Public Library.

Respectfully submitted,

Clarke S. Davis
Director
Nashua Public Library

ANNUAL REPORT

FIRE DEPARTMENT

TO NASHUA'S RESIDENTS

An exceptional cause of a home fire is lightning, however, most of the fires occuring in Nashua are caused by people's actions or lack of actions; carelessness, lack of maintenance and some willfully being set.

It is Nashua Fire Department's goal, through the course of the year, to inform residents of the actual current fire causes along with suggestions to prevent similar problems. This information is communicated by the various appropriate methods to reach the most likely affected, would be victims.

Should you suspect a hazard, call the department's Fire Prevention Division for assistance.

Richard J. Navaroli
Fire Chief

Fire Chief	Richard J. Navaroli
Assistant Fire Chief	Randal P. Sage (until 10/10/87)
	William Lynch (11/8/87)

ANNUAL REPORT

COMMUNICATIONS DIVISION

The Nashua Fire Department Communications Division encompasses several areas of communications. During this fiscal year, the division maintained the cable plant throughout the entire city which services more than 590 fire alarm boxes; over half being connected to business, industry and public buildings. Each is tested on a 60-day cycle. The receipt of alarms by this system were among the 3,605 fire and 1,837 ambulance calls dispatched by the fire alarm dispatchers. 140 new alarm systems were checked for compliance with the city's requrements.

The cable/electrical crew re-trunked alarm cable in various industrial areas to accomodate that areas growth, maintained radio loops for the police department's radio system. They have also maintained the city's computer cable plant which they have installed previous years along with electrical maintenance of the seven fire department buildings.

The dispatch console design and rbuilding is being accomplished by fire alarm division staff.

The radio system upgrading plan is continuing with a goal of meeting National Fire Protection Association standards. The special emphasis is being given to reception in previously underdeveloped areas of the city and is now ⅔ completed.

In the area of education the assistant superintendant became certified as a Level II fire alarm technician, and obtained a journeyman's electrical license. The fire alarm lineman became certified as a Level I fire alarm technician. The superintendant was elected president of the New Hampshire Municipal Signalman's Association and served on various fire alarm committees.

DIVISION OF TRAINING

The following report covers the period from July 1, 1987 to June 30, 1988. This report covers the accomplishments of the Training Division, as well as those of the members of the Nashua Fire Department. As you will see, the department was very busy during this past year and continues to achieve goals in providing a highly skilled level of protection for the citizens of Nashua.

Current certification levels of our 161 Fire Suppression and Support personnel with N.H. Fire Standards & Training Commission are:

	FY88	FY87	Increase
Fire Fighter Level I	97	98	− 1
Firefighter Career Level	17	14	+ 3
Firefighter Level II	18	10	+ 8
Firefighter Level III	13	9	+ 4
Driver/Operator	1	0	+ 1
Instructor I	26	14	+12

It should be noted that the decreases in some levels, since the FY 87 report, are due to personnel leaving the department or members receiving a higher level of certification. The two largest increases are Firefighter II and Fire Instructor I. This is due to the hiring of 8 probationary firefighters and our younger members studying to become certified instructors for the State. Robert Leuci, Sr. was certified as a Driver/Pump Operator also during the year becoming the first fire department member to do so.

It should also be noted that members continue to attend courses regularly and the division assists with this information monthly. Many members are working on upgrading their certification and within the next year these certification numbers will continue to change.

Many new video tape programs were added to the training division library this past year, including tapes from FEMA Teleconferences through our satellite system, located at Spitbrook Rd. Our library presently has over 200 tapes that are used daily to further our members' education. Also added to our library, was a new program called "AMERICAN HEAT", which is a video journal and fact sheet produced monthly on new techniques and problems facing the fire service.

During this past year, the station book libraries were also upgraded to assist our members in keeping up with changes and promotional testing.

The Nashua Fire Department, this past year, welcomed 8 new recruits to the department; they are: Thomas Chacos, Jr.; Timothy Soucy; Kevin Kerrigan; George Walker; Richard Crowell; Alan Borneman; Roger Hall; Matthew Simard and Charlene Wolfe, who is assigned to the Fire Alarm Division, as a Dispatcher. Our 8 new firefighting members were put through a 9 week Rookie School, here in the City. Graduation for these recruits took place on November 6, 1987, at our Training facility on West Hollis Street.

This was a first for the department and hopefully will continue in the future with other new hires. Representatives of the City and State took part in this history making ceremony.

The Fire Department training for 1987/88 consisted of the following:

July 87	LP Gas & Explosimeter with SOP 87-02	8 hours
	Stress/Dispatchers	8 hours
	Tour of Gas Plant	8 hours
August	Driving Tests	8 hours
	Emergency Response Procedures	8 hours
	Stress/Dispatchers	8 hours
	Rockingham Ambulance EMS procedures	8 hours
September	C.P.R. Re-certification	8 hours
	Aids in the Workplace	8 hours
	Hepatitus "B" Protection	8 hours
	American Heat Video	2 hours
	Dispatchers/Fire Service Vocabulary, SOP, GO	8 hours
October	Public Relations Tours/prevention week	8 hours
	Review and Make-up of various subjects	8 hours
	HDPE Gas Tanks & dangers	8 hours
	American Heat Video	2 hours
	B.P. Cuff & Stethoscope Training	8 hours
November	Make-up of various subjects	8 hours
	American Heat Video	2 hours
December	W.R. Grace Chemical Tour	8 hours
	Waterous pump procedure	8 hours
	Preplans	8 hours
	American Heat Video	2 hours
	Dispatchers/Aids & Hepatitus B in the workplace	8 hours
January 88	W.R. Grace Tour	4 hours
	Hazardous Materials/Officers training	24 hours
	Preplans	8 hours
	American Heat Video	2 hours
February	Hypothermia & its effects	8 hours
	Cold Weather Effects	8 hours
	Ice Rescue	8 hours
	Preplans	2 hours
	American Heat Video	2 hours
	Dispatchers/Spanish Pharses	8 hours
March	Hazardous Materials DOT Guidebook	8 hours
	Preplans	8 hours
	W.R. Grace Tour	8 hours
	Dispatchers/Spanish Phrases Card and Hazardous Materials DOT Guidebook	8 hours
April	Pump Testing	8 hours
	Preplans	8 hours
	Hazardous Materials/Officers Training	8 hours
	Med Flight Helicopter SOP 88-02	8 hours
	American Heat Video	2 hours
May	Review	8 hours
	Make-Up Month	4 hours
	Pump Testing	8 hours
	American Heat Video	4 hours
	SCBA - NEW CHANGES	8 hours
June	Independent Study for Level II & III exams	8 hours
	American Heat Video	4 hours

It should he noted that the line officers also cover many EMS and Fire Topics on a daily basis, over the year which is over and ahove the regular scheduled training, and hours listed herin.

The fire department training grounds on West Hollis St. was widely used during the year. All companies of the Nashua Fire Department utilized these facilities, as did outside departments and agency's for various training programs. The organizations are as follows: Merrimack, Mason, Hudson, Brookline and Lyndeboro, N.H. fire departments along with Dunstable, Townsend and Pepperell, MA fire departments, and the Souhegan Mutual Fire Aid School, Nashua Police Department, New Hampshire Fire Standards and Training Commission Rookie School; Brattleboro, Vt. Vo-Tech Fire School and Vermont Fire Service Instructor School.

Some special training and accomplishments worth noting during the year by the training division and the fire department members are as follows:

★ Supt. Howard was appointed a Deputy Forest Fire Warden in the State of N.H. in July, 1987, upon Chief Richard Navaroli's recommendation.

★ Supt. Howard was appointed to the N.H. Fire Standards & Training Commission by Governor John Sununu and the Executive Council. He will represent the Permanent Firefighters of N.H. with his term to expire on February 15, 1990.

★ Secretary Mary Pitarys designed new SOP Manuals and General Order Operation Manuals that have been put into the station training library so the company officers can use them for monthly training and review from time to time.

★ Various officers within the department attended the N.H.A.F.C. monthly meetings throughout the state during the year as well as professional development seminars put on by them. Supt. Howard also was accepted as a member of this organization in July, 1987.

★ Asst. Chief R. Sage attend the N.F.A. during July, 1987 to take a two week course on Executive Development III for the Fire Service.

★ Critiques were held during the year with officers on various groups to go over the following fires:

Group 2	5 Ash Court 7/31/87
Group 4	Norton St. 8/26/87
Group 4	Paper Magic 8/26/87
Group 4	Brook Village 8/26/88
Group 2	Upaco Hazardous Material incident 12/16/87
Group 2	Nashua Mall Hazardous Material incident 12/16/87
Group 4	2 Verona St. 1/88

★ Supt. Howard became a member of the International Society of Fire Service Instructors during August, 1987. This is an organization that provides continuing education and material to Fire Service Instructors.

★ Deputy Allison, Supt. Howard, Pvt. Byron Breda and Pvt. John Araujo served on Oral Boards at the following locations during the year: Seabrook, N.H.; Fire Standard Training; Windham, Pelham and Portsmouth Fire Departments.

★ Various new S.O.P.'s were written and distributed during the past year and the members have been trained on them.

SOP 87-02 7/1/87 - Explosimeter Combustible Gas Indicator, developed by Asst. Chief Sage and Supt. Howard.

SOP 88-01 1/8/88 - Thermo-Spy Infrared Heat Sensor, developed by Supt. Howard.

SOP 88-02 3/14/88 - Med-Flight Helicopters, developed by Lt. Jerry Nye.

I thank these members in assisting the division in writing of these SOP's to assure the safety of the members of the Nashua Fire Department.

★ Supt. Howard and Pvt. Byran Breda have filed with N.H.F.S.T.C. to become certified State Instructors and are awaiting a decision on this. Both are presently Municipal Instructors.

★ Secretary Mary Pitarys with assistance from Supt. Howard, designed a written examination and practical examination on N.H.F.S.T.C. material for firefighter certification, along with N.F.D. S.O.P's and G.O.-operations. This is broken down into 3 3-month programs, to follow the members probationary period. This program will enable the department to evaluate new members more throughly and has been used for the most recent hirees.

★ The department was able to hold house burns on 650 West Hollis St, 561 South Main St., 470 West Hollis St, 120 Spitbrook Road, and 53 Ridge Road to enable firefighters to work on upgrading their skills in various areas. These burns have been very beneficial to our members.

★ Supt. Howard and Secretary Mary Pitarys assisted the Merrimack, Hudson and Windham Fire Departments throughout the year with their entrance exams. These departments have assisted Nashua Fire department with our testing also.

★ Engine 4, Group 4 under Lt. Philip Chouinard were involved in the making of a movie on Emergency Medical Service with Rockingham Ambulance on 9/3/87.

★ Supt. Howard and Asst. Supt. Brian Donaldson held a Fire Safety and Extinguisher Training Programs for students at Daniel Webster College on 9/3/87.

★ Supt. Howard attended a 40 hour class on Tank Car Safety and Hazardous Materials at the AAR Test Center in Pueblo, Co. during October, 1987. This course was paid for by the W.R. Grace Co.

★ Secretary Mary Pitarys with assistance from Supt. Howard designed a Fire Alarm Panel Location book for all companies within the Nashua Fire Department, to assist them in locating fire alarm systems. Supt. Richard Turgeon was also instrumental in the design and implementation of this.

★ Various instructors within the department were sought out to teach programs throughout the area during the year, in firefighting and our close relationship with instructors continued with the Meadowood County Area Fire Department in Fitzwilliam, N.H. and their twice a year fire school. Some members of the department have instructed there for the past 10 years and that is a credit to the members of the Nashua Fire Department.

★ Private Keith Anderson attended the C.O.D.I. course in Ashland, Ma. on 9/27 to 10/5, 1987, which deals with Company Officer Development.

★ An extensive training outline was developed by Asst. Chief Randal Sage and Supt. Howard to deal with Hazardous Materials. This outline encompasses a period of 18 months and will go into both classroom and practical situations with the members of the department. Officer meetings were held throughout the year on this program to begin the training, to enable our members to deal with these situations. Asst. Chief William Lynch is now assisting with this.

★ Deputy John Allison, Lt. Michael Dolan, Pvt. Robert Leuci, Jr. and Pvt. Jason Varney attended a Pesticides & Gas Hazardous Materials Program in Concord on 9/23/87.

★ Supt. Howard and Captain Thomas Chacos and Lt. Jerry Nye taught a LPG Course for the Vermont State Fire Instructors on 10/31/87. Engine Company #5 on Group 1 assisted.

★ Supt. Howard instructed members of W.R. Grace Fire Brigade for 3 days during November, 1987, in the use of various firefighting equipment.

★ Supt. Howard attended the National Fire Academy from 2/29 to 3/11/88 for Fire Instructor Methodology I. This was an 80 hour course.

★ Deputy James Lamb, Deputy John Allison, Supt. Howard and Captain James Mitchell attended a 1.5 day Hazardous Material Response and Title III SARA Regulations Seminar in Lowell, Ma. during December, 1987.

★ Pennichuck Water Works assisted the training division with a Water Supply course, that was held on a number of occasions for the officers and Deputys and Aides in the department.

★ Asst. Chief William Lynch attended a Seminar on the Introduction to Hazardous Materials Contingency Planning, in January, 1988, put on by the State of N.H., Office of Emergency Management.

★ Supt. Howard attended a week long EPA Hazardous Material Class during 2/22 to 2/26/88 in Concord for First Responders. This course was 45 hours.

★ Members of the department attended a Seminar on the use of Bio Pak-60 during the year, to be used for Hazardous Materials Response. These, along with other Hazardous Materials equipment was donated to the department by W.R. Grace during the year.

★ Secretary Kim Gorjup attended the National Fire Academy from 3/21 to 3/25/88 to take a course on the Cameo Computer for Hazardous Materials.

★ A officers course was held on 3/23/88 with representatives from the City's Sewer and Engineering Departments to go over the layout of such to allow officers to have a better understanding in case of a Haz.-Mat. spill.

★ Asst. Chief William Lynch attended a Seminar on SARA Title III and your Fire Department in Worcester, Ma. on 3/24/88.

★ Supt. Howard attended the I.S.F.S.I. Conference in Cincinnati, Oh. in March, 1988. This conference is held for all Fire Service Instructors on the changes and improvements in the Fire Service.

★ Supt. Howard, Lt. G. Rafferty and Pvt. Joseph Beaudoin attended a Seminar in Manchester, N.H. in April, 1988 on Hazardous-Material equipment and the use of proper suits for an incident.

★ A Back Injury Program was presented by Memorial Hospital to the Nashua Fire Department in April, 1988 to assist our members with lifting techniques.

★ Deputy John Allison attended a 3-day Haz. Mat. Seminar in Texas at Texas A. & M. in April on Tank Truck Vehicles and Hazardous Materials. This course was paid for by W.R. Grace.

★ Pvt. Joseph Beaudoin attended a 2-day Hazardous Material course in Ontario, Canada in April, 1988.

★ Supt. Howard and Inspector Richard Strand held a Fire Safety and Extinguisher class on June, 1988 for students at Daniel Webster College.

★ A Hazardous Material Seminar, put on by Field Safety Services was held on 6/15/88, at Engine 6 and many department members as well as Fire Service people from around the state attended.

★ Deputy Allison and Pvt. Joseph Beaudoin attended an Incident Command Seminar in Gardner, Ma. in June, 1988, taught by Chief A. Brunnacini of the Phoenix Fire Department.

★ Supt. Howard was trained as an Assessment Center assessor in June, 1988 by the N.H.F.S.T.C.

★ Supt. Howard and Secretary Mary Pitarys worked many hours, during early 1988 to prepare for the entrance exam given on April 21 & 22 and Physical exam on April 30, 1988. The department had 164 people take the exam and then proceeded through the oral board process, which was to be completed in July of 1988, to establish a list of people for new hirees. Supt. Howard also was a member of the oral board evaluation team along with the Chief, Asst. Chief and Fire Commissioners.

In closing, I would like to thank the Board of Fire Commissioners, Chief Richard Navaroli, Asst. Chief's William Lynch and Randal Sage and all other members of the Nashua Fire Department for their assistance during this past year and also their support of the Training Division.

The citizens of Nashua can be proud of the Nashua Fire Department as the members have shown through their dedication. We take a "back seat" to no one.

I thank Asst. Chief Randal Sage for his leadership and guidance since I have headed up the division and wish him all the best at his new position in Portsmouth, N.H. as Fire Chief. I also welcome new Asst. Chief Lynch, Deputy John Allison and Captain James Mitchell to their new positions and look forward to continue working with each of you.

The fire service is going through some very drastic changes with new hazards and technology being developed and I, as well as the members of the department, will continue to train and be educated to assure that we provide the best protection possible in the months and years to come in this great profession of ours.

Respectfully submitted,

Michael J. Howard
Supt. Training Division

Lt. Philip Chouinard of Engine Company #4, carrying child after being rescued from 5th alarm fire on 67 Palm St.

ANNUAL REPORT

FIRE PREVENTION BUREAU
July 1, 1987 to June 30, 1988

The Fire Prevention Bureau is dedicated to the prevention of fires and the life safety of Nashua's citizens. This is accomplished through three (3) major areas; code enforcement, fire investigation and public education.

Code enforcement ranges from the inspection of existing occupancies to the plan review of new construction projects. Nearly six-hundred (600) new projects were either reviewed and/or inspected this year and one-thousand-seven-hundred-eighty-six (1,786) other inspections were conducted in existing occupancies ranging from simple fire hazards to complex analysis of existing buildings. To improve the level of life safety afforded Nashua's citizens this year three (3)important ordinances were passed by the Board of Alderman, on automatic sprinkler ordinance, the 1987 BOCA fire prevention code and an ordinance prohibiting class "C" fireworks.

Seventy-eight (78) fires were investigated by the bureau this year. We are grateful for the assistance provided by the Nashua Police Department in these investigations. Joint investigations resulted in several arrests for arson-related activities.

The addition of a Public Education Officer to our staff has resulted in increased services and benefit to the general public. We are now able to offer fire safety programs ranging from "Learn Not To Burn" for school children to fire extinguisher training for industry on a regular basis. Citizens interested in fire safety related educational programs should contact us for further details.

Bureau members attended professional development courses and seminars at the National Fire Academy, St. Anselms College, National Fire Protection Association and the Massachusetts Chapter of Arson Investigations. To keep pace with the rapid growth of our city along with changes in fire prevention technology, continual education, the adoption of relevant safety standards and the addition of qualified personnel to the bureau is a must as it is only through these efforts that we will be able to meet the demand of this dynamic city.

The following is a list of itemized activities during the last fiscal year:

NEW CONSTRUCTION

292	Building permit applications were reviewed
297	New building inspections were made

INSPECTIONS

192	Places of Assembly
63	Schools
89	Day cares
49	Foster homes
14	Health cares
241	Residential
30	Business occupancies
101	Mercantiles
37	Industrial plants
18	Storage occupancies
103	Vacant buildings
546	Fire hazards
251	Night checks
52	Other

FIRE INVESTIGATIONS

78	Fires
3	False alarms
59	Juvenile firesetter conferences
20	Other investigations

PERMITS & FIRE REPORTS

25	Kerosene heater permits
110	Places of Assembly
15	Storage of Hazardous Materials
37	Underground tank permits
12	Blasting permits
19	Automatic kitchen fire extinguishing systems
3	Fireworks
2	Carnivals & circuses
1	Sporting events
124	Fire reports to insurance companies

$7,889.03 income received from permits, reports, etc.

FIRE PREVENTION SERVICES FOR THE PUBLIC

11	School smoke drills
37	Talks given
199	Press releases for fires
48	Other
11	Videos
2	Fire Brigade
6	Evacuation drills
182	Monthly public service announcements
168	Public education meetings
71	Other meetings

ENGINE COMPANY ACTIVITIES

52	Wood stove inspections
4	Multi family dwelling units inspected
56	Tours of fire station by groups

Respectfully submitted,

Kenneth J. Renoux
Superintendent of Fire Prevention

ANNUAL REPORT

NASHUA'S FIRE DEPARTMENT YEAR'S HIGHLIGHTS

★ Nashua adopts it's automatic sprinkler ordinance.

★ The fire department with the excellent support of the Nashua delegation attempted to stop State Fireworks legislation which was contrary to it's citizens' well being.

★ Nashua's kindergarten and elementary grade teachers continue to teach Learn Not To Burn key firesafety behaviors.

★ A Public Education/Information Officer joins Nashua Fire Department's prevention efforts.

★ Nashua Fire Department continues to coordinate the cost saving mutual aid bid purchasing with the help of the City's Purchasing Department.

★ Aerial testing costs are reduced by Nashua's leading city and towns in a statewide testing program - saving $400 to $500 per unit.

★ Radio communications to be in touch with mutual aid units working at our emergencies are placed in service.

★ Nashua Fire Department, our neighboring fire departments and industry make excellent training use of the training grounds.

★ Hazardous material filings required by Title III (SARA) add to the available resources of information resulting from the Worker's Right To Know Law.

★ Hazardous material training, computer support and staff education meet an all time high.

★ The land for the future Station Seven is purchased on Thornton Road.

★ The first fire engine replacement since 1982 is ordered.

★ The Department updates it's Jaws of Life - used several dozen times a year.

★ A diesel emission evacuation system is installed at Station 4 to insure the health of members.

★ Several Eagle Scouts work with Nashua Fire Department on their Eagle award projects - helping each scout, Nashua citizens and the fire department.

★ A Standard Operating Procedure is established to accomodate the significant increase in helicopter landings and medical transporting.

★ Our litigious society challenged the department staff daily.

★ The rate of new construction within the city has not diminished, therefore, the need for life safety review continues.

★ Chemical awareness, spills and leaks accelerate significantly.

★ Several Nashua Fire Department staff members participate in Lowell's mock disaster drill as a training experience.

★ Nashua Fire Department logs the use of just under 100 computer programs utilized in administrative management decisions, fire prevention, training and maintenance - and much more!

★ Education and Training - still at the top of our priority list along with fire prevention and safety.

STUDENT HONORS

Throughout the 1987-88 school year, Nashua School District students have won numerous honors and awards for individual and group achievements. Among these are:

- David Popp, Nashua High, 1988 Valedictorian
- Heather Peters, Nashua High, 1988 Salutatorian
- Philip Larose and Heather Peters, Nashua High, 1988 National Merit Scholar Finalists. Twelve Nashua High students received Commended Student Recognition in the Merit Program
- Justin Cross, Nashua High, recipient of Boston Globe Scholastic Kodak Scholarship
- Richard Belanger, Nashua High, chosen to appear in an inspirational film for having overcome personal tragedy and recipient of a special athletic award in recognition of his courage
- Glen Bickford, Fairgrounds Jr. High, 1st place in New Hampshire Elks/M.A.D.D. Poster Contest

- Jen Kinney, Kim Lehto and Candi Seavey, Fairgrounds Jr. High, 1st in Future Homemakers of America state-wide competition
- Ellen Tippings, Charlotte Avenue Elementary, winner of New England Girls 8-9 Division Free Throw Basketball Championship
- Christopher Colpitts, Maghan Coyle, Alyson Crosby, Nathan Gehan, Joshua Parison, Gina Pond, and Todd Riendeau, Fairgrounds Elementary, first Nashua elementary team to compete at the International Odyssey of the Mind
- Mark Allen, Michael Carignan, Sheldon Fink, Matthew Kamin, Heather Mobely, Eric Matthes and Brian Rose, Nashua High participants in the International Odyssey of the Mind for Problem #2, The Gift of Flight
- Kavita Aggarwal, Jason Blanchard, James Boivin, Linda Lund, Terri Moses, Patricia Newcomb and Thomas Royer, Nashua High competitors in the International Odyssey of the Mind for Problem #1, Atlantis
- Katie Lavoie and Katie Lasky, Bicentennial Elementary, winners for their respective grades of the Globe Essay Contest on the Consitution

ODYSSEY OF THE MIND

This international competetition asks teams of seven students to demonstrate their creativity and resourcefulness by solving a problem in the most unique, humorous and unusual way. Teams from the United States, Canada, China, England, Mexico and the Philippines compete to be world champions and learn teamwork spontaneity and productive thinking in the process. A Nashua High School team won a second place in 1986, and a first place in 1987, making them the world champions in their problem division. Three Nashua teams won the honor of representing the State of New Hampshire at the international competition in 1988 including our first elementary team.

SPECIAL EDUCATION

The Special Education Department worked closely with the State Department of Education throughout the 1987-88 school year benefitting from several grants for large scale projects.

One such project was the Special Education Effectiveness Indicators Study. The study resulted in the compilation of data, consultant input at dissemination meetings and the facilitation of a long-range planning committee. The committee will look at the district's program strengths and weaknesses and develop a district improvement plan. The activities of the long-range planning commitee are expected to extend into the 1990's.

Another state-funded project. The Nashua School District Special Education Curriculum Revision Task Force, got under way in October, 1987. The task force and its subcommittees are looking at the revision of curriculum, particularly for the more severely handicapped, with a focus on functional, daily living and real-work skills.

A third major activity included the preparation for the State Special Education On-Site Review for Compliance. A twenty-two member team conducted the review during the first week of April to determine if the federal and state mandates regarding special education programs are being met by the District. Its report is expected by early fall.

ELEMENTARY SCHOOL ACCREDITATIONS

the New England Association of Schools and Colleges, Inc. began to extend accreditation status to elementary schools in 1987. The Nashua Elementary Schools were among the first in New England to seek this important validation of the school program. Six schools, Amherst Street, Broad Street, Charlotte Avenue, Dr. Crisp, Fairgrounds Elementary and Sunset Heights have completed the entire accreditation process. This involved a self-study by the school and an extensive visitation and evaluation by a committee of practicing educators appointed by

the N.E.A.S.C., Inc. All six of those schools received accreditation. The remaining six schools have worked on their self-studies this year and will host visiting teams during the 1988-1989 school year.

SCHOOL FACILITIES

An expanded and remodeled Mt. Pleasant Elementary School was opened in the fall of 1987 and the new Pennichuk Junior High School, a replacement for Spring Street, Junior High School, becomes available for students use during August, 1988.

The Nashua School District's Six-Year Capital Improvement Plan, issued in 1988, outlines $27.8 million in school projects. Most of the recommended projects are based on suggestions included in the ARCHITECTURAL/ENGINEERING STUDY OF SELECTED NASHUA SCHOOLS prepared by C-M-K Architects. Additions to and renovations of Charlotte, Fairgrounds, and Ledge Elementary Schools are among the early projects being planned.

ADOPT-A-SCHOOL

The Adopt-A-School Program has grown in recent years. Adopt-A-School enables a business or industry and a school to form a partnership through which the experiences available to students may be expanded and enriched. Partnerships which have been formalized include:

Sanders Associates ..... Nashua High School
New England Telephone ..... Pennichuk Jr. High
St. Jospeh's Hospital ..... Fairgrounds Jr. High
Kollsman Instrument ..... Elm St. Jr. High
Merchant's National Bank ..... Bicentennial
Matthew Thornton Health Plan ..... New Searles
Nashua Trust ..... Charlotte Ave.

Other business and school linkages are currently being pursued.

ATHLETIC PROWESS

Nashua High School won the Granite State Class L league championship based on being awarded the most points for its regular season standings. The girl's basketball team won its fourth consecutive state title and has won 92 games in New England without a defeat. The girls' track team was awarded both the state and New England championships for relay teams. The volleyball team won the state championship and the football team had an undefeated regular season. The girls' and boys' soccer teams, and the ice hockey team played in the N.H.I.A.A. finals.

WHEREABOUTS OF THE CLASS OF '88

Sixty-one percent of the graduating class of 1988 plans to pursue post secondary education, with forty-six percent of the class planning on attending four-year colleges. Thirty-nine percent of the class plans on entering the service or other employment.

TEST SCORES

California Achievement Tests-October 1987
Local Percentiles Reported
(National Average = 50)

Grade 2	65	63	59	54	47
Grade 4	64	62	64	62	71

United States	430	476	906
N.H. (Public & Parochial)	442	480	922

Advanced Placement Program
Examination Scores

Nashua High School continues to be the most active participant in the Advanced Placement Program among New Hampshire public and parochial high schools. During the last five years, NHS students have taken a total of 432 AP examinations, with 85% of the scores being a "3" or higher. Nationally, less than 70% of the AP examines earn scores of "3" or higher.

NASHUA SCHOOL DISTRICT GOALS
1987 - 1988

1. To use results from standardized testing programs, district-wide and at the school level, as a basis for identifying strengths and weaknesses and where necessary, taking appropriate corrective action.
2. To complete necessary planning associated with the implementation of a district-wide kindergarten program for the 1988-89 school year.
3. To support the efforts of elementary and secondary schools seeking accreditation or reaccreditation through the New England Association of Schools and Colleges.
4. To complete a study of the existing health education programs available within the district to develop and implement a plan to expand and improve the health education curriculum with special emphasis on substance abuse and AIDS.
5. To develop a plan of action to address tthe issue of school dropouts.
6. To substain the emphasis on writing skills, including special emphasis on grammar and spelling.
7. To complete revisions to the teacher evaluation system by June 30, 1988.
8. To develop a long-range plan by December 1, 1987 for implementing the new STANDARDS AND PROCEDURES FOR NEW HAMPSHIRE PUBLIC ELEMENTARY SCHOOL APPROVAL.
9. To achieve a successful opening and operation of the expanded and renovated Mt. Pleasant School; to plan for the opening of the new junior high school at the beginning of the 1988-89 school year, including redistricting of attendance areas.
10. To improve maintenance and custodial services; to complete the architectual/engineering study and to use the results of that study as a basis for long-term facilities planning.

ANNUAL REPORT

NASHUA AIRPORT
July 1, 1987 - June 30, 1988

Airport Authority	John A. Potfora, *Chairman* Clement Steidl, *Vice Chairman* Ronald J. Nester, *Clerk* Richard Dowd, *Treasurer* Paul Shea, *Member*
Staff	Kenneth C. Howe, *Manager* William Davidson

The Nashua Airport Authority is responsible for operation of the Municipal Airport that is leased from the City of Nashua. The Authority, through the staff, operates and maintains this vital facility in the city transportation network.

In addition to the primary responsibility of maintaining the facility for year round operations by the 350 based aircraft, there were significant advancements at this facility in 1987-88. The major improvement was a total reconstruction of the 5500 foot long by 100 foot wide runway for $985,000. An update of the 10 year old master plan for the airport was contracted to a consultant during this year. A noise specialist consultant was chosen for a major study of the airport and the surrounding area to plan for noise control and impacts. An abutting residential property along Pine Hill Road was acquired. All of these projects were accomplished with 90% Federal Aviation Administration funds.

Another significant activity at the Nashua Airport was the justification and FAA approval for beginning the first private contract tower operation in New England with full FAA support. This year-long effort is to culminate with the tower fully operational on August 15, 1988.

During the year, private developers have worked with the Authority and invested in the construction of two large and two small commercial hangars along with one, 14 unit T-hanger and one light industrial/office building. These improvements will increase revenue to both the Authority and the city.

ANNUAL REPORT

NASHUA HISTORIC DISTRICT COMMISSION
July 1, 1987 to June 30, 1988

MEMBERS

David Roche, *Chairman*
John Rudolph *(Architect)*
Frank Burnham *(Planning Board)*
Pat White
Gladys Grigas
Jeannine Levesque
Beth Yochum

At a public meeting on September 22, 1987 the bylaws of the commission were amended to change the meeting days to the second and fourth Tuesday of each month.

Fiscal year 1987-1988 saw the Nashua Historic District Commission review twenty (20) applications. Sixteen (16) were approved and four (4) were denied.

The Commission cited or was made aware of zoning violations at five (5) locations within the district. Two (2) violations were resolved with numerous interaction between the Commission and the owners of non-complying properties. Three (3) violation issues remain unresolved pending zoning board action.

The survey work of the Architectural Conservation Trust (Boston, MA) was completed for the Millyards, the East Pearl Street area and the Fairmount Street area. The Commission is reviewing the possibility of expanding the Historic District into these areas.

The Millyard District (Nashua Manufacturing Company) was nominated and has been placed on the National Register of Historic Places.

The NHDC was made aware that money in the amount of $2,868.98 for further survey work was discovered in an unused account at City Hall.

An item that directly affected the actions of the NHDC were the State Supreme Court's ruling that let stand a 1986 decision whereby local planning boards may reject Real Estate development that harm the character of historic neighborhoods. Also, the Supreme Court of the United States decision regarding land use controls was ruled as not having an effect on historic preservation (contrary to press reports).

The Commission had three (3) members (Patricia White, Jeannine Levesque and Beth Yochum) re-appointed. Kim Brown resigned her position.

The Commission also saw a more intensive interaction with the Community Development Division due to the active liaison of Rachel Webb, Long Range Planner, and the NHDC.

The Commission also conducted five (5) informal review meetings to assist owners within the district in preparing applications that would meet NHDC guidelines.

ANNUAL REPORT

INPUTS FOR CITY ANNUAL REPORT
U.S. CONSTITUTION BICENTENNIAL COMMITTEE

The U.S. Constitution Bicentennial Committee of Nashua was formed by Resolution of the Board of Alderman in September 1986, and incorporated as a public non-profit corporation in January 1987.

The committee was charged by the Board of Alderman to plan and conduct appropriate activities to celebrate tthe 200th anniversary of the adoption of the U.S. Constitution.

The Committee applied for and was designated as an official Bicentennial Community by the National Commission on the Bicentennial of the United States Constitution. Nashua was honored as one of the first 50 communities in the nation to be designated a Bicentennial Community, and a placque signed by former Chief Justice of the Supreme Court, the Honorable Warren Burger, was presented to the City of Nashua.

The Nashua Bicentennial Committee, as chartered by the City, consisted of 18 members, representing city government, the educational community, the business community and civic and patriotic/veteran organizations. At the first meeting, former Alderman-at-Large Edgar M. Lewis was selected as Chairman, Mrs. Caroline Mason as Vice-Chairman, Attorney Joseph Gall, Sr., Chairman of the Law and Justice Subcommittee, Mrs. Roberta Barrett as Chairman of the History and Education Subcommittee, Mrs. Doloris Bellevance as Chairman of the Publicity Subcommittee, and Mrs. Bonalyn Hartley as the Civic and Community Affairs Subcommittee Chairman.

Funds to support the committees' efforts were raised primarily from public donations. The City of Nashua appropriated $15,000.00, approximately 25% of the budget; the remainder was raised through contributions and sale of Bicentennial items (books, pins, mugs, records, etc.). A total of over $59,000.00 dollars was raised by the Committee.

The activities supported by the Bicentennial Committee included:

Historical Exhibit, Building a Nation, Building a State (Feb-Mar 87)

Continental Army Band Performance

Speech Contest for Junior and Senior High School students with prizes.

Elementary School Art Contest

Constitution Minutes series of radio broadcast in cooperation with Radio Station 1590.

WE The PEOPLE ROAST (Fund Raiser)

America the Beautiful, America the Bountiful Art Exhibit

We The People Musical Review. This was a musical history of the Constitution performed for the general public, and for over 3,000 4th and 5th grade students from Nashua, Hudson, Amherst, Hollis and Merrimack.

Public reading of the Constitution by the Nashua Bar Association in conjunction with Citizen-ship Day (Sept. 16, 87). In addition, lawyers from the community visited the schools to discuss the Constitution.

Constitution Plaza/Constitution Garden was developed and dedicated. The Vermont marble monument was designed by the Committee and erected with support by the Nashua Rotary Club, The Nashua Parks Department and Public Works Departments, Edgewood Cemetary, and Gate City Monument Company. The Plaza, located at the intersection of Main and Spring Streets was designated as Constitution Plaza by Resolution of the Nashua Board of Aldermen.

Additional activities included: Bells Across America/Balloon release on September 17th, Concert and Fireworks at Holman Stadium, joint Boy Scout-Girl Scout Camporee and Constitution Tree dedication in Greely Park; Two-Mile Fun Run, and a grand WE THE PEOPLE Parade on Sunday September 20th.

Several other smaller projects, such as the Video documentary on the Bicentennial Week activities and a SIGNERS OF THE CONSTITUTION project were also undertaken.

A complete report on the Committee's activities and financial status is on file with the Board of Aldermen of the City of Nashua. A copy of the Video Tape of the celebration is also on file with the Board of Alderman.

The Bicentennial Committee will continue through September 1991 to commemorate the ratification of the Constitution by the 13 original states in 1988, and in 1991, the adoption of the Bill of Rights.
